Message from the Chancellor

I present this budget for fiscal year 2011-12 with mixed feelings. On the positive side, it is a balanced budget. Developed collaboratively, this is the most carefully reviewed budget we have presented in years. It is a solid financial document.

On the other hand, the budget reflects reductions in class sections and other measures we have had to take to deal with a devastating decline in funding from the state. We had to make very difficult and painful decisions in order to balance this budget.

The Peralta Colleges have faced unprecedented state cutbacks that threaten the very core of our mission – to provide community-based higher education to all who seek it. Combine this with the highest enrollment demands we have seen in generations and it is no wonder that our already limited resources have been stretched to the breaking point.

In 2010-11, the Peralta Colleges served more than 45,065 students. But nearly 1,675 of them we educated without state funding. This situation, clearly, is not sustainable and our current budget reflects the reality that we have to reduce classes as a result of state-imposed reductions to our workload. This is tragic for our students.

It is likely that the state will further reduce the number of students it will fund which means thousands more will be turned away from the Peralta Colleges in the years ahead. These students will not realize their dreams of higher education and career training. One wonders what will happen to those unable to get a college education and what it means for our society.

In spite of this bleak prospect, our faculty, staff, students and the Board of Trustees have pulled together to make cuts to our budget. Nonetheless, all of us strive to continue to provide the best educational opportunities to the widest number of student possible under these most difficult of circumstances.

I am proud of what the Peralta Colleges have accomplished this year – and the fact that we came together to develop this budget. This budget reflects the hard work, the difficult decisions we made as an institution, and our unwavering commitment to provide quality higher education and career skills to our students.

Wise E. Allen, Ph.D.
Chancellor
Peralta Community College District

About the District

Our Mission and Vision

We are a collaborative community of colleges. Together, we provide educational leadership for the East Bay, delivering programs and services that sustainably enhance the region's human, economic, environmental, and social development.

We empower our students to achieve their highest aspirations and develop leaders who create opportunities and transform lives. Together with our partners, we provide our diverse students and communities with equitable access to the educational resources, experiences, and life-long opportunities to meet and exceed their goals.

The Peralta Colleges are located in the beautiful San Francisco/Oakland Bay Area, which, adjacent to Silicon Valley, is known for its technology and innovation.

The Peralta Community College District was founded in 1964, and serves six cities in the East Bay Area, including Albany, Alameda, Berkeley, Emeryville, Oakland, and Piedmont. The colleges are Berkeley City College, College of Alameda, Laney College, and Merritt College. The District has a reputation for developing effective approaches to serving the varied interests and needs of its vibrant community. The District serves over 29,000 students, and is one of the top community college districts in California in transferring students into the UC system. Currently the District has about 850 full-time employees and over 1,250 part-time faculty and part-time staff.

2011-12 Budget Summary

On June 30, 2011 Governor Jerry Brown signed and enacted the major piece of the State Budget bill. The bill contains the following community college provisions:

1. \$400 million cut to general apportionments – this is reduced to \$290 million after the offset of the \$10 fee increase (from \$26 per unit to \$36 per unit effective Fall 2011).
2. \$129 million increase in cash deferrals.
3. Extends for two additional years (to fiscal year 2014-15) categorical flexibility provisions.
4. Contains “triggers” that include additional cuts to community colleges and additional fee increases if state revenues do not meet budget projections.

The first three items noted above have been incorporated into the District’s 2011-12 Tentative Budget as approved at the June 28, 2011 Board of Trustees meeting and now in the 2011-12 Final Budget as presented herein. In total, the net \$290 million reduction equated to approximately \$5.8 million in reduction to Peralta’s Unrestricted General Fund. Consistent with the previous year, the State Chancellor’s Office implemented this reduction by the use of a workload reduction. Ultimately, Peralta will be funded for 1,205 FTES less than what was funded in the previous fiscal year.

Item 4 noted above has not been incorporated into the District’s 2011-12 Final Budget. These “triggers” require the State’s Director of Finance to assess in December 2011 the State’s revenues. More specifically, the Director of Finance is to determine if the State will meet the budgeted revenue projections that were the foundation of the State Budget bill. Should the Director of Finance determine that revenues are below projections then automatic spending reductions would be triggered within the following framework:

- If revenues are estimated to be less than \$1 billion lower than budgeted – no changes.
- If revenues are estimated to be between \$2 billion and \$1 billion lower than budgeted - \$23 million in cuts to childcare, \$30 million in additional cuts to general apportionments, and \$10 additional increase (from \$36 per unit to \$46 per unit) to student enrollment fees. Peralta’s proportional share of the \$30 million in cuts to general apportionment would be approximately \$600,000.
- If revenues are estimated to be more than \$2 billion lower than budgeted - \$72 million in additional cuts to general apportionment. Peralta’s proportional share of the \$72 million in additional cuts general apportionment would be approximately \$1.5 million.

Because of the potential impact of the midyear cuts, the District will need to closely monitor the monthly reports of revenues issued by both the State Controller's Office and the Department of Finance.

