BCC Course - Update	EDUC	1	Introduction to the Field of Education	Spring 2023	3	2 hrs lec, 3 hrs lab Formerly: 3 hrs lec	(GR or P/NP)		Introduction to teaching diverse learners in transitional kindergarten through grade 12 (TK-12): Teaching as a profession; historical and philosophical foundations of the American education system; contemporary educational issues; California's early learning and development foundations, content standards, guidelines, curriculum frameworks, and teacher performance expectations (TPEs); 45 hours of structured fieldwork in public schools. Formerly: Historical and sociological analysis of the education system and careers in teaching: Study of principles of effective instructional models, with emphasis on student-centered and culturally-relevant methods; research of resources for curriculum and instruction; and observation of teaching practices in local schools.	801.00	Given the shortage of Transitional Kindergarten - 12th public school teachers, this course addresses a statewide need to attract a diverse population to the field of teaching. Course is proposed to articulate with CSUs and is required in the AA-T Elementary Teacher in Education for Transfer. Updates have been made to better align with C-ID descriptor EDUC 200. Changes include: 1. Course Description 2. Hours 3. Student Performance Objectives 4. Student Learning Outcomes 5. Methods of Instruction 6. Assignments 7. Texts, Readings, and Materials 8. Lecture/Lab Content	1. Course Description 2. Hours 3. Student Performance Objectives 4. Student Learning Outcomes 5. Methods of Instruction 6. Assignments 7. Texts, Readings, and Materials 8. Lecture/Lab Content CC date 3/17/22	FO, PO, OFI in all circumstances continues	Consultation sent to COA and Merritt, attached in Meta	To be submitted for C-ID EDUC 200	Tabled

LAN Course - Update	PHOTO	180	HDSLR Workflow for Digital Photography and Cinematography	Spring 2023	3	2 hours lecture, 3 hours lab	Letter Grade Only	N/A	Advanced HDSLR camera exploration of still and motion video: Intermediate to advanced techniques of shooting high resolution stills and full HD video, exploration of the HDSLR aesthetic, emphasis on low cost alternatives to video production popular with indie filmmakers. Not open for credit to students who have completed or are enrolled in PHOTO 180.	0604.20	This course has not been taught in the department for over 2 and 1/2 years, and after discussion, we feel that our curriculum has to be changed to more correctly follow industry trends. The relevant content in the course will be incorporated in our other offerings, or into new curriculum, which is being written. The mainstay of still photography has been the SLR camera. Technology evolved many features into the basic SLR camera model, the HDSLR (High-Definition Single Reflex Camera). Video production is now not only possible but many independent filmmakers have embraced the technology because of their low cost, portability and high quality cinema look. A joint collaboration between the Photography and Media Communications Departments, this HDSLR course mixes many of the core disciplines needed for the photographer and videographer.	1. Removed MEDIA 180 as a cross-listed course, 2. Update description to reflect that.	NA	Only at LAN	Endorsed

BCC	Program - Update Correction	Community Health Worker	Certificate of Completion	Fall 2022	HUSV	1261.00	This 105 hour non-credit program in community health worker careers will prepare students for future jobs in the growing field of community health worker. The program updates are to bring the program into alignment with state legislation related to Community Health Workers, which allows for MediCal reimbursement for services rendered by Community Health Workers. Our program updates reflect the language and content of this legislation, strongly positioning our program as desirable to employers and students alike.	12/9/2021 original approval with TOP code 2/17/22	minor correction to update on 12/9. Listing on 12/9 agenda was missing TOP code. This documents the TOP code for the program.	Endorsed

MC	New Program	DevOps - Development and Operations Automation	A.S Degree	Spring 2023	CIS	0707.30* - Computer Systems Analysis	Many of the components of Information Systems (IS) infrastructure that is used to enable business operations are now available through a subscription model. Companies such as Microsoft, Google, and IBM provide hosted solutions in the form of: Infrastructure-as-a-service (IaaS): a form of Cloud computing that provides virtualized computing resources over the internet. It provides high level Application Programming Interfaces (API) to control components such as Virtual Local Area Networks (VLAN) and Virtual Machines (VM) individually or as members of a pool. This permits creation of infrastructure that scales in response to usage. Software-as-a-Service (SaaS): A licensing and delivery model in which software is centrally hosted. It si sometimes referred to as "on-demand" for many business applications including office software, messaging software, payroll processing software, CAD software etc. Platform-as-a-Service (PaaS): A category of cloud computing that delivers pre-configured servers or resources permitting users to develop, run, and manage applications without the complexity of building, installing, configuring, and maintaining suites of information technology components.	3/10/2022		Endorsed
MC	Curriqunet Correction-Cancellation of Deactivation Proposal	Busniness Administration (1.0)	AS-T	Summer 2022	BUS	0505.00* - Business Administration	Business Administration (1.0) Associate in Science Degree for Transfer (ADT) program will be deactivated after students with this major have completed their degree.
