History of Berkeley City College

Berkeley City College, was founded in April 1974 as the fourth of the Peralta Community College District's community colleges, replacing the existing North Peralta Community College and was intended to provide innovative approaches to education to enhance educational opportunities. Largely aimed at adults in transition, the college's alternative programs flourished, pioneering some of the first alternative delivery methods in the district, including telecourses. Its original name, the Berkeley Learning Pavilion, was changed in October 1974 to the Peralta College for Non-Traditional Study (PCNS) focused on alternative post-secondary educational programs and services for students of the Peralta Community College District. For the first three years of

its existence, PCNS was a "college without walls" with widely dispersed locations, offering classes at sites throughout the Berkeley service area, including UC Berkeley. By 1979 the college was offering approved courses in over 100 locations throughout the community, and by 1981 the number of sites had grown to 200.

In 1976 the college applied for candidacy for initial ACCJC accreditation, which was granted in June 1977. Following accreditation, the district voted to change the college's name to Vista College in 1978. From the early 80's Vista continued to offer classes and programs at multiple off-campus sites, while housing its administrative offices and a few classrooms at 2020 Milvia St. During that time, the college developed new services to meet public and

private sector needs, including establishing PACE (Program for Adult College Education) and American Sign Language program, which became a national model when the textbooks they wrote were adopted by colleges throughout the United States. In June 2006, funds from Measure A helped the college to expand into a new building and classroom space at 2050 Center Street. Also, in June 2006, Vista Community College's name was changed to Berkeley City College. Now Berkeley City College is an award-winning college ranking #2 in the state for transferring students to California State Universities and University of California and continues to provide innovative curriculum.

By participating in the concurrent enrollment program, you will receive college credit. With approval of your high school, you may also receive high school credit. You must follow all the regulations and policies of the college, including adhering to any prerequisite requirements. 4. You must complete the K–10 Special Enrollment Program form each semester that the student wishes to attend.

Admission of Veterans

The College Veteran Resource Center was established to help process VA Educational Benefit paperwork and to coordinate with other campus services. New students should contact the office at least two months prior to the term they plan to attend to initiate required paperwork. Continuing students should check in at the Veteran Resource Center at least one month prior to the next term of attendance to complete any paperwork that might be required for continuous VA Education Benefit payment. In addition, all recipients must confirm their classes with the Veteran Resource Center after completion of registration, and once again the week before final exams begin. All material submitted to the Veterans Administration takes approximately two months for processing through the Regional Office in Muskogee, Oklahoma.

This institution will conduct an evaluation of previous education and training, grant appropriate credit, shorten the veteran's or eligible person's duration of course study proportionately, and notify the VA and student, accordingly.

After completing 12 units at a Peralta college, a veteran may apply for evaluation of military service experience for college credit. A copy of the veteran's DD-214 separation paper should be submitted to the Admissions and Records Office. Credit granted for military service is based on A Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education.

Military Residence Exemption

If you are a Non-resident U.S. military personnel on active duty in California (except if you are assigned for educational purposes to state-supported institutions of higher education), you receive a waiver of Non-resident tuition until you are discharged from your military service. If you are on active military duty and are stationed in California for more than one year immediately prior to being separated from the military, you are entitled to resident classification for up to one year after the time you complete active duty within California. This one-year waiver after your military discharge allows the time necessary to establish permanent California residency. Under federal law (H.R. 357), recent veterans will be eligible for in-state tuition regardless of previous state residency. If you are a veteran and you are new to California or returning after a year-long absence, please fill out a "California Residence Questionnaire." Turn this questionnaire in to Admissions and Records (first floor of campus) with a copy of your DD-214 and a copy of your photo ID. If you are a dependent of someone on active military duty in California, the waivers and procedures also apply to you.

Other Residency Exemptions

For additional residency exemptions visit our website at <http://www.peralta.edu> and review Administrative Procedure 5015 <http://web.peralta.edu/trustees/files/2011/04/AP-5015-Residence-Determination.pdf>

Admissions Procedures

You must apply for admission online through the Peralta Colleges website (<http://www.peralta.edu>) and select the college of your choice. Please follow the Open CCC instructions to complete and submit an online admission application.

Once an application is submitted, a message is sent to your Peralta email or an email assigned by Open CCC giving you instructions on how to log onto the Passport Student Center where you can enroll in classes. Unless exempted from the Student Equity and Achievement (SEA) Program Services, you must also complete assessment, orientation, and counseling requirements. Detailed instructions may be found online as well as in printed Schedules of Classes. On campus assistance for online registration is available in the Berkeley City College Welcome Center located on the ground floor of the college at 2050 Center Street.

The student is responsible for requesting that the transcripts from other schools previously attended be mailed directly to the District Admissions and Records Office by the school issuing them.

Student Equity and Achievement (SEA) Program

The Student Equity and Achievement (SEA) program at Berkeley City College is committed to ensuring Diversity, Racial Equity,

Accessibility, and Inclusion are an integrated part of all the teaching and learning spaces across the college. The program centers the lived experiences of Black, Latinx, Indigenous, Students of Color and disproportionately impacted students to develop a student-centered college focused on student success and completion.

The SEA Program is informed by the college's Student Equity Plan. The intent of the Student Equity Plan is to move our college toward achieving student equity by ensuring that the composition of students who enroll are retained, transfer or achieve their occupational goals mirrors the diversity of the population of the college's service area. The Student Equity Plan is subject to on-going coordination, evaluation, and revision. It guarantees that student equity, student success, and student completion are explicit and integral parts of the college's priorities and strategic planning.

Orientation and Advising

All first-time students are required to participate in an orientation and advising session. College programs, services, and facilities will be explained. Any exempted student can participate in SSSP services to learn about student activities and leadership opportunities. Counseling staff will assist you with course selections. Also refer to the section that explains the Student Equity and Achievement Program services and procedures.

Follow-Up Counseling

All new students are encouraged to meet with a counselor at least once during your first semester. This session helps you with goal setting, selection of a major, career exploration, and the completion of an educational plan. You are encouraged to make an appointment early in the semester. The counseling process is a combination of academic advisement, evaluating prior school transcripts, testing, and identification of career and educational goals—all designed to facilitate your success.

Submission of Transcripts

You should submit official transcripts of records covering all previous high school and college coursework. You should request separate transcripts from each school previously attended. The issuing schools should email them directly to the Peralta Community College District Admissions and Records Office. The address is 333 E 8th Street, Oakland, CA 94606, or you may bring official transcripts (in a sealed envelope) in person to the Admissions and Records Office at the college or to your counselor.

California Community College Enrollment Fee

You are required to pay a California Community College Enrollment Fee. The fee is \$46 per semester unit (subject to change) which is collected at the time of enrollment in classes.

High school students admitted on a part-time basis upon recommendation of their principal are exempt from paying the Enrollment Fee, but all other fees apply, including the Campus

Center Use Fee, Health Services Fee, and AC Transit Fee.

Full-time High school students enrolling in 11.5 units or more pay full tuition fees and all other fees.

If you are a Non-resident student and meet the following criteria, you are exempt from Non-resident and capital outlay fees:

1. You must have attended a (public or private) California high school and/or a combination of high school and elementary or secondary school for three years or more.
2. You must have graduated from a California high school or attained the equivalent (e.g., GED or proficiency exam).
3. If you are a student who is without lawful immigration status, you must file an affidavit with the college that indicates that you have applied for legalization or will apply as soon as you are eligible.

The California Dream Act (AB 131) expanded AB 540 to include students who attended and graduated from technical schools and adult schools, if at least one of those 3 years included attendance at a California high school.

Complete and submit an *AB 540 CA Non-resident Tuition Exemption Request* to the college Admissions and Records office.

AB 540 California Non-resident Tuition Exemption Request for Eligible California High School Graduates

General Information

Students who meet the following requirements, shall be exempt from paying Non-resident tuition at the California Community Colleges, the California State University and the University of California (all public colleges and universities in California).

Requirements

The student must have attended a high school (public or private) in California for three or more years. The student must have graduated from a California high school or attained the equivalency prior to the start of the term (for example, passing the GED or California High School Proficiency Exam.) The California Dream Act (AB 131) expanded AB 540 to include students who attended and graduated from technical schools and adult schools, if at least one of those 3 years included attendance at a California high school.

An undocumented student who is without lawful immigration status must file an affidavit with the college stating that they have filed an application to legalize his or her immigration status, or will file an application as soon as they are eligible to do so.

Students who are non-immigrants (for example, those who hold F (student) visas, B (visitor) visas, etc.) are not eligible for this exemption.

The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law. The Non-resident Tuition Exemption form can be requested and submitted to Admissions and Records or downloaded online at <http://web.peralta.edu/admissions/files/2014/11/AB-540-Affidavit-CA-Nonresident-Tuition-Exemption-10-6-141.pdf>

Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.

Non-resident students meeting the criteria will be exempted from the payment of Non-resident tuition, but they will not be classified as California residents. They continue to be "nonresidents." These students remain ineligible federal financial aid. Under the California Dream Act of 2011 (AB 130 and AB 131), they are eligible to apply for some forms of financial assistance including institutional scholarships such as the Peralta Foundation Scholarship, the California College Promise Grant, Chafee Foster Youth Grant, and Cal Grants. AB 540 students may also apply for EOPS. To maximize financial aid opportunities, AB 540 students who are ineligible to file a FAFSA should submit a California Dream Act Application <https://dream.csac.ca.gov/>

For more information on AB 540 and the California Dream Act, please visit <http://web.peralta.edu/admissions/residency-requirements/>

For additional residency exemptions visit our website at <http://www.peralta.edu> and review Administrative Procedure 5015 <http://web.peralta.edu/trustees/files/2011/04/AP-5015-Residence-Determination.pdf>

Non-resident Capital Outlay Fee

Non-resident students who are both citizens and residents of a foreign country will be charged a Non-resident Capital Outlay Fee in addition to the Non-resident Tuition, California Community College Enrollment Fee, Campus

Center Use Fee, Health Services Fee, and AC Transit Fee. The Non-resident Capital Outlay fee is \$7 per semester unit. Note: Non-resident students pay all other fees unless specifically exempted from paying a particular fee.

Campus Center Use Fee

In addition to the California Community College Enrollment Fee, Non-resident Tuition and Non-resident Capital Outlay Fee, there is a Campus Center Use Fee of \$2 per campus, per semester (excluding off-campus locations), to be collected at the time of enrollment. High school students admitted on a part-time basis on the recommendation of their principal must pay the Campus Center Use Fee. Non-resident students must also pay the Campus Center Use Fee.

Health Fee

You are required to pay the Student Health fee of \$20.00 per semester for fall and spring semesters (\$18 for summer session). This fee is collected at the time of enrollment. The Health Fee is subject to change as allowed by the State Legislature. Note: Students who qualify in the following categories will be exempted from payment of the Health Fee:

1. Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization (documentation required);
2. Students who are attending college under an approved apprenticeship training program.
3. Students who are attending college in non-apportionment courses

The Student Health Fee is refundable if the student drops all units on or before the last day to drop regular session classes.

Returned-Check Fee

There will be a \$10.00 charge on checks returned to the college.

Other Expenses

You should have adequate funds at the beginning of the semester to pay for books and enrollment fees.

You may be charged for overdue or lost library books, pamphlets, and periodicals. Certain courses and programs require the purchase of supplies and/or equipment, provided such materials are of continuing value to you outside the classroom setting and provided they are not solely or exclusively available from the district. Field courses and field trips may require personal transportation.

For further information about fees and the financial aid/scholarships available, stop by the Financial Aid Office.

Fee Payment Policy

You must pay all applicable fees no later than two (2) weeks before the beginning of the term. Failure to do so will result in classes being dropped. If you add classes after this deadline, you are required to pay your fees immediately or you will be dropped from your classes and a hold WILL be placed on your account and your debt may be sent to collections.

Fee Payment Deadline

Tuition and enrollment fees are due and payable at the time of registration, and each time subsequent classes are added.

Fee Payment Options

There are several fee payment options available: In person at the Cashier's Office; by mail (check or money order made payable to Peralta Community College District); online by credit/debit card (Visa or Master Card); and by payment plans that are available upon request. For additional information, go to <http://www.peralta.edu>. Admissions and Records, and follow appropriate links to Payment Policy.

Payment Of Charges and Financial Aid Disbursements

When receiving financial aid disbursements, all eligible charges, upon authorization, will be deducted before remaining amounts are released. For more information on Financial Aid disbursements, please visit <http://web.peralta.edu/financial-aid/> or the campus Financial Aid office.

Enrollment Fee Refund Policy

Class Cancellations

The State-mandated Enrollment Fee will be fully refunded if an action of the college (e.g., class cancellation) prevents you from attending class.

Regular Session (Full-Term) Classes

If you cancel your registration prior to the first day of instruction, or if you officially withdraw from classes during the first two weeks of instruction, you shall be entitled to a full refund, less a \$10 processing fee (charged whether or not the class was attended).

If you officially complete a change of program during the first two weeks of instruction, and as a result reduce the number of units in which you are enrolled, you are entitled to a refund if the change places you in a different enrollment fee category. You shall not be subject to the processing fee.