PRINCIPLES OF SOUND FISCAL MANAGEMENT
(California Code of Regulations, Title 5, Section 58311)

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy- and decision-making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.

11. District financial planning will include both short-term and long-term goals and objectives, and broad-based input, and will be coordinated with district educational planning.

12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments.

Strategic Goals & Institutional Outcomes 2011-2012

The following are the Peralta Community College District's strategic goals and institutional outcomes for the Academic Year 2011-12 (July 1, 2011 – June 30, 2012) which will be evaluated in Summer 2012.

Strategic Focus for 2011-2012: Given the state of the economy and State budget, our focus this year will be on student success in the core educational functions of basic skills, transfer, and CTE by encouraging transparency and communication and on spending within an established budget.

Strategic Goals	2011-2012 Institutional Outcomes
A: Advance Student Access, Equity, and Success	A.1 Access: Strategically focus access to programs and course offerings in the essential areas of basic skills, CTE, and transfer, and manage enrollment to 18,500 FTES in order to stay within range of the state funded allocation. In addition, increase access to educational opportunities by leveraging contract education, fee based instruction, distance learning, and international and out-of-state enrollments. A.2 Success: Implement identified institutional, instructional, and student support changes to improve by 10 percentage points student success and movement through basic skills/foundation course sequences by 2014-2015. A.3 Equity: Plan, design and implement structural changes to increase fall to fall persistence among major ethnic groups and bring all groups to within 2 percentage points of the highest group by 2014-15.
B: Engage and Leverage Partners	B.1 Partnerships: Leverage, align, and expand external (i.e., community, business) partnerships for improved student learning and success in core educational functions.
C: Build Programs of Distinction	C.1 Assess SLO's and SAO's and ensure their analysis, adjustments and priorities are incorporated in Program Reviews and Annual Program Updates: Use program reviews and annual program updates in instruction and student services to improve student learning and student success and close the assessment loop. C.2 Create Alternately Designed Programs: Continue to create or expand programs exemplifying alternative and innovative designs with promise for substantially improving student success.
D: Create a Culture Innovation and Collaboration	D.1 District-Wide Collaboration and Innovation: 1. Implement ways to make connections and build bridges across the district and colleges that would promote an ethic of care and create a

	welcoming environment that permeates the colleges and the district; and 2. Increase improvements to the Planning-Budgeting Integration Model in order to a) improve coordination and communication between PBI committees and between district planning and budget integration with that at the colleges and b) ensure PBI committees set and achieve key milestones/goals. D.2 Use Technology in Redesign of Educational Experiences: Enable more efficient and deeper student learning and student success through the creative use of technology.
E: Develop and Manage Resources to Advance Our Mission	E.1 FTES Target: Achieve FTES target within the state allocation for the district of 18,500 FTES and attain a productivity level of at least 17.5 FTES/FTEF. E.2 Focus Budgeting on Improving Student Success through Support for Structural Changes: Respond to projected state deficits and budget cuts by designing budgets in keeping with the district Budget Allocation Model that a) are based on program review and strategic directions; b) improve student success through support for structural change; c) create efficiencies by sharing of positions, facilities and other resources within and across the colleges; d) consider the total cost of programs and support activities; e) shift resources to core educational functions; and f) continue to increase alternative funding sources. E.3 Fiscal Stability: Continue comprehensive improvements to the financial management systems of the district and make budget and finance information transparent and accessible to internal stakeholders. Ensure expenditures for all cost centers stay within the established budget to maintain a balanced budget.

DESCRIPTION OF FUNDS

The following is a brief discussion of the funds included in the District's 2011-12 Final Budget:

DISTRICT OPERATING BUDGET – GENERAL FUND UNRESTRICTED (Pages 36-59)

The 2011-12 General Fund Unrestricted accounts for all the revenues and expenditures that are used for financing the general operations of the district. General operations include areas such as instruction, student services, administration, and maintenance and operations.

There are three major sources of revenue that provide the resources necessary to fund the general operations of the District. These major sources are general apportionment, local property taxes, and enrollment fees and tuition that account for approximately 96% of the revenue received.

Full-Time Equivalent Students (FTES) is the primary workload measure used by the state to determine how much the total revenue from these sources the district is to receive. For the 2010-11 fiscal year, the funded FTES level provided from the State was 19,501 FTES. Due to dire fiscal conditions at the state level, the 2011-12 budget act reduced community college's general apportionment payments by approximately \$290 million or 6.2%. Consistent with how general apportionment reductions were implemented in previous years, the State Chancellor made these reductions through the use of workload reductions. Peralta's workload reduction for the 2011-12 fiscal year is approximately 1205 FTES. As a result, Peralta's funded base FTES for fiscal year

2011-12 will be approximately 18,296 FTES. This reduction equates to an approximate \$5.8 million reduction to Peralta's Unrestricted General Fund budget. Please see the FTES summary chart below for a historical comparison between the students served (FTES's generated) versus the FTESs funded.

GENERAL FUND RESTRICTED (Pages 60-65)

The 2011-12 General Restricted Fund accounts for the revenues and expenditures for the operation and support of programs that are specifically restricted by laws, regulations, donor's, or other outside agencies' funding terms and conditions.