If you pay an enrollment fee of less than \$10, and cancel your registration or withdraw from all classes before the deadline, the processing fee shall equal the Enrollment Fee.

No refund of the Enrollment Fee will be made to any student who withdraws from classes after the first two weeks of instruction. This refers to fall and spring semesters only. Please refer to deadline dates in the Schedule of Classes for the other sessions.

Members of an active or reserve military unit who receive orders compelling a withdrawal from courses, may, upon petition, receive a full refund of the Enrollment Fee unless academic credit is awarded.

Short-Term and Open-Entry/Open-Exit Classes

If you enrolled in a short-term or open-entry/open-exit class, you will receive a 100 percent refund if you officially withdraw within 10 percent of the first class meeting to receive a refund. No refunds will be issued after this

date. Please refer to the deadline dates in the Schedule of Classes.

Variable-Unit Classes

No refund shall be made for variable units not earned by the student.

Non-resident Tuition and Capital Outlay Fee Refund Policy

A full refund of Non-resident Tuition and Capital Outlay Fee will be made for any class which is canceled by Berkeley City College. Also, a 100 percent refund (minus a \$20 processing fee) will be made for any class from which you withdraw through the last day to drop regular session credit classes and receive a refund. There will be no refunds after this date.

No refund will be made to you after the "no grade record date" for regular session classes. You may appeal to the Vice President of Academic and Student Affairs to waive restrictions of this refund policy for cases of extreme hardship.

Nonpayment of Fees and Other Obligations

The college, under appropriate rules and regulations, will withhold grades, transcripts, diplomas and registration privileges, or any combination thereof, from any student or former student who fails to pay the enrollment fee or Non-resident tuition. Grades, transcripts and diplomas will be withheld from students or former students who fail to pay loans, other fees, or obligations which have been properly charged to him/her.

Dropping a Student for Nonpayment of Enrollment Fees

- **Payment Policy:** Students must pay all applicable fees no later than two (2) weeks before the beginning of the term. If a student owes more than \$800 in fees two weeks before the beginning of the term, all classes will be dropped. Students, who add classes after the two week deadline and then owe more than \$800 in fees, are required to pay all fees before classes start or all their classes will be dropped. Students who owe any fees as of the last day of enrollment will have a hold placed on their account so that they cannot enroll in future semesters or receive their transcript, and their debt may be sent to collections. For important dates, see the A&R website:
<http://web.peralta.edu/admissions/>
- **Installment Payment Plans:** Students who owe fees from the current or previous terms may opt to pay these fees through an installment payment plan. Students are required to pay at least \$25 of their owed fees and develop an installment payment plan prior to enrolling in classes. Students can only participate in one payment plan. Please refer to the PCCD A&R website on "Payment Policies" for more details: <http://web.peralta.edu/admissions/payment-policies/>
- **Student's Responsibility to Drop:** Dropping or withdrawing from a course is not an automatic process. It is the student's responsibility to drop the classes he/she is

not attending. If the student does not drop a class, he/she will be charged and could receive an "F" or "W" grade that will appear on the student's permanent record.

Campus Parking and Traffic Regulations

Students must park their vehicles only in authorized lots on the College of Alameda, Laney and Merritt college campuses, and must pay a Parking Fee of \$2.00 a day. The exception to this is Berkeley City College, which has no student parking. BCC does not issue parking permits.

Berkeley City College Student Equity and Achievement Program

The Student Equity and Achievement (SEA) Program

Intent—EDC 78222(a)

It is the intent of the Legislature that funds for the Student Equity and Achievement Program (SEA) support the California Community Colleges in advancing the system wide goal to boost achievement for all students with an emphasis on eliminating achievement gaps for students from traditional underrepresented groups through the following:

1. Implementing activities and practices pursuant to the California Community College Guided Pathways Grant Program.
2. Ensuring students complete their educational goals and a defined course of study.
3. Providing quality curriculum, instruction, and support services to students who enter college deficient in English and mathematics to ensure these students complete a course of study in a timely manner.

Currently, system wide challenges impact the student experience which include the following:

- Most students never complete a degree or certificate or transfer to a four-year college or university.
- Students who reach a defined education goal such as degree or transfer take a long time to complete their goals, often accumulating excess units.
- The cost to attend California Community Colleges is higher due to the slow time to completion and lack of financial aid to cover costs.
- Older and working California Community College students are often left behind, lacking services and financial aid that alleviate their needs.
- Achievement gaps persist across the California Community Colleges.

Through the SEA Program (Student Equity and Achievement Program), the goal is to move the equity work from student services to the classroom by celebrating students' successes and achievements. Using Guided Pathways as a framework, the focus is to work together to optimize and advance the Vision for Success Goals which include the following:

1. Increase by at least 20 percent the number of CCC students annually who

acquire associates degrees, credentials, certificates, or specific skill sets that prepare them for an in-demand job.

2. Increase by 35 percent the number of CCC students system-wide transferring annually to a CSU or UC, necessary to meet the state's needs for workers with baccalaureate degrees.
3. Decrease the average number of units accumulated by CCC students earning associates degrees from approximately 87 to 79 total units—the average among the top 5th of colleges showing the strongest performance on this measure.
4. Increase the percentage of exiting CTE students who report being employed in their field of study, from the statewide average of 60% to 69%—the average among the top 5th of colleges showing the strongest performance on this measure
5. Reduce equity gaps by 40% across all of the previous measures through faster improvements among traditionally underrepresented students, closing the gap within 10 years.
6. Reduce regional achievement gaps across the previous measures through faster improvements among colleges located in regions with the lowest educational attainment of adults, with the goal of closing the gap within 10 years.

The Integrated Plan for 2017–2019 provides the college with the opportunity to assess previous program efforts, reflect on accomplishments, set goals, implement activities, and analyze results. In addition, it will allow Berkeley City College to focus on integrated student success goals that are outcomes based to

1. Support a strong start for students by providing core matriculation services of orientation, counseling and advising, referral to specialized student support services and other education planning services needed to assist students in making informed decisions about their educational goal and course of study and in developing an education plan.
2. Adopt placement policies consistent with requirements of AB 705 to maximize the probability that a student will enter and complete transfer level coursework in English and math within a one-year time frame, and students enrolled in English for Speakers of Other Languages instruction will complete transfer-level coursework in English within a three-year time frame. Use, in the placement of students into English, math and ESOL courses in order to achieve this goal, one or more of the following measures:
 - High school coursework, grades, and/or grade point average (GPA) from transcripts or CalPASS
 - Self reported high school transcript information; or
 - Guided placement, including self-placement for students.
3. Implement early alert system to provide intrusive intervention services to students.

Admissions, Registration and Enrollment Information

4. Provide all students with an education plan (SEP), which identifies courses, a sequence of courses, key progress milestones, and other requirements the student must complete to earn an associate degree, career technical education certificate, or meet transfer requirements.
5. Support course completion of a transfer-level English or Mathematics course within a sequence of support or noncredit courses
6. Support education goal completion.

Special Follow-Up Efforts in Completing the Student Success Matriculation Process

Berkeley City College makes special efforts to support your success if you are “undecided” about your educational goal or are on progress and/or academic probation/dismissal. If you are an “undecided” student (in other words, you have not chosen a major or specific goals for your education), the counselors at Berkeley City College can help you with the decision-making process. If you have difficulty with your studies and your performance results in probation or dismissal status, you will receive a letter asking you to see a counselor or the Vice President of Student Affairs, who will offer you support and assistance to improve your academic performance.

Selection of any of the following educational objectives will provide you the opportunity to participate in the Student Success Program:

- Obtain a bachelor's degree (with or without an associate degree)
- Obtain a two-year associate/vocational or career education degree (without transfer)
- Earn a vocational/ career education certificate(without transfer)
- Improve basic skills in English, reading, and/or mathematics
- Undecided goal

If you do not have an associate degree or higher degree and if you enroll in 12 or more semester units, the college will also consider you an eligible SSSP student, regardless of your educational objective. The college strongly encourages and welcomes all students to participate in the SSSP services, regardless of whether or not you meet the criteria for exemption from SSSP services or the assessment component. If you are exempt, the college does not require you to participate in the SSSP services. (See the following Peralta Community College District Exemption Policy.)

Exemption from the Matriculation Services

You may be exempt from the matriculation services process at the Peralta Colleges under the following conditions:

1. You have earned an associate degree or higher from an accredited institution, or
2. You are enrolling in fewer than 12 units, and you have declared one of the following educational objectives:
 - Discover/formulate career interests, plans, goals, or
 - Prepare for a new career (acquire job skills), or
 - Advance in current job/career (update job skills), or

- Maintain certificate or license (e.g., nursing, real estate), or
- Acquire educational enrichment (intellectual, cultural), or
- Complete credits for high school diploma.

Note: You may participate in any of the matriculation components even though you qualify for exemption.

Exemption from Orientation Component

Contact a counselor concerning possible exemption from the orientation component.

A Note for Students with Disabilities

If you are a student with a physical, psychological, acquired brain injury, visual, communication, or learning disability who may require special assistance to participate in our registration, placement, or other parts of our orientation/placement/counseling process, please contact Berkeley City College's Disabled Students Programs and Services Offices (DSPS) at (510) 981-2812 or (510) 981-2813.

Enrollment Policies and Procedures

Adding Classes/Change of Classes

The last day to add regular session (full-term) classes is available online <http://www.peralta.edu> under Admissions and Records. This is also published in the academic calendar of the current Schedule of Classes.

After the specified date, only short-term or open-enrollment classes may be added. Refer to the current Schedule of Classes for procedures to follow to add and drop classes.

Attendance Policies

Attendance is expected at every meeting of all courses in which students are enrolled.

1. Instructors may drop a student from class if the number of absences during a semester exceeds the number of times the class meets in two weeks, unless there are extenuating circumstances warranting special consideration by the instructor.
2. All instructors shall drop students who do not attend class by Census Day if the student has not contacted the instructor with an explanation satisfactory to the instructor as to why he/she has not attended. All drops must be recorded on the Census Rosters and Instructors' Class Records.
3. It is the student's responsibility to drop from classes, with two exceptions: (1) Instructors are to drop students on the online Census Roster; and, (2) Instructors are to drop students using the online Attendance Verification Roster.
4. The instructor's decision to drop a student for not meeting the attendance requirements of the class is final.
5. Leaves of absence may be granted by the instructor for limited periods to cover illness, hospitalization, or acute emergencies. Requests for such leaves should be made directly to the instructor by contacting the instructor either in person, by phone, or by email.

6. Responsibility for making up work missed because of absence rests with the student.
7. District policy limits attendance in classes to those who are officially enrolled in the class.

Auditing Classes

Peralta Board Policy does NOT permit students to audit classes. Class attendance is limited to students who are officially enrolled.

Enrollment in Conflicting Classes

Students are NOT permitted to enroll in classes with conflicting or overlapping meeting times.

Excess Units

Students may not enroll in more than 18 units at the Peralta Colleges without prior approval. Counselor approval is required for enrollment in a combined total of 18.5–21.5 units per semester at all Peralta Colleges. Enrollment in 22–25 units per semester requires the approval of the Vice President of Student Services. Under no circumstances will approval be granted beyond 25 units. The maximum load for summer session is 10 units.

No Shows

Students who are not present at the first class meeting may be dropped by the instructor, and their seat may be given to a student on the wait list.

Open Classes/Open Enrollment

It is the policy of the Peralta Community College District that, unless specifically exempted by statute, every course, course section or class, wherever offered and maintained by the District and for which the average daily attendance is to be reported for state aid, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

Student Study Load

In order to complete an Associate in Arts or Associate in Science Degree at one of the Peralta Colleges in two years, an average study load of 15 units per semester is advised. For college purposes, a full-time student is one who is carrying 12 or more units.

Wait Lists

During the enrollment period prior to the start of classes, students wishing to add classes which have reached the enrollment limit, can add themselves to the wait list. A process will run each night that will automatically enroll students in the class from the wait list as seats become available. An email will be sent to the student's Peralta email notifying them of the enrollment and the charge to their student account. Students should check their Peralta email regularly. The last day a student can add to a wait list is the day before the first day of the term. Wait lists apply only to regular session (full-term) classes. After classes begin, students enrolled in the class who do not show up for the first class meeting may be

dropped by the instructor who will then add students from the wait list. If you are not moved into the course from the wait list during the enrollment period, you must be sure to attend the first meeting of the class to be considered for late enrollment from the wait list. If there is a space available and you are not at the class, you will lose your place on the wait list and another student may be added instead. Important details you should know:

- Adding to a wait list does not guarantee enrollment in the class.
- All corequisites or prerequisites must be completed before you will be enrolled from the wait list.
- You will not be enrolled from the wait list if the class conflicts with times of your existing class schedule.
- You can view your wait list position in your online student center (under class schedule).
- You can remove yourself from a wait list the same way you would drop a class in your online student center.