SPECIAL REVENUE FUND (Pages 66-75)

The Special Revenue Fund is established in accordance with the State Budget and Accounting Manual for budgeting and accounting, revenue received, and expenditures in support of contractual services provided by the colleges that are not integral to the general operations of the district.

BOND CONTRUCTION FUNDS (Pages 76-80)

Bond Construction Funds are used to account for the proceeds from the sale of bonds and to be used for the acquisition or construction and all expenditures of authorized projects.

CHILD DEVELOPEMNT FUND (Page 81)

The Child Development Fund accounts for the revenues and expenditures for the operations and support of child care and development services. Sources of revenue within this fund include grants from the state and parent fees.

PARKING SERVICES FUND (Page 84)

The Parking Services Fund is used to account for the revenues received from parking fees collected as authorized by Education Code Section 76360 and expenditures in support of parking services provided to students and employees.

STUDENT CENTER FEE FUND (Pages 85-88)

The Student Body Center Fee Fund is used to account for funds collected by the District for the purpose of establishing an annual building and operating fee to finance, construct, remodel, refurbish, and operate the student center.

SELF-INSURANCE FUND (Page 89)

The Self-Insurance Fund accounts for the resources and expenditures of the District's self-insured property and liability and workers' compensation programs.

STUDENT FINANCIAL AID FUND (Page 90)

The Student Financial Aid Fund is used to account for the deposit and direct payment of government-funded student financial aid, including grants and loans or other funds intended for student support and aid.

OTHER POST EMPLOYMENT BENEFITS RESERVE FUND (Page 91)

The Other Post Employment Benefits Reserve Fund accounts for resources and expenditures towards current and future liabilities related to health benefits for retirees.

Peralta Community College District 2011-12 Final Budget

2011-12 Budget Assumptions

These assumptions are for use in development of the 2011-12 district and college final budgets. As more detailed information is received in the coming months from the Office of the Governor and the State Chancellor, the assumptions will be adjusted accordingly.

General Assumptions

1. The 2011-12 Adopted Budget will be balanced
2. The 2011-12 Adopted Budget will have a contingency reserve of no less than 5%
3. The District and colleges will use plans, planning documents, and planning processes as a basis for the development of their expenditure budgets

Revenue Assumptions

4. Workload reduction as proposed by the Governor will be incorporated into the tentative budget
5. Anticipated deferral of approximately \$18 million in general fund apportionment payments
6. General apportionment deficit factor 0.5% for 2011-12
7. The Cost of Living Adjustment (COLA) of 0% for 2011-12
8. Enrollment Growth funds for PCCD of 0% for 2011-12
9. Funded base credit FTES of 18,184.94
10. Funded base non-credit FTES of 104.60

Expenditure Assumptions

11. The district intends to meet all negotiated contractual obligations
12. Projected step and column salary increases of \$1.5 million
13. Projected PERS increase of 1.323% to 11.030%
14. Expenditure reduction related to the refinancing/restructuring of the District's OPEB debt service payment
15. Maintain District contribution to DSPS of \$1.15 million
16. Any restricted funding cuts or cost increases must be borne by the respective program

Notes:

- (1) 2011-12 Final Budget reduction is a result of a workload reduction of 1,211.58 FTES imposed by State of California.

- (2) Negative revenue balance in 2010-11 Estimated Actuals due to writing off of stale receivables deemed uncollectable.
- (3) Intrafund transfer from OPEB Trust to reimburse for actual retiree medical expenses paid during fiscal year.
- (4) The District offered a retirement incentive package to eligible employees during the 2010-11 fiscal year that provided a cash payment based upon tenure with the District. Forty-five employees participated in the incentive package. As a direct result of their participation, the District paid out \$367,300 in incentive payments. In addition to the incentive payments, the District also paid out \$533,296 in accrued vacation payouts. Total cash payments directly related to the retirement incentive was \$900,596.

Due to the timing of the retirement incentive offering, the District had no way of projecting the budgetary need as of June 30, 2011 for individual line items although it was provided for in the total budget. Projected ongoing savings in fiscal year 2011-12 is estimated to be \$1.3 million.
- (5) Beginning in fiscal year 2010-11 the District changed the way in which it budgeted for health and welfare benefits. Specifically, beginning 2010-11 the District is budgeting for and directly recording expenditures by employee/retiree classification through an automated benefit mapping process at the time payroll is processed and posted. This change will and has resulted in more timely and accurate financial data for review and evaluation.
- (6) During the fiscal year 2010-11, the District received in total \$755,546 in health and welfare insurance reimbursements. Based upon participation, we are projecting an increase in fiscal year 2011-12 of 26%.
- (7) Based upon known State budget cuts, the colleges were asked to reduce these discretionary budgets by 15% and the District Office reduced these budgets by 20%.

Notes:

- (1) Effective July 1, 2010 the District implemented an Other Post-Employment Benefits (OPEB) charge to all programs at a rate of 12.5% of gross payroll. The majority of these revenues are related to the OPEB charge. The revenues come into this fund and ultimately will be transferred into the OPEB trust.