Dropping Classes/Withdrawal

Students are responsible for dropping classes using the Passport System or at the college Office of Admissions and Records. Students should refer to the academic calendar in the catalogs or the class schedule to determine the deadline dates for dropping a class with a refund, with no grade, or with a "W" grade. A withdrawal that occurs prior to the Census date shall not be noted on the student's academic record.

A "W" grade symbol will be recorded on the student's transcript upon withdrawal during the period after the Census date and the end of the fourteenth week of instruction (or between 21% to 75% of instruction for the summer session and short-term courses). The "W" grade symbol shall not be used to determine academic probation but only to determine progress probation. The academic record of a student who did not withdraw from a class nor was dropped by the class instructor within the time allowed must reflect a grade other than "W" as awarded by the instructor.

Students will not be permitted to withdraw and receive a "W" in a class more than three times (substandard grades are also included in determining the ability to repeat courses). Enrollment Fee Refund Information can be obtained at the following link <http://web.peralta.edu/admissions/payment-policies>.

Prerequisites, Corequisites and Recommended Preparation

The Peralta Community College District has established certain prerequisites, corequisites, and recommended preparation (advisory) for courses and programs in a manner consistent with law and good practice. The District and college believe that these requirements are necessary for students' academic success. Students who do not meet these requirements are highly unlikely to receive a satisfactory grade in the course. Students may not officially enroll in a course without the appropriate prerequisite, corequisite, or equivalent preparation.

Prerequisite means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite. A prerequisite course must be completed with a satisfactory grade (A,B, C, P).

Corequisite means a condition of enrollment consisting of a course that a student is required to take simultaneously in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

Recommended Preparation (Advisory) means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program. Recommended preparations represents a set of skills or a body of knowledge which enable a student to achieve a greater depth or breadth of knowledge of course material but without which the student is still likely to succeed in a course or program. If a student has not shown evidence of the prerequisite or corequisite, the student will be temporarily enrolled in the course until the last day to add the class. The student will be given ample time to provide proof of prerequisite or corequisite or complete the waiver process for the prerequisite or corequisite at which time he/she will be officially enrolled. There are three options:

- Petition for Prerequisite/Corequisite Equivalency
- Petition for Prerequisite/Corequisite Substitution
- Prerequisite/Corequisite Challenge

Petition for Prerequisite/Corequisite Equivalency

The District will maintain a list of courses offered at other colleges or universities that satisfy the District's prerequisites. A student who has taken one of these equivalent courses at another college or university may bring a transcript showing successful completion of the course to the Counseling Office, Admissions and Records Office or Dean's Office and complete a Prerequisite/Corequisite Equivalency form. Upon verification, the student will be officially enrolled in the course.

Petition for Prerequisite/Corequisite Substitution

If the course does not appear on the pre-approved list, the student will have to complete a Petition for Prerequisite/Corequisite Substitution with the appropriate written documentation attached (course outline and transcript). If, upon review by the Department Chair, Dean, and/or Vice President of Academic and Student Affairs, the course is determined to be an equivalent prerequisite, the student will be officially enrolled in the course.

Petition for Prerequisite/Corequisite

Challenge

If a student desires to challenge the prerequisite or corequisite, he/she must file a petition for Prerequisite/Corequisite Challenge with written documentation to the Office of Admissions and Records. A challenge will be resolved by the appropriate staff within five (5) working days. If the challenge is upheld, the student will be officially enrolled in the course. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term; and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student enrolls for the subsequent term. If the challenge is not upheld, the student will be notified that he/she has been dropped from the course. The student shall bear the initial burden of showing that grounds exist for the challenge. Grounds for challenge shall include the following:

1. The student has acquired through work or life experiences the skills and knowledge that is presupposed in terms of the course or program for which it is established.
2. The student has not yet been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance, or one or more of the courses for which enrollment has been limited to a cohort of students and would be delayed by a semester or more in attaining the degree or certificate specified in his or her Student Educational Plan.
3. The student demonstrates that he or she does not pose a threat to himself or herself or others in a course which has a prerequisite established to protect health and safety.
4. The prerequisite is not necessary and appropriate for success in the course and has not been established in accordance with the District's process for establishing prerequisites and corequisites.
5. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

The student will be subject to undue delay in attaining the goal in his or her educational plan because the prerequisite or corequisite course has not been made reasonably available.

Program Preparation

Students should consult college counselors in preparing their programs. Required courses are listed under each vocational and liberal arts major prior to the course descriptions. Certain state university and college requirements are listed in the section "Transfer Information" to aid students who wish to develop a tentative program before meeting with a counselor. Continuing students should consult a counselor as soon as possible for assistance in preparing a program of classes. Students may not enroll in classes which have conflicting or "overlapping" scheduled meeting times.

Study Load

A full-time study load is 12 units. A student may not carry more than 18 units a semester

without special permission. Such permission is ordinarily reserved for students who have maintained a grade-point average of 3.0 the previous semester. (See section on Grades and Grade Points for explanation of grade-point average.) An absolute maximum unit load is set for 25 units at an individual college or combination of Peralta colleges. Advance approval from a counselor for carrying excess of 18 units, including variable units, must be filed in the Admissions and Records Office. For summer session, a maximum unit load is set for 10 units. It is recommended that students who are employed consider carefully their unit loads and study time in relationship to the number of hours they spend on their jobs.

Procedures and Policies Regarding Student Access to Education Records

In compliance with requirements established by the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380, as amended) and regulations in Title 5 of the California Administrative Code Chapter 6, a cumulative record of enrollment, scholarship, and educational progress shall be kept for each student.

A. Release of Student Records: No instructor, official, employee, or Governing Board member shall authorize access to student records to any person except under the following circumstances:

1. Student records shall be released pursuant to a former or current student's written consent.
2. "Directory information" may be released in accordance with the definitions in Board Policy 5040.
3. Student records shall be released pursuant to a judicial order or a lawfully issued subpoena.
4. Student records shall be released pursuant to a federal judicial order that has been issued regarding an investigation or prosecution of an offense concerning an investigation or prosecution of terrorism.
5. Student records may be released to officials and employees of the District only when they have a legitimate educational interest to inspect the record.
6. Student records may be released to authorized representatives of the Comptroller General of the United States, the Secretary of Education, an administrative head of an education agency, state education officials, or their respective designees or the United States Office of Civil Rights, where that information is necessary to audit or evaluate a state or federally supported educational program or pursuant to federal or state law. Exceptions are that when the collection of personally identifiable information is specifically authorized by federal law, any data collected by those officials shall be protected in a manner that will not permit the personal identification of students or their parents by other than those officials, and any personally identifiable data shall be destroyed

when no longer needed for that audit, evaluation, and enforcement of federal legal requirements.

7. Student records may be released to officials of other public or private schools or school systems, including local, county or state correctional facilities where education programs are provided, where the student seeks or intends to enroll or is directed to enroll. The release is subject to the conditions in Education Code Section 76225.
8. Student records may be released to agencies or organizations in connection with a student's application for, or receipt of, financial aid, provided that information permitting the personal identification of those students may be disclosed only as may be necessary for those purposes as to financial aid, to determine the amount of the financial aid, or conditions that will be imposed regarding financial aid, or to enforce the terms or conditions of financial aid.
9. Student records may be released to organizations conducting studies for, or on behalf of, accrediting organizations, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering financial aid, programs, and improving instruction, if those studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of those organizations and the information will be destroyed when no longer needed for the purpose for which it is conducted.
10. Student records may be released to appropriate persons in connection with an emergency if the knowledge of that

information is necessary to protect the health or safety of a student or other persons, subject to applicable federal or state law.

B. Federal Military Recruitment

The following information shall be released to the Federal military for the purposes of federal military recruitment:

1. Student names
2. Addresses
3. Listings
4. Dates and places of birth
5. Levels of education
6. Majors
7. Degrees received
8. Prior military experience
9. And/or the most recent previous educational institutions enrolled in by the students

Student Services at Berkeley City College

The California Community College System is unique in the world. Based on the principles of democracy, it is an integral part of the American system of public education. Since opening its doors in 1974, Berkeley City College has been committed to providing educational opportunities to students from diverse backgrounds and experiences.

At Berkeley City College, we are committed to our students' success. This commitment begins the moment you are admitted to the college, and continues until you reach your educational goal. We provide you with assessment, orientation, counseling and follow up activities to ensure that you succeed.

The Admissions and Records Office, located in Room 152 at Berkeley City College, assists you with the registration and enrollment process. This also is the office where you can receive such assistance as adding or dropping a class, ordering copies of your transcripts, obtaining a variety of petitions (e.g., graduation, grade change, exemptions from matriculation, etc.) or where you pick up forms such as those pertaining to grading policies. You can find further information about eligibility for admission to the college and registration procedures on page "Admissions, Registration and Enrollment Information" on page 10. The telephone number for the Admissions and Records Office is (510) 981-2805. bccadmissionsrecords@peralta.edu.

Student Success and Placement

All students can begin in transfer level math and English, either with or without a linked support course, effective Summer and Fall 2019 enrollment, due to the enactment of AB 705. Students are now placed in math, English and English for Speakers of Other Languages (ESOL) courses based on their high school records or guided self-placement results instead of taking a placement test and having courses assigned based on that test. The following documents can be used as multiple measures of assessment: college and/or high school transcript, high school AP (with a 3 or higher) and IB (with a 4 or higher) scores. The guided self-placement tools for English, math and ESOL can be accessed on our Placement and Orientation webpage.

Student Accessibility Services

Student Accessibility Services, also referred to as Disabled Students Programs and Services (SAS), provide assistance to facilitate equal educational opportunities for students with disabilities. Services are voluntary for qualified students who request services and program counselors work directly with students to identify and prescribe reasonable academic accommodation to meet the individual student’s needs. Academic accommodations and other support services may include alternate media, adaptive equipment, sign language interpreting, testing accommodations, note-taking assistance, priority registration, and referral to other campus and community resources.

The Learning Disability (LD) Specialist provides assessment and study skills assistance for students who may have learning difficulties. The specialist may also provide you with an individualized assessment to determine academic and cognitive strengths and challenges.

The Alternate Media Specialist can arrange for books and study materials to be reformatted from their standard or published form to a targeted alternate format appropriate to the particular student’s disability. This helps to ensure equal access to instructional materials in alternate formats, including Braille, large print, e-text, audio, and tactile graphics.

In order to be eligible for disability support services at Berkeley City College, you must provide documentation of a verified disability and make an appointment to meet with a program counselor or with the LD Specialist by calling (510) 981-2812 or (510) 981-2813. If you need disability support services at any of the other three Peralta colleges, you must make an appointment at that campus’ office that serves students with disabilities.

Online information about BCC DSPS can be found at: <http://www.berkeleycitycollege.edu/wp/pssd/>

Alternate Format Textbook Program

If you are a student with a qualifying disability, you may be eligible to obtain your classroom materials such as textbooks, handouts, syllabi and exams in an alternate format. The Alternate Media Office provides this service.

Student Services

To receive alternate media, you must be a registered SAS student and referred by a SAS counselor who works with you to complete the alternate media request form. You are required to provide proof of ownership for each textbook for which you are requesting alternate media and to sign a copyright agreement. Because the SAS Office must approve accommodations to students seeking these materials, and because of the complexities involved in obtaining alternate media, you are encouraged to submit your request at least four weeks in advance of the semester start date.

Alternate Formats Available

- Publisher's E-text
- In-house produced E-text (PDF, DAISY, MS Word)
- Learning Ally and other DAISY audio
- Braille
- Large print
- Tactile graphics

Technology Available

Although students are encouraged to acquire their own assistive technology for accessing alternate media materials, a limited supply of equipment is available for loan each semester from DSPS. The following assistive technologies are available for student use:

- JAWS for Windows
(a screen reader for the blind)
- ZoomText
(a screen enlarger for low-vision students)
- Kurzweil 3000 Firefly
(a read and learn program for students with learning differences)
- Kurzweil 1000
(a scan and read system for the blind)
- Dragon Naturally Speaking
(voice dictation software)

In addition, each of the college's open computer labs and the campus library provide SAS computer stations for students with disabilities. Contact SAS at (510) 981-2812 or (510) 981-2813 for more information.

ADA Compliance/Access

The Student Accessibility Services (SAS) office and the American with Disabilities Act Compliance Officer (ADA) take every opportunity to educate the college community about reasonable accommodations for students with disabilities. Generally, the campus community is sensitive, but if an over sight occurs, students do have protection under the Rehabilitation Act of 1973 (Sections 504 and 508) and the Americans with Disabilities Act. The college encourages students to contact the ADA Compliance Officer at (510) 981-2830 for guidance in addressing any barrier to either programmatic or physical access on campus.

Student Equity and Achievement (SEA) Program

The goal of the Student Equity and Achievement (SEA) Program is to boost achievement for all students with an emphasis on eliminating achievement gaps for students from traditional underrepresented groups through the following:

1. Implementing activities and practices pursuant to the California Community College Guided Pathways Grant Program.
2. Ensuring students complete their educational goals and a defined course of study.
3. Providing quality curriculum, instruction, and support services to students who enter college deficient in English and mathematics to ensure these students complete a course of study in a timely manner.

Through the Student Equity and Achievement (SEA) Program, the goal is to move the equity work from students services to the classroom by celebrating students' successes and achievements. Using Guided Pathways as a framework, Berkeley City College will focus on supporting a strong start for students by providing core matriculation services or orientation, counseling and advising, referral to specialized student support services and education planning (SEP), adopt placement policies consistent with requirements of AB 705, implement early alert system to provide intrusive intervention, support course completion of transfer level English and Mathematics courses within a sequence of support or noncredit courses, and support education goal completion.

Veterans

To receive VA benefits at Berkeley City College, veterans and dependents must do

the following after having obtained information from the veteran's specialist in Room 345 on the third floor of Berkeley City College:

1. Apply for admission to the college through Admissions and Records at:
<http://www.peralta.edu> or through Open CCC.
2. Complete the assessment and orientation process (Room 121 on the first floor).
3. Meet with the BCC VA Academic counselor and have a Student Education Plan completed, outlining the requirements of the program you have declared as your objective. The educational objective must be an educational goal that is offered at Berkeley City College and has been approved by the California state approving agency. Unofficial transcripts of any previous college or university work can be used by the counselor to determine your remaining requirements at this meeting. All veterans must make an appointment with the counseling office during your first semester in attendance, in order to complete a veteran's evaluation of course requirements for current educational objective. Evaluations cannot be done on a drop-in basis. The evaluation is required prior to certification of your second semester, and if and when you change to a new major a new evaluation must be completed prior to further certification. Only courses indicated in the evaluation will be certified for payment by the Veterans Administration, as these are the courses that are needed to complete graduation or transfer requirements.
4. Verify prior college credit by having official transcripts sent to:
Office of Admissions & Records
Peralta Community College District
333 E. 8th St. Oakland, CA 94607
All students receiving Veterans Benefits are required to submit official academic transcripts from all schools previously attended, during or after military service – whether or not benefits were received or units completed.
Enrollment will only be certified for one semester pending evaluation of prior credit. These transcripts will be used when determining prior credit for courses that satisfy major requirements when completing our Evaluation of Course Requirements.
5. Submit applicable documents to the veterans' specialist (Room 345) for the processing of your educational benefits: Application (Form 22-1990) and DD214 for the Veteran Student, application (Form 22-5490) and dependent documentation for the Veterans' Dependents Program.

Determination of eligibility will be made and you will be notified of such awards. It is the responsibility of veterans continuing at the college to notify the BCC veterans' specialist (Room 345) of any change in address, major, unit status, courses, grades, education plan, academic objective, and number of dependents to be claimed. Failing to do so may result in overpayment of benefits which would need to be repaid to the VA. Class

attendance verification forms must be turned in on a monthly basis to the veterans' specialist (Room 345).

Call (510) 981-5039 for more information.

Credit for Military Experience

Completion of a minimum of one year's active duty with the Armed Forces of the United States, including completion of a basic or recruit training program and receipt of an honorable discharge, provides six semester units toward the associate degree.

The BCC veterans specialist will submit the DD214 to the PCCD Office of Admissions and Records to obtain the credit once 12 semester units has been completed at the Peralta Colleges. In addition, a DD-214 may also be used to satisfy the requirements of CSU General Education Area E.

If you have completed courses taken during military service, the BCC veterans' specialist will request evaluation of the ACE or SMART transcripts from the PCCD Office of Admissions and Records.

Standards of Progress for Veteran Students Receiving Benefits

If you are on academic probation for two consecutive semesters, you shall be subject to discontinuance of benefits if you earned a cumulative grade point average of less than 2.0 ("C" grade). This directive is separate and apart from the college's standards for academic dismissal. Also if you are placed on progress probation, you shall be terminated when the percentage of "W" (Withdrawal), "NP" (not passed), or "I" (Incomplete) grades reaches at least fifty percent (50%) of all grades recorded in two semesters. If the college allows you to remain on probation beyond this period, the Veterans' Administration will still discontinue your benefits and will terminate any further certification of benefits (CFR 21,4253 [d]).

Air Force ROTC (AFROTC) Instruction for Students at Berkeley City College

In 2011, Berkeley City College entered into an agreement with the University of California, Berkeley, which hosts Air Force ROTC Detachment 085, making Air Force ROTC available to qualified students at Berkeley City College who desire to earn appointments as commissioned officers in the United States Air Force. This agreement applies only to Air Force ROTC courses, education, and training.

Air Force ROTC is offered through the Aerospace Studies department at U.C. Berkeley. Students may enroll in and attend one course per semester at the U.C. Berkeley campus at a cost equal to that at BCC. Topics covered in AFROTC courses include Basic Military knowledge (1-credit), Military History (1-credit), Leadership Training (3-credits), and U.S. National Security Affairs and Preparation for Active Duty (3-credits). Additional

components of the ROTC program include 3 hours per week of fitness activities, 2 hours per week of Leadership Lab, and a 4-week Summer Field Training.

Student Financial Aid

Berkeley City College offers financial aid to help students who need financial assistance to meet the basic cost of their education.

As a means of serving students, the Financial Aid Office evaluates students' needs, determines financial aid awards, and provides budget and debt management counseling.

Because of federal restrictions on eligibility and limited funding, students should not expect to meet all of their financial needs from financial aid programs. In fact, one of the basic principles governing financial aid is that a student and his or her family have an obligation to assume responsibility for meeting educational costs since it is the student who will benefit most from the education.

This section provides you with information about applying for financial aid and the various financial aid programs available to BCC students.

Student Financial Aid

General Information Regarding Financial Assistance:

Financial Aid is intended to help students who might not otherwise be able to attend college. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Peralta Colleges offers several types of financial aid which are funded through federal, state, local agencies, Peralta Colleges Foundation and the colleges themselves. The major categories include:

- Grants. These awards are based on financial need and do not require repayment.
 - Loans. Such awards must be repaid after the student leaves school or drops below half-time enrollment. Most have a low rate of interest.
 - Employment. This type of award is based on financial need and provides the student with an opportunity to earn money for school through employment with participating Federal Work Study Employers.
 - Scholarships. These awards are based on scholastic achievement and/or financial need and/or student activity involvement. They do not require repayment.
 - Special Programs. Some students qualify for benefits through the Veterans Administration, California State Department of Rehabilitation and Bureau of Indian Affairs, among others. Eligibility requirements vary.
- Students applying for financial aid may take courses at any of the Peralta Colleges. However, a "home" campus must be determined for financial aid purposes for the academic year. The home campus is

the college at which the student plans to complete their academic objective. For additional information and the most recent updates, please refer to: <http://www.web.peralta.edu/financial-aid/>

- When do I apply? The application process for financial aid begins with the completion of the Free Application for Federal Student aid (FAFSA) at <http://www.fafsa.gov>. The application is available Oct 1, for the following fall semester. Priority for aid will be given to students who apply early. A complete application and all corresponding documentation must be submitted to the Financial Aid Office. If you apply late or complete your Financial Aid application late, your application will be treated on a "first-come, first-served" basis until funds are exhausted. Students must apply each year for financial aid, beginning in October for the following academic year. There are various Financial Aid deadlines throughout the year. Check the financial aid website for a complete listing of deadlines.
- What are the Eligibility Requirements? In order to qualify for financial aid a student must be enrolled in an eligible program of study leading to completion of an AA/AS degree, transfer requirements or a certificate program; maintain satisfactory academic progress; for most programs, have demonstrated financial need; be a U.S. citizen or eligible non-citizen; certify compliance with selective service registration requirements; not be in default on any student loan or owe a refund on any grant made under any Title IV program; have a social security number, and have a high school diploma, or GED. Effective July 1, 2012 the Ability to Benefit test is no longer offered. Students without a H.S. diploma or GED who passed the Ability to Benefit test or completed 6 college credits towards a degree or a certificate prior to July 1, 2012 are still eligible to continue receiving aid in future years. For additional information, visit the campus Financial Aid Office or refer to the campus financial aid web page. You may also apply online at <http://www.fafsa.gov>.

Withdrawals and Repayment of Financial Aid Funds

Federal aid recipients who withdraw or are dropped from all classes by the instructor are subject to regulations regarding the Return of Title IV funds. Students who withdraw or are dropped from all classes prior to completing more than 60% of the enrollment period are subject to these rules. Based on the date of the complete withdrawal or drop, the Financial Aid Office will determine the amount, if any, of "unearned" federal financial aid is received by the student.

If the student received more financial aid than the amount earned, the student will be billed for the overpayment. Financial aid recipients are advised to 1) avoid total withdrawal from all classes, 2) successfully complete all

units during the semester, 3) if completely withdrawn, repay any "unearned" financial aid as soon as possible. Failure to do any of the above may result in the loss of financial aid eligibility.

Financial Aid Programs

California College Promise Grant (CCPG)

California Community College students are charged an enrollment fee. However, fee waivers are available for qualified California resident students through the California College Promise Grant Program.

Students may be eligible for a California College Promise Grant (CCPG) if (1) you or your family are receiving Temporary Assistance for Needy Families (TANF), General Assistance, or Supplemental Security Income (SSI) or State Supplemental Program (SSP) aid; (2) you are qualified for and receiving other financial aid; (3) your family's income meets the established guidelines; or (4) you qualify under Special Classifications Enrollment Fee Waivers, see questions on the CCPG.

Applications and CCPG-related information are available in the Financial Aid Office or you can download the CCPG application at the Financial Aid website at https://www.berkeleycitycollege.edu/wp/financial_aid/board-of-governors-fee-waiver/.

Loss of California College Promise Grant (CCPG) Fee Waiver

Beginning Fall 2016, students who do not maintain minimum academic and/or progress standards for two consecutive primary semesters will be subject to loss of eligibility for the California College Promise Grant (CCPG). The change was effective fall 2016.

Students who are eligible for the CCPG may lose their eligibility if they fail to maintain a cumulative GPA of 2.0 or higher and complete more than 50 percent of their coursework. If a student's cumulative GPA falls below 2.0 for two consecutive primary terms (fall or spring), the student is disqualified for the CCPG. If the cumulative number of units completed is not more than 50 percent in two consecutive primary terms, the student is disqualified for the CCPG. Any combination of two consecutive primary terms (fall/spring semesters) of academic or progress probation may result in loss of CCPG eligibility.

Foster Youth, as defined in Education Code 66025.9(b), shall not be subject to loss of CCPG under this section. This exemption is effective until the date specified in Education Code 66025.9(c).

In addition other CCPG authorized outside of Section 76300(g)(1) are considered special

categories and are not subject to loss due to the Section 7630(g)(1) standards.

The special categories are:

1. Dependents of California National Guard Members
2. Dependents of veterans
3. Congressional Medal of Honor recipients and their dependents
4. Surviving dependents of the Sept 11, 2001 attacks
5. Dependents of law enforcement or fire suppression personnel

For purposes of this section, primary terms are considered fall and spring semesters.

Student Notifications

Students who are placed on Academic Probation, Warning or CCPG Dismissal shall be notified via email from PCCD no later than 30 days following the end of the semester that resulted in the student being placed on academic or progress probation.

How to Regain CCPG Eligibility

An otherwise eligible CCPG, a student may regain a CCPG by successfully appealing under one of the following reasons:

- Academic and/or Progress Improvement
Approval requires significant academic improvement by completing at least 6 units, a minimum 2.0 term GPA, and more than a 50% completion rate in the most recent primary term.
- No Enrollment for Two Primary Terms
Approval requires the student was not enrolled within the PCCD for two consecutive primary terms (fall/spring) since becoming ineligible for the CCPG.
- Submission of Petition Form
Students who have not met academic or progress standards and wish to petition their status may do so if they have an acceptable reason by completing and submitting a Loss of CCPG Petition Form with supporting documentation. Petitions that are approved will result in the restoration of the CCPG.

Pell Grants

A Pell Grant is federal aid designed to provide financial assistance for those who need it to attend post-high school educational institutions. Basic grants are intended to be the base of a financial aid package and may be combined with other forms of aid to meet the full cost of education.

The actual amount of your grant is determined by your estimated family contribution, the total cost of attending college and your enrollment status.

After your FAFSA application is processed, you will receive a Student Aid Report (SAR) from the Department of Education, which constitutes official notification of your expected family contribution (EFC). The lower the EFC, the higher your award will be.

Supplemental Educational Opportunity Grant (SEOG)

The SEOG is a federal grant designed for most students with financial need who receive the Pell Grant. Funds are limited.

Federal Work-Study (FWS)

This federally funded program provides employment opportunities to students with financial need. Students awarded FWS receive an allocation of funds earned through part-time jobs on or off-campus. FWS provides an excellent "learning process" through on-the-job training. Students must be enrolled at least half time and be eligible for financial aid to participate in FWS.

Extended Opportunity Programs and Services (EOPS)

This program is primarily for the recruitment and retention of students from under-represented groups who are both educationally and economically disadvantaged. Referrals for grants are made for full-time EOPS students only. For additional information regarding this program, visit the campus EOPS office.

Student Loans

These loans are available to students who are enrolled at least half-time.

The Federal Government will pay interest on subsidized loans during in-school period and during the grace period following the student's termination or graduation. The grace period is for six months. The student is responsible for paying the interest on unsubsidized loans during the in-school and grace periods. Students are eligible if they meet the Department of Education's criteria as listed with the Financial Aid Office. Further information about loans may be obtained on the Financial Aid website, or by visiting the Financial Aid Office.

Scholarships

Scholarships are available from various individuals and organizations. The amounts of, and qualifications for, these scholarships vary.

Students interested in scholarships should check periodically with the Peralta Foundation Scholarship as new scholarships are constantly being made available to students. Visit: <http://web.peralta.edu/foundation/scholarships-and-grants/>.

Chafee Foster Youth Grant

This grant of up to \$5,000 is available to current or former California foster youth under 22 years of age who wish to take vocational training or college courses. Students must also enroll at least half time in an eligible school, their program of study must be at least one academic year long, and they must attend class regularly and meet Satisfactory Academic Progress (SAP) Standards.

Bureau of Indian Affairs (BIA)/Tribal Grants

The Bureau of Indian Affairs provides grants to assist eligible American Indian students in meeting educational costs. To be eligible, the applicant must be at least one-fourth American Indian, Eskimo, or Aleut heritage, as certified by a Tribal Agency served by the Bureau of Indian Affairs.

Tribal Grants are for eligible students who belong to federally recognized Indian Tribes. Tribes generally have their own applications, deadlines and eligibility criteria.

Cal Grant B and C

Cal Grant programs are available to California residents who qualify. A student must be a U.S. Citizen, a permanent resident or an eligible non-citizen, and a California resident attending an eligible college located in California and making Satisfactory Academic Progress. The college electronically transmits GPA verification for certain students.

Applying for a Cal Grant takes two forms,

1. The FAFSA, <http://www.fafsa.gov> and
2. Your verified GPA, http://www.csac.ca.gov/pubs/forms/grnt_frm/gpaform.pdf = A Cal Grant Application. You must apply by March 2 to maximize your opportunity to receive an award.

If you miss the March 2, Cal Grant deadline AND you plan to attend a community college in the fall, you have until Sep 2 to apply. However, the number of Cal Grant awards is limited.

Student Consumer Information

Please note: Students are now limited to six full-time (600%) years of Pell Grants in a lifetime at any college. Students are advised that the financial aid information included here is limited. Additional information on all financial aid categories is available on the Financial Aid website or upon request at the campus Financial Aid Office.

Satisfactory Academic Progress (SAP) Standards

Federal regulations mandate that all institutions of higher education establish minimum standards of "satisfactory academic progress" for students receiving financial assistance.

All students who apply for and receive financial assistance are expected to meet the academic standards described in Peralta Colleges' Financial Aid Satisfactory Progress Policies and Procedures.

Copies of the Financial Aid Satisfactory Academic Progress Policy are available on the Financial Aid website <http://web.peralta.edu/financial-aid/sap/> or in the campus Financial Aid Office.

Remedial Coursework

If a student receives financial aid for remedial coursework, and completes one (1) year or 30 units, no further aid will be paid for remedial study. The student may continue to enroll in remedial classes, but financial aid payments will be calculated only for degree-applicable coursework.

English for Speakers of Other Languages (ESOL) Coursework

Students who enroll in excessive ESOL coursework (over 45 units) without enrolling in classes leading toward their stated educational major or goal will be notified by the Financial Aid Office. ESOL students will be strongly urged to enroll in coursework that will assist them in completing their educational goal.

Financial Aid Census Date

Each term the Financial Aid Office establishes a census date after which no adjustments will be calculated on funds paid for that term for units added or dropped. Please check with your home campus financial aid for the Financial Aid Census dates. Courses added (such as late start courses) after FA census date will not be aid eligible.

Disbursement

In order to receive a disbursement, a student must have a completed application, completed financial aid file and be enrolled in the required number of units.

Most aid is distributed on a three payment per semester basis. Normally, the first payment is the week before the term begins, the second payment may be expected during the first week of each semester, and the third payment after the mid-point of each semester.

Student loans are disbursed in accordance with procedures set forth by federal regulations.

Federal Work-Study recipients will be paid once a month. Financial Aid funds are disbursed by BankMobile, a third party funds management service that has partnered with Peralta Community College District (PCCD). All enrolled students who have applied for financial aid through the FAFSA or Dream Act application will be sent a Peralta BankMobile activation kit. Students must consent to receiving a card and select their preference on how they would like to receive their financial aid disbursement. There are 2 free methods a student may choose:

1. Bank Mobile Account—this is an online financial account where the student uses their PeraltaCard (debit card)
2. Direct deposit to your existing bank account, OR

If neither of the above options have not been selected by the student after 21 days, then the paper check will be mailed to the student's home address.

The personal code will be mailed to each student's current mailing address on file with PCCD.

It is critical that all students update and maintain their mailing address with PCCD.

There are fees associated with BankMobile. Please read, review, and understand the BankMobile Fee Schedule. More information about BankMobile fees can be found here <http://web.peralta.edu/financial-aid/sample-page/peraltacard-faqs/>

Dream Act Scholars

What is the California Dream Act?

The California Dream Act is comprised of two state laws, AB 130 and AB 131, that allow AB 540 students to apply for and receive several types of financial aid, including:

- California College Promise Grant (formerly BOG Waiver)
- State financial aids such as Cal Grants, Chafee Grant, and Student Success Completion Grant (SSCG)
- Assistance from EOPS, CARE, or CalWORKS
- Privately-funded scholarships

Eligible AB 540 students can complete the Dream Act Application by going to the website: <https://dream.csac.ca.gov/>.

What is an AB 540 student?

AB 540 allows Non-resident students who meet certain qualifications to exempt from paying Non-resident enrollment fees. These students may include undocumented students, students who are US citizens but who are not CA residents, and dependent students whose parents are not CA residents. AB 540 students are those who:

- Have attended a CA high school for a minimum of three years; or
- Attained credits in California from a California high school equivalent of at least three or more years of full-time high school coursework and a total of three or more years of attendance in California Elementary schools, California secondary schools, or a combination of those schools.
- Graduated or will graduate from a California high school or attainment of General Education Development (GED), High School Equivalency Test (HiSET), or Test Assessing Secondary Completion (TASC), and

Transfer Information

One of the primary missions of a community college is to prepare students for transfer to four-year colleges and universities. If you are planning to transfer to a California public four-year university, you should complete the lower division (freshman/sophomore) major prep, as well as general education and elective courses for a total of 60 transferable units so that you can transfer with junior (upper division) standing. Although it is not required for transfer, many students earn an Associate Degree ADT or Certificate in addition to completing transfer requirements.

Berkeley City College (BCC) students may choose to transfer to a California State University, a campus of the University of California, or to a private college or university in California, as well as out-of-state. BCC has developed a number of partnerships with local four-year institutions, including a Cross Enrollment Program with California State University East Bay, the University of California, Berkeley, and Mills College (see "The Cross-Enrollment Program (CEP)" on page 26).

BCC has a variety of resources to assist students with the transfer process. The college's Transfer and Career Information Center.

Planning to Transfer

If you wish to study at a four-year college or university after attending Berkeley City College, you should take note of the following suggestions:

1. See a Berkeley City College counselor by appointment to develop an appropriate Student Education Plan (SEP) to assist you in planning your transfer and to ensure that you take appropriate transferable courses to meet requirements while at Berkeley City College. If you have completed coursework at another college, you should inform the counselor when scheduling your appointment and, if possible, bring an official transcript to your appointment.
2. Read the four-year college or university catalog and website regarding:
 - a. Transfer admissions requirements;
 - b. Major requirements and degrees offered;
 - c. General education or breadth requirements; and, application and financial aid deadlines.
3. Review information regarding transferability of courses, including lower-division major requirements and general education requirements, and articulation agreements for the University of California (UC) and the California State University (CSU) systems which are available online at <http://www.ASSIST.org>.
4. Identify the degree credit in lower-division community college courses which are articulated lower-division major courses at the four-year college or university (general

education, major, graduation, or elective degree credit).

5. A maximum of 70 lower-division transferable semester (or 105 transferable quarter) units can be applied toward the total number of Bachelor's degree units required in the University of California or California State University systems. Total units transferable to independent and private colleges vary. Subject credit for all transferable courses in excess of 70 semester units may be granted to satisfy university lower-division (i.e., general education, major, and graduation) requirements.
6. Complete all courses designated as required lower-division preparation for the major prior to transfer, especially when admission to the major is contingent upon successful completion of specific courses (i.e., with selective or impacted majors).
7. Plan to complete the lower-division requirements for most transfer majors. The Student Education Plan (SEP) developed with a counselor will assist you in planning your programs and understanding any required prerequisites.
8. Applications for admission to the University of California and the California State University are available online at <http://www.ASSIST.org> (in the left hand navigation bar) or at <http://www.universityofcalifornia.edu/admissions> for the University of California and at <https://www2.calstate.edu/apply> for the California State University. The Transfer and Career Information Center staff can provide assistance in obtaining many catalogs and applications for independent and private institutions.
9. You must assume complete responsibility for compliance with regulations and instructions for selecting the courses that will permit you to meet your educational objectives for transfer and for satisfying prerequisites for any programs or courses.

Transfer to a Four-Year College or University

If you are completing requirements for the Associate Degree and are also planning to transfer to a four-year college or university, the college reminds you that the Associate Degree alone does not usually qualify you for admission. You should meet with a Berkeley City College counselor regarding admission, general education, and major prep requirements to be sure that your Berkeley City College program of study (which may include an Associate Degree for Transfer to CSU) will meet the course, unit, and grade requirements of the college to which you seek admission.

Attend Four-Year Colleges and Universities Before Transfer

The Cross-Enrollment Program (CEP)

Current law allows undergraduate students who meet certain eligibility criteria and are enrolled at any California Community College, the California State University, or the University of California to enroll, without formal admission in any of the other systems. BCC also offers a Cross-Enrollment Program with Mills College, a private liberal arts college for women, located in Oakland. In order to participate in Cross Enrollment:

1. You must be enrolled at least six units at Berkeley City College during the current semester that the student seeks to cross-enroll at a four-year institution.
2. You must pay the appropriate tuition required by Berkeley City College for the semester in which the student seeks to cross-enroll.
3. You must have the appropriate academic preparation, as determined by the host campus, consistent with the standard applied to currently enrolled students, i.e., completion of pre-requisites. Admission to the course is subject to availability and instructor approval.
4. You may not enroll in a course that is offered at Peralta Community College District.

For more information, visit: <https://www.berkeleycitycollege.edu/wp/counseling/concurrent-enrollment/>.

Instructions for registration into Cross Enrollment Program (CEP) courses:

- Complete a CEP application and turn it in to CEP Coordinator. The application is available online.
- Once eligibility is verified, the CEP Coordinator will send the student an e-mail confirmation and the enrollment petition form for the specific Host Campus. Complete the Student Information section of your enrollment petition form and sign.
- Submit the form to the CEP Coordinator for the Home Campus (BCC) Certification and signature
- Seek approval and obtain signature from the instructor at the Host Campus on the first day of class.
- Submit the form to the Host Campus Admissions and Records Office, or its equivalent, for enrollment and the Host Campus Certification by their deadline.

- Submit a copy of the signed enrollment petition form to the CEP Coordinator, at the Home (BCC) Campus.
- The Host Campus will provide any additional registration instructions. Please refer to the Host Campus enrollment petition for information on classes, library access, and reporting of grades.

University of California, Berkeley

Students may cross-enroll in one undergraduate course per semester at UC Berkeley.

1. Students must have completed at least one semester at Berkeley City College as a matriculated student at the time of application with a GPA of 2.0.
2. Students cannot cross-enroll in Extension, restricted, upper division, summer session, upper level graduate level and any other courses not supported by the state.
3. UC Berkeley charges an administration fee, currently \$46 per unit.

California State University, East Bay

You may cross-enroll in up to two undergraduate lower division courses per semester at CSUEB.

1. You must have completed at least 20 units at BCC with a cumulative GPA of 2.0.
2. California Community College students formerly enrolled at CSUEB, but were academically disqualified, are not eligible to participate in the Cross Enrollment Program.
3. CSUEB will not charge CEP students tuition, nor will they charge an application fee.

Mills College

You may take one undergraduate lower division course each semester for a total of 4 courses at Mills College.

1. You must have completed 12 semester units with a cumulative GPA of 2.0 at the time of application.
2. Student must be enrolled in at least 9 semester units at BCC, 12 units including the Mills College units, and may not drop below 12 units during the semester.
3. An international student must take 12 units at BCC, in addition to any cross enrollment units.
4. There will be no additional tuition or fees charged by the host institution, with the exception of studio or lab fees.

Special Transfer Admission Opportunities/Programs

Transfer Admissions Guarantee (TAG)

If your goal is to transfer to a UC, you might want to consider the Transfer Admissions Guarantee (TAG) program. TAG is available to students who meet specific unit, transfer coursework, and GPA requirements. Students who complete the university's admission application, the TAG application process, and meet the contractual requirements are guaranteed admission.

If you are preparing for a Transfer Admissions Guarantee, you begin by working with a BCC Counselor early in your academic preparation and develop a Student Education Plan (SEP). With a Student Education Plan in place, you have the knowledge that each course taken has been agreed upon and that you will lose no credit when you transfer.

Currently, Berkeley City College has Transfer Admission Guarantees with six (6) University of California campuses and Golden Gate University.

- University of California (TAG)
 - UC Davis
 - UC Irvine
 - UC Merced
 - UC Riverside
 - UC Santa Barbara
 - UC Santa Cruz

To complete a TAG with a University of California campus, you must have completed 30 transferable units at the time of application. Each campus has specific eligibility criteria, GPA requirements, and guidance on major preparation. If you decide to participate in the TAG program, please meet with a Berkeley City College Counselor by appointment to determine your eligibility.

Additional information about the specific TAG requirements can be found at:

<http://www.universityofcalifornia.edu/admissions/transfer/guarantee>.

To apply for a TAG you are required to complete an online application and submit it during the filing period (Sep 1–Sep 30). The application can be found at <https://uctag.universityofcalifornia.edu/>. You also must apply for admission to UC during the appropriate application filing period (Aug 1–Nov 30). This application can be found at:

<http://www.universityofcalifornia.edu/apply>

You should meet with a Berkeley City College Counselor by appointment for additional information.

- Golden Gate University (TAG)
To complete a TAG with Golden Gate University, you must:
 - Have a minimum cumulative GPA of 2.0;
 - Complete a minimum of 24 transferable semester units; and

- Meet the English Language Proficiency Requirement, which can be met in a variety of ways.

You should meet with a Berkeley City College Counselor by appointment for additional information.

Note: TAG guidelines are subject to change, so please check with a Berkeley City College Counselor by appointment to ensure that you have the most current TAG information in effect for the year and term in which you intend to transfer. It is important to remember that in addition to an approved TAG agreement, you also must apply for admission during the appropriate filing period.

Historically Black Colleges and Universities Transfer Agreement Project

To learn the list of participating HBCU's, go to: <http://ccctransfer.org/hbcu/>

Articulation Agreements

Articulation is the process that facilitates the successful transfer of students from community colleges to undergraduate baccalaureate programs at other colleges and universities. It is the development of formal written agreements that explain how courses transfer from one institution to another, either "as comparable to" or "acceptable in lieu of specific course requirements" at four-year institutions. Successful completion of articulated courses related to admission criteria, general education, and major preparation, according to a Student Education Plan (SEP) developed with the assistance of a Counselor will ensure successful and competitive transfer.

The Berkeley City College Articulation Officer and Counselors have information regarding the updated articulation agreements between Berkeley City College and the California State University campuses, the University of California campuses, and some private colleges. Articulation agreements with the CSU and UC campuses are available at <http://www.ASSIST.org>.

By working closely with your Counselor, you will be able to complete the first two years (minimum of 60 semester units) of a four-year college degree at Berkeley City College and then transfer as a junior (an upper division student).

General Education Transfer Requirements

You have the option of fulfilling General Education/Breadth requirements in one of the following ways:

- IGETC—primarily used when applying to multiple UCs and CSUs (not advisable for high unit majors);
- CSU GE/Breadth—used when applying to CSUs only; and
- UC Campus Specific Requirements—an option used depending on the choice of major and college.

A listing of approved courses in these three general education requirement options is available from a Counselor or at <http://www.ASSIST.org>. The approved courses are subject to change on an annual basis. See the IGETC, CSU GE/Breadth, and UC Berkeley College of Letters and Sciences Breadth course lists starting from “2022–2023 Inter-segmental General Education Transfer Curriculum (IGETC)” on page 31.

Certification of General Education

Berkeley City College (Peralta Community College District) can certify officially the completion of the following general education patterns:

Inter-segmental General Education Transfer Curriculum (IGETC)

Berkeley City College (the Peralta Community College District) can certify either full certification (completing all requirements in each subject area) or partial certification (maximum of two courses missing and completed after transfer) of IGETC or IGETC for STEM. You should file the certification request with a counselor during the final term before transfer, once an offer of admission has been accepted.

CSU GE/ General Education Breadth

California State University General Education Breadth (CSU GE/Breadth) allows full certification (completion of all requirements) or partial certification (completion by area). (See the CSU/GE Breadth course list.) Students should meet with a Counselor during the final term before transfer, once an offer of admission has been accepted.

Official transcripts of any coursework completed outside the Peralta Community College District must be on file prior to or accompany the request. The “Request for Certification” form is available from and can be filed in the Office of Admissions and Records. Once certification is completed, student records (transcript) will reflect the type of certification. If you transfer without

certification, you will be subject to the campus specific general education requirements of the university or college to which you transfer.

Students are only required to complete the 9 units of Upper Division GE. (Per Executive Order 1100: “Students admitted to a CSU campus with full certification shall not be held to any additional lower-division general education requirements.”)

The University of California

The University of California includes nine general campuses throughout the state—Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, Santa Barbara, and Santa Cruz. A tenth campus in San Francisco offers graduate and professional programs in the health sciences.

The University of California admissions requirements for transfer vary according to the student’s eligibility to enroll at UC when you graduated from high school. In addition, if you wish to enroll in an impacted upper-division major, you must meet additional admissions requirements.

General Transfer Requirements

You should place the highest priority on achieving minimum transfer eligibility and completing preparation courses for your choice of major. Major preparation gives you the best opportunity to begin upper-level courses after transfer. Some campuses require completion of certain major preparation requirements before transfer. Lack of such major preparation may affect eligibility for the major, particularly if there are many applicants and a limited number of spaces. The general education or breadth requirements are designed to give University undergraduates a broad background in all major academic disciplines—natural sciences, physical sciences, social sciences, humanities, and fine arts.

It is important to develop a Student Education Plan (SEP) that first gives attention to minimum admission eligibility and completion of major preparation, and then incorporates the most appropriate General Education (GE) pattern. Typically, completion of GE is not required for admission to some majors; it is required for graduation from UC. There are two options for completing GE. If you are pursuing a major with few required major preparation courses, you should consider completing the Inter-segmental General Education Transfer Curriculum (IGETC). If you are pursuing a major with a large number of preparatory courses, you should consider the UC campus specific GE pattern. Each school and college at every UC campus has its own set of GE requirements. **You should consult with a Counselor for assistance in developing a Student Education Plan (SEP) that plans for major preparation and the most appropriate General Education pattern option.**

Three Parts to prepare for transfer:

- Minimum Transfer Admissions Eligibility: courses and grades that prepare you to be minimally eligible for UC transfer;
- Major Preparation: courses that prepare you to complete a major after transferring; and
- General Education (GE): Courses that satisfy the GE requirements for graduation from UC.

Minimum Transfer Admissions Eligibility

Students eligible to enter UC after high school graduation, (Subject, Scholarship, and Examination requirements for freshman status were met), or students who were identified by UC in the senior year as eligible under the Eligibility in the Local Context (ELC) Program are minimally eligible to transfer with a “C” (2.00) average in transferable coursework. Students who met the Scholarship Requirement, but did not satisfy the Subject Requirement for UC eligibility as a freshman must take transferable college courses in the missing subjects, earning a “C” or better in each course, and have an overall “C” (2.00) average in all transferable coursework to be minimally eligible to transfer. Students who were not eligible for admission to UC after high school graduation because the Scholarship Requirement was not met must meet minimum eligibility requirements as follows:

1. Complete 60 semester units of UC transferable college credit with a grade point average of at least 2.4 (2.8 for non-residents) AND
2. Complete a course pattern requirement to include:
 - a. Two transferable college courses (3 semester units each) in English composition; AND

University of California Transfer Pathways

UC Transfer Pathways provide students with road-maps to the most popular majors at any UC campus. These pathways will be especially helpful to students who know (or have a general idea) of a major they would like to study, but have not decided which UC campuses they would like to apply to.

Each pathway outlines the set of courses students should take to be competitive in one of 20 of the most popular majors found at every UC campus. Some campuses may want fewer courses for admission, but none will expect more. In addition, campuses may have grade requirements for particular courses, but with this road-map, students will know which classes to take to prepare for all campuses in a single major.

The majors are as follows:

Anthropology, Biochemistry, Biology, Business Administration, Cell Biology, Chemistry, Communication, Computer Science, Economics, Electrical Engineering, English, History, Mathematics, Mechanical Engineering, Molecular Biology, Philosophy, Physics, Political Science, Psychology, and Sociology.

University of California—Berkeley Campus

The Berkeley campus of the University of California is on the semester system. If you are applying to the College of Letters and Sciences, you may fulfill your lower-division general education requirements by completing IGETC or by completing the College of Letters and Sciences Breadth Requirements.

Transfer students with 60 or more transferable semester units who are admitted to the College of Letters and Science must have satisfied the Essential Skills in:

1. Reading and composition,
2. Foreign language, and
3. Quantitative reasoning prior to admission.

The Breadth Requirement for courses outside the field of the major is required for all community college transfers. You should make every effort to complete as many of the seven-course requirements as possible. UC Berkeley College of Letters and Science Breadth Requirements for 2021–2022 are listed from page "University of California at Berkeley Campus

College of Letters and Sciences: Breadth Requirements" on page 35 and are available from a Counselor, or at:

<http://www.ASSIST.org>.

This list is subject to revision and is updated annually.

The California State University

The following information applies to the 23 campuses of the California State University System: Bakersfield, Channel Islands, Chico, Dominguez Hills, East Bay, Fresno, Fullerton, Humboldt, Long Beach, Los Angeles, Maritime Academy, Monterey Bay, Northridge, Pomona, Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, San Marcos, Sonoma, and Stanislaus.

Transfer Requirements

You will qualify for admission as a transfer student if you have a grade-point average of 2.0 ("C") or better in all transferable units completed; are in good standing at the last college or university attended; and meet any of the following standards:

1. You were eligible as a freshman at the time of application for admission or at the time of graduation from high school, provided you have been in continuous attendance at a college since graduation; OR
2. You were eligible as a freshman except for the college preparatory subject requirements and have completed appropriate college courses in the missing subjects; OR
3. You have completed at least 60 transferable semester units and have completed appropriate college courses to make up

missing college preparatory subjects (non-residents must have a 2.4 grade-point average or better).

A maximum of 70 transferable semester (105 quarter) units earned in a community college may be transferred to the California State University. No upper division credit is allowed for courses taken at a community college.

Consult with a Berkeley City College Counselor or any CSU Admissions Office for further information about alternative ways to satisfy the subject requirements. Berkeley City College Counselors will provide assistance in determining which BCC courses satisfy lower-division General Education requirements.

Making up Missing College Preparatory Subject Requirements

1. Undergraduate transfer applicants who did not complete the subject requirements while in high school may make up missing subjects in any of the following ways:
 - a. Complete appropriate courses in college with a "C" or better (one course of 3 semester [4 quarter] units will be considered equivalent to one year of high school study); or
 - b. Earn acceptable scores on specified examinations.
2. Transfer applicants with 56 or more semester units (84 or more quarter units) can satisfy the preparatory subject requirements by completing, with a "C" or better, one of the following alternatives:
 - a. 1987 or earlier high school graduates: Meeting the eligibility requirements listed for lower division transfer, or successful completion of written communication and mathematics courses on the approved CSU list of transferable general education courses.
 - b. 1998 and later high school graduates: Meeting the eligibility requirements listed for lower division transfer or successful completion of 30 semester (45 quarter units) of General Education courses to include all of Area A and the Mathematics requirement on the CSU General Education Certification list.

Minimum Eligibility For Upper Division Transfer Applicants:

1. Completion of at least 60 transferable units with a minimum grade-point average of 2.0;
2. Within the total units completed, you must complete a minimum of 30 lower division units of General Education/Breadth; and
3. Completion of areas A1, A2, A3, and B4 with a grade of "C" or better.

United States History, Constitution and American Ideals Certification

To complete the CSU graduation requirement before transfer, you must complete one course from both 1 and 2 listed below to be certified that the requirement in U.S. History,

Transfer Information

Constitution and American Ideals has been met.

1. United States History: History 7A or 7B
2. United States Constitution, California State and Local Government: Political Science 1

Associate Degrees for Transfer (ADT) to a California State University

California Community Colleges are now offering Associate Degrees for Transfer (ADT) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing in the CSU system. It does not guarantee admission to specific majors or campuses.

Students who have been awarded an ADT (AA-T or AS-T) are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of Berkeley City College's ADTs and to find out which CSU campuses accept each degree, please see the following page or visit: <http://www.adegreewithaguarantee.com>. Current and prospective community college students are encouraged to meet with a Counselor to review their options for transfer and to develop a Student Educational Plan (SEP) that best meets their goals and needs.

AA-T and AS-T Requirements

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major. All courses in the major must be completed with a grade of C or better or a "P" if the course is taken on a "Pass-No Pass" basis (title 5 SS 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); or the California State University Inter-segmental General Education Transfer Curriculum (IGETC) pattern. Students must complete IGETC Area 1, Group C, Oral Communication to meet the AA-T/AS-T degree requirements.

Students are encouraged to complete the CSU graduation requirement in United States History, Constitution and American Ideals Requirement in their educational planning and prior to transfer. Students should meet

early with a counselor to complete a Student Education Plan (SEP).

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system that is different from the course numbers assigned by individual California Community Colleges. A

C-ID Designator next to a course means that the course is comparable in content and scope to a similar course offered by participating California colleges and universities. Thus, if a catalog lists a C-ID Designator for a course, students can be assured that the course will be accepted at another California Community College that offers a course with the same C-ID Designator.

The C-ID Numbering System is particularly useful for students attending more than one California Community College since C-ID Designators are often applied to courses students need to prepare for transfer.

Below is the current list of Berkeley City College courses that have a C-ID Designator.

2022–2023 Inter-segmental General Education Transfer Curriculum (IGETC)

Completion of all the requirements in the Inter-segmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division, GE courses to satisfy campus GE requirements. However, completion of the IGETC is not a requirement for admission to the CSU or UC system nor is the only way to fulfill lower division GE requirements (see reverse side for more information about IGETC exceptions, restrictions, and certification).

For more specific information, please see a counselor before enrolling in these courses.

The IGETC is not advisable for all transfer students. The IGETC is most advantageous for transfers who have not yet decided on a major or a campus. Once a student has identified a major, it is important to give priority toward fulfilling all required major preparation courses, particularly in "high unit" majors that select applicants on the basis of satisfaction of lower division major requirements. If a student is pursuing a major that requires extensive lower division preparation, they may be better served by taking courses which fulfill the CSU General Education/Breadth requirements or the general education of the specific UC campus or college to which they plan to transfer, examples of such majors include, but are NOT LIMITED to: Computer Science, Business, Engineering, Pre-professional schools, and Sciences. (Note: Students transferring to UC San Diego's Eleanor Roosevelt and Revelle Colleges may complete IGETC, but they must also meet specific general education requirements of those colleges).

Restrictions: A student who is initially enrolled at a UC and is returning to the same UC campus (after attending a community college) is considered a "re-admit" and cannot use IGETC. However, students who initially enroll at a UC, attend a community college and return to a different UC campus, may be able to use IGETC, but should check with the campus they wish to attend. This restriction

does not apply to students who have taken UC summer session or Extension classes only.

Certification: The "Request for Certification" form is available and can be filed in the Admissions & Records Office. Berkeley City College (Peralta Community College District) can certify either full certification (completion of all requirements in each subject-area) or partial certification (maximum of two courses missing and completed after transfer). Students are responsible for completing minimum admission requirements for the CSU and UC systems if partially certified. Note: UC Berkeley's College of Letters & Science requires full certification of IGETC (See a counselor for details). Once certification is completed, student records (transcript) will reflect the full or partial certification of IGETC. Students should request certification when a final transcript is requested to be sent to their choice of CSU or UC, the term prior to transfer. Students who transfer without certification will have to meet the general education requirements of the specific UC or CSU to which they are transferring. This may require completion of additional courses after transfer.

Official transcripts of any coursework completed outside Peralta District must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the IGETC area identified by the offering college the term the course was taken. Courses taken at other colleges or universities (other than a CA Community College) may be used on IGETC as long as the courses are determined to meet IGETC course standards. Except for courses from other California Community Colleges' IGETC, coursework from other institutions will not be used to fulfill the Critical Thinking requirement, Area 1B (See a counselor for more information).

Students are encouraged to see a counselor by appointment to discuss transfer and the IGETC option as part of an education plan. Counselors are available by appointment through the Counseling Office.

Program Learning Outcomes

Students who complete the program will be able to:

- Speak, read, and write clearly and effectively with audience awareness; analyze communications for meaning, purpose, effectiveness, and logic.
- Identify problems/arguments, isolate facts related to arguments, generate multiple solutions to problems, predict consequences, and use evidence and sound reasoning to justify well-informed positions.
- Master college-level computational skills and apply them to concrete problems; demonstrate algorithmic competence appropriate to multiple levels.
- Analyze consequences of actions taken and their impact on society and self; demonstrate collaborative involvement in community interests.
- Identify and explain diverse customs, beliefs, and lifestyles, as well as cultural, historical, and geographical issues that shape perceptions.
- Find, evaluate, use, and communicate information in all its various formats; demonstrate library literacy, research methodology, and technological literacy.
- Analyze own actions and perspectives of other persons and work effectively with others in groups.

College of Letters and Sciences: Breadth Requirements

The following are primarily the breadth requirements for the College of Letters and Sciences only. Applicants to majors offered by the College of Chemistry, the College of Engineering, the College of Environmental Design, the College of Natural Resources, and Haas School of Business should check the individual transfer agreements for exceptions and breadth requirement guidelines.

- Full completion of IGETC satisfies the Essential Skills & Seven-Course Breadth Requirements. See majors in other colleges for their Breadth Requirements.
- For more specific information, please see a Counselor before enrolling in these courses.

Requirements for the College of Letters and Science are divided into two areas:

1. Essential Skills

2. The Seven-Course Breadth

Must be completed before graduation from Berkeley, students should make every effort to complete as many of the Seven-Course Breadth areas as possible before transfer.

Guidelines:

- Requirements have to be met with course work—no AP or IB Exam credit.
- Courses may be taken for a grade of “C” or better or P/NP or CR/NC (if P or CR means “C–” or better).
- Courses must carry a minimum of 3 units.
- Courses from one’s major department may be used.
- Not more than 2 courses offered by the same department may be used.
- Courses used for breadth credit may not be used to meet R&C, QR and FL Requirements.

The California State University 2022–2023 General Education Breadth Requirements

Certificate of Achievement (Updated Annually)

Students who plan to transfer to the California State University system (CSU) are encouraged to pursue a Certificate of Achievement in Liberal Arts. Students are advised to consult with a Counselor to develop their own program of study.

CSU Transfer

The California State University System requires a transfer student seeking a bachelor's degree to complete a forty-eight (48) unit breadth requirement, distributed among five academic areas. Thirty-nine (39) of the units are lower-division courses and may be completed at Berkeley City College. The five breadth requirement areas and the courses that will satisfy the requirements of each area are listed in the following table.

- Courses that are listed in more than one area but may not be counted in more than one area.
- For more specific information, please see a counselor before enrolling in these courses.

Effective Fall 2005, the upper division transfer applicant must have completed at least 60 transferable units with a minimum GPA of 2.0. Of these a minimum of 39 units of General Education/Breadth must be completed including Areas A1, A2, A3 and B4.

Certification: The "Request for Certification" form is available and can be filed in the Admissions and Records Office. Official transcripts of any coursework completed outside Peralta District must be on file prior to accompany the certification request. Courses taken at other California Community Colleges will be placed in the CSU-GE/Breadth area identified by the offering college the term the course was taken. Courses taken at other colleges or universities (other than a CA Community College) may be used on CSU-GE as long as the courses are determined to meet CSU-GE course standards. Berkeley City College (Peralta Community College District) can certify either full certification (completion of all requirements in each subject-area) or partial certification (completion by subject-area) of the CSU-GE/Breadth. Students should request certification when a final transcript is requested to be sent to their choice of CSU, the term prior to transfer. Once certification is completed student records (transcript) will reflect the full or partial certification of CSU-GE/Breadth.

NOTE: Students must request certification of CSU general education requirements from the Office of Admissions and Records prior to transfer. For full certification of GE requirements, student must complete 9 units from area A, a minimum of 9 units from areas B, C, and D, and 3 units from area E for a total of 39 units.

Program Learning Outcomes

Students who complete the program will be able to:

- Speak, read, and write clearly and effectively with audience awareness; analyze communications for meaning, purpose, effectiveness, and logic
- Identify problems/arguments, isolate facts related to arguments, generate multiple solutions to problems, predict consequences, and use evidence and sound reasoning to justify well-informed positions.
- Master college-level computational skills and apply them to concrete problems; demonstrate algorithmic competence appropriate to multiple levels.
- Analyze consequences of actions taken and their impact on society and self; demonstrate collaborative involvement in community interests.
- Identify and explain diverse customs, beliefs, and lifestyles, as well as cultural, historical, and geographical issues that shape perceptions.
- Find, evaluate, use, and communicate information in all its various formats; demonstrate library literacy, research methodology, and technological literacy.
- Analyze own actions and perspectives of other persons and work effectively with others in groups.

Academic Policies and Procedures

As a Berkeley City College student, you should be familiar with college policies and regulations. This section includes information about a variety of academic policies, including attendance regulations, grades and grading options, course repetition, study load limits, and transcripts.

Take a few moments to read through this important material. If you have questions, contact your counselor or instructor.

Academic Policies and Procedures

Academic Recognition—Honor Roll

You are placed on the Honor Roll if you complete 12 or more units with a semester grade point average of 3.25 or better. Your honor status GPA (grade point average) is computed on the basis of units attempted and completed District-wide, and your Honor Roll status is assigned to the college where you complete the majority of your units for a particular semester.

(Units awarded in "P" graded classes are not counted in the GPA calculation.)

Graduation with Honors—Associate Degree Honors

If you maintain an overall GPA of 3.25 or better and complete all the required coursework for an Associate degree, you can graduate with honors. You can earn one of three levels of honors at graduation: "With Honors," "With High Honors," and "With Highest Honors."

- To earn the Associate degree "With Honors" (Cum Laude), you must have an overall cumulative grade point average of 3.25 to 3.49.
- To earn the Associate degree "With High Honors" (Magna Cum Laude), you must have an overall cumulative grade point average of 3.50 to 3.74.
- To earn the Associate degree "With Highest Honors" (Summa Cum Laude), you must have an overall cumulative grade point average of 3.75 to 4.0.

Your honor status GPA is computed on the basis of units attempted and completed District-wide, excluding non-Associate degree courses numbered 250–299, 348, and non-credit courses numbered 400–699. Also, all lower-division units that you have earned from regionally accredited degree-granting institutions outside of the Peralta District colleges are included in the GPA calculation. Finally, your honor status is assigned to the college awarding the Associate degree.

Academic Renewal Policy

It is possible for you to have two semesters or 24 total units of poor grades ("D", "F", "FW", or "NP") earned within the Peralta District colleges forgiven when computing

your cumulative grade point average. To do this, you must formally/legally petition to have your poor grades (substandard grades) alleviated and disregarded in the calculation of your cumulative grade point average. You petition by obtaining and submitting the form "Alleviation of Substandard Academic Performance" at the Office of Admissions and Records. (Available online at: <http://web.peralta.edu/admissions/academic-renewal-alleviation/>)

A minimum of two semesters or a maximum of 24 semester units of coursework at all Peralta Colleges which has been legally petitioned may be alleviated and disregarded in the computation of cumulative grade-point averages. You must meet the following conditions to be eligible for academic renewal:

- a. A period of one year must have elapsed since you received the poor grades that you want to petition to be alleviated;
- b. You must have completed at least 15 units of coursework, either in the Peralta Community College District or another regionally accredited college or university, with a GPA of 2.5 since receiving the grades you are petitioning to be disregarded; and
- c. You must formally petition and present evidence that the poor grades earned are not representative of your present scholastic ability and level of performance.

Coursework completed at an institution outside the Peralta District cannot be used to satisfy this requirement.

Please note: When coursework is forgiven, the permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history. Veterans who request alleviation of substandard academic performance may be required to reimburse the VA for changes in these benefits.

Academic Standing

Good Standing

To remain in good academic standing, you must maintain a cumulative grade point average of 2.0 or higher.

If your cumulative grade point average is less than 2.0 at the end of any term, you will be placed on academic probation and considered scholastically deficient. There are two types of scholastic deficiency: probation and dismissal. There are two types of probation: academic and progress. Similarly, there are two types of dismissal: academic and progress.

Academic and Progress Probation

- **Academic Probation**
If you have attempted at least 12 semester units and have a cumulative GPA of less than 2.0 in the Peralta Community College District, you will be placed on academic

probation. You will receive special counseling, including consideration of possible reduction of your study load. If you have a cumulative grade point average of less than 2.0 at the end of any term, either semester or summer session, you will be placed on academic probation during the following term of attendance and shall remain on academic probation until your cumulative grade point average is 2.0 or higher. You will also lose priority registration.

- **Progress Probation**
If you have enrolled in a total of at least 12 semester units as indicated on your total academic record in the Peralta Community College District, you shall be placed on progress probation when the percentage of "W", "I", and "NP" grades recorded reaches at least 50% of all grades recorded. You will remain on progress probation until your percentage of "W", "I", and "NP" grades falls below 50% of all grades recorded. You will also lose priority registration.
- **Probation Procedures**
Once you are placed on probation, you must then meet with a Counselor to gain clearance for registration and to discuss strategies for improving your academic performance, including possible reduction of your study load. You are removed from Academic Probation and acquire good standing when your cumulative grade-point average is 2.0 or higher. You are removed from Progress Probation and acquire good standing when the percentage of units with entries of "W", "I", and "NP" drops below 50 percent.

Academic and Progress Dismissal

- **Academic Dismissal**
If you have been placed on academic probation and you earn a cumulative grade point average of less than 1.75 in all units attempted in each of three (3) consecutive semesters, you become subject to dismissal. Summer session and regular intercessions are considered a semester.
- **Progress Dismissal**
If you have been placed on progress probation, you are subject to dismissal if the percentage of units in which you have been enrolled reaches or exceeds 50% in at least three (3) consecutive semesters for which entries of "W", "I", and "NP" grades are recorded.
- **Dismissal Procedures**
Once you are placed on dismissal, you must either make an appointment to see a Counselor or attend a workshop to address the reasons you are on probation and petition for readmission. A Counselor will make a recommendation to the Vice President of Student Services or the Dean of Student Services regarding the possibility of continued registration. You will be notified within a specified time regarding whether or

not your petition for readmission is approved or denied.

Course Repetition Administrative Procedure

The Peralta Community College District Administrative Procedure 4225 provides detail regarding course repetition and course repeatability and should be referenced. This procedure follows state regulations in Title 5.

Following is a summary and is not intended to replace or change Administrative Procedure 4225:

A. Students may petition to repeat a course for one of the following reasons:

1. To alleviate substandard academic work ("D," "F," "FW," "NP," or "NC") or because a "W" was earned. (Two repeats permitted; thus you can only take the course three times).
2. To meet a "legally mandated training requirement as a condition of continued paid or volunteer employment" (documentation required).
3. To address a "significant change in industry or licensure standards which is necessary for a student's employment or licensure" (documentation required).
4. Because of "extenuating circumstances" including verified cases of accidents, illness, or other circumstances beyond the student's control.
5. Because "another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question" (documentation required).
6. Because of a "significant lapse of time" (no less than 36 months) and "there is a properly established recency prerequisite for the course or program pursuant to Title 5 section 55003."

B. Students can repeat courses for one of the following reasons and a petition is not required.

1. A student is permitted to enroll in a variable unit open-entry/open-exit course as many times as necessary to complete the entire curriculum of the course once.
2. A student may repeat Cooperative Work Experience for a total of 16 semester units, with a maximum of six (6) semester credit hours during one enrollment period in general work experience and a maximum of 8 semester credit hours during one enrollment period in occupational work experience.
3. A student may repeat a course which is designated as repeatable because repetition of that course is required by CSU and/or UC for completion of a bachelor's degree.
4. A student may repeat a course for purposes of Intercollegiate Athletics

Academic Policies and Procedures

(350 contact hours per year per sport and 175 contact hours in courses that focus on conditioning and skill development) or participation for up to four (4) semester enrollments in that course.

5. A student may repeat courses that are designed specifically for participation in non-athletic competitive events between students from different colleges and the event is sanctioned by a formal collegiate or industry governing board.
 6. A student may enroll in active participatory courses in physical education, visual or performing arts that are related in content for no more than four (4) courses in each content area (even if a "W" is received).
- C. A student with a disability may repeat a special class for students with disabilities any number of times based on an individualized determination that such repetition is required as a disability-related accommodation for that particular student for one of the reasons specified in Title 5 section 56029.

As noted above, in many instances, course repetition requires completion of the "Course Repetition Form" which is available online at: <http://web.peralta.edu/admissions/files/2011/06/Course-Repetition-Due-to-Substandard-Grade-11-5-14.pdf>.

Independent Study

Independent Study allows a student to explore an area of study or project of his/her choice not covered by regular catalog offerings. Such study may include directed field experience, research, or development of skills and competence.

Conditions for Independent Study

- A. You must have completed 12 semester units at the college.
- B. You must be concurrently enrolled in at least one other class at the college.
- C. You can enroll in one (1) Independent Study course in any given semester which cannot exceed five (5) units.
- D. You can earn a maximum of five (5) units in any one discipline, regardless of the number of repeats.

Approval Process for Independent Study

- A. You must demonstrate that your background is adequate for the proposed course of study and you must have prior successful academic experience in the particular discipline of study.
- B. You must submit the required Independent Study form, with a written request, including an outline of the project to the instructor (contract full-time instructor) and obtain written approval prior to the end of the second week of the semester.
- C. You must have approval of the department chair.
- D. You must have the approval of the Office of Instruction.

Independent Study Course Characteristics

- A. Independent Study courses are conducted by full-time instructional faculty; are graded in a manner consistent to other course offerings; and you have access to the instructor during the instructor's office hours or at other times with the instructor's consent.
- B. These courses may count as electives and generally do not fulfill specific Associate degree requirements.
- C. Transfer credit for Independent Study (49's) is contingent upon an evaluation of the course by the receiving University of California. Independent Study (49's) transfers as elective credit to the CSU system.

Credit by Examination

Berkeley City College presently offers a credit by examination option for the following courses:

- Mathematics 201, Elementary Algebra;
- Mathematics 203, Intermediate Algebra, to meet the Associate degree general education requirement (see "Associate Degree Requirements (cont'd)" on page 55, Plan II);
- American Sign Language 52, 52A, 52B, 53, 53A, 53B;
- CIS 200, Computer Concepts and Applications, to meet the Associate degree general education requirement (see "Associate Degree Requirements (cont'd)" on page 55, Plan II)
- MM/AN 1B, 3A, 10, 20A, MMART 3

As other courses are established with a credit-by-examination option, the college will publish them in the Berkeley City College Catalog and Catalog Supplement.

If you are a registered student who is attending classes, are in good standing (not on probation), and have completed at least 12 semester units at Berkeley City College, you may petition to take an equivalency examination in the courses listed above. You may obtain a "Petition for Credit by Examination" from the Office of Admissions and Records, a Counselor, or online at: <http://web.peralta.edu/admissions/files/2011/06/Petition-for-credit-by-examination-02-16-2016-rev.pdf>. You should accompany the petition form with evidence of knowledge or experience in the content of the course. The department chairperson for the course involved makes the final determination of eligibility to challenge a course by examination.

You may accrue a maximum of 15 semester units using credit by examination. The District will record units earned on your record as a letter grade or "P" as determined by each department and grading policy. You are not permitted to challenge by examination any course of a lower level than a course you have previously completed.

Credit by examination is not part of your current work load and cannot be counted toward the 12-unit residency, veteran's benefits, financial aid, athletic eligibility, or similar purposes.

College Credit for Advanced Placement (AP) Tests, International Baccalaureate (IB), and the College-Level Examination Program (CLEP)

General Guidelines

In order to receive credit for either AP, IB, or CLEP:

- You must be enrolled in the Peralta Community College District to apply for such credit;
- You are not required to have completed any specific number of units in the Peralta Community College District prior to applying for such credit;
- You may use units earned through any of these exams to meet Certificate (AP only) and Associate Degree requirements (to see the unit values awarded by the Peralta District for any of these exams, please see the charts that follow each section);
- You may not use units from these exams to satisfy financial aid, veterans, or EOPS eligibility criteria;
- You may not use units from these exams to satisfy the 12-unit residency requirement at any of the Peralta Community College District's four colleges; and
- If you have earned credit from an AP exam, you should not enroll in a comparable college course because credit will not be granted for both the exam and the course.
- You must be enrolled in the Peralta Community College District to apply for such credit.

Advanced Placement Tests

You will be granted credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) tests with scores of 3, 4, 5 (see the AP chart which follows) in specific subject areas for certificates, Associate degrees, CSU General Education Breadth certification and IGETC certification.

The unit/credit value granted for a college certificate or Associate degree may vary from the unit/credit value given by a UC or a CSU.

You may use units earned by AP examinations toward CSU, General Education Breadth Certification, (partial or full), according to the CSU approved list below and you may use units earned by AP examinations to meet Inter-segmental General Education Transfer Curriculum (IGETC) as per the approved list below.

Each AP exam may be applied to one IGETC area as satisfying one course requirement, with the exception of Language Other Than English (LOTE).

There is no equivalent AP exam for IGETC Area 1B or CSU GE Breadth Area A3, Critical Thinking/Composition. There is no equivalent AP exam for IGETC Area 1C or CSU GE Breadth Area A1, Oral Communication.

If you have passed more than one AP exam in Calculus, only one exam may be used for credit/unit purposes for a certificate, Associate degree, CSU GE certification, and IGETC certification.

Some four-year institutions (e.g., out-of-state, independent) may not accept AP credit. Actual transfer credit awarded for admission is determined by the CSU and UC. Individual CSU and UC campuses continue to determine the applicability and quantity of AP credits granted toward major or baccalaureate degree requirements.

In some areas, CSU grants additional units for elective credit toward eligibility for admission. The CSU campus to which you transfer determines the total number of units to be awarded for successful completion of Advanced Placement examination(s) and how the exam scores may apply to other graduation requirements.

For IGETC certification, AP exams in Biology, Chemistry, or Physics B allow a community college to apply 4 semester or 5 quarter units to IGETC certification (as noted in the chart below). For Environmental Science, Physics C: Mechanics and Physics C: Electricity. Magnetism, 3 semester or 4 quarter units are applied for IGETC certification (as noted below); therefore, students who have completed these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5.

The University of California Advanced Placement Policy can be found at its website:

<http://admission.universityofcalifornia.edu/counselors/exam-credit/ap-credits/index.html>

The California State University Advanced Placement Policy can be found at its website:

<https://www2.calstate.edu/apply/transfer/Pages/advanced-placement-ap.aspx>

Advanced Placement Exam Procedures

If you wish to apply for AP credit having received a score of 3, 4, 5 on any of the exams listed below, you should:

1. Obtain a "Petition for Advanced Placement Examination Credit" from the Admissions and Records Office
2. Attach official copies of AP score reports from the College Board or an official copy of your high school transcript (if it reports Advanced Placement Examinations)
3. Take the completed petition and supporting documentation to a Counselor for review
4. If you wish to receive credit for an AP examination not on this list, you should obtain a petition from the Admissions and Records Office and submit it to the Vice President of Instruction, who will evaluate requests on a case-by-case basis.

¹ If a student passes more than one AP exam in calculus or computer science, only one examination maybe applied to the baccalaureate.

² If a student passes more than one AP exam in physics, only six units of credit maybe applied to the baccalaureate, and only four units of credit maybe applied to a certification in GE Breadth.

International Baccalaureate (IB) Examination Program

The Peralta Community College District may award International Baccalaureate Examination (IB) credit towards an Associate Degree General Education Requirement, or for CSU GE or IGETC transfer certification to those who attain an appropriate score on Higher Level (HL) Exams. If you are intending to transfer to a four-year institution, you should consult with a Counselor or the individual institution regarding its (IB) credit policy for

major course work. A score of 5, 6, or 7 on Higher Level exams is required to grant credit for IGETC and CSU GE Breadth certification. The exception for CSU GE Breadth certification: a score of 4 on the following IB subjects is considered a passing score, Language A1 (any language) HL, Language A2 (any language) HL, Language B (any language) HL, Mathematics HL, and Theatre HL. An acceptable IB score for IGETC or CSU GE Breadth equates to either 3 semester or 4 quarter units for certification purposes. If you have earned credit from an IB exam, you should not enroll in a comparable college course because credit will not be granted for both.

If you wish to apply for IB credit, please follow the steps below:

1. Obtain a "Petition for International Baccalaureate Examination Credit" form from the Admissions and Records Office
2. Attach an official IB transcript
3. Take the completed petition and supporting documentation to a Counselor for review

College-Level Examination Program (CLEP)

The following CLEP examinations can be used for credit toward a Certificate, Associate degree, or CSU GE Breadth certification. CLEP exams cannot be used for IGETC certification.

You must have achieved at least a score of 50 on any of the following exams with the exception of a score of 59 on French Level II, 60 on German level II, and 63 on Spanish level II.

If you have earned credit from a CLEP exam, you should not enroll in a comparable college course because credit will not be granted for both.

CSU may grant additional units for elective credit toward eligibility for admission. Also, there are some CLEP exams not listed below for which CSU may grant elective credit.

Please check with the CSU to which you plan to transfer. The California State University CLEP Policy can be found at their website: <http://Castlereagh/acadAff/codedmemos/AA-2015-02.pdf>

If you wish to apply for CLEP credit, you should:

1. Obtain a "Petition for CLEP Credit" from the Admissions and Records Office;
2. Attach official copies of CLEP score reports from the College Board; and
3. Take the completed petition and supporting documentation to a Counselor for review.

Grading Policies and Grade Symbol Definitions

Each Peralta college uses the following evaluative and non-evaluative symbols in the grading of a student in conformance with those related provisions of the California Administrative Code, Title 5.

Evaluative Symbols/Grading Scale

Symbol	Definition	Grade Point
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Passing, less than satisfactory	1
F	Failing	0
FW	Failing	0
I	Incomplete	0
P	Pass	0
NP	No Pass	0
SP	Satisfactory Progress	0
IP	In Progress	0
RD	Report Delayed	0
W	Withdrawal	0
MW	Military Withdrawal	0
EW	Excused Withdrawal	0

FW Failing

The FW grade indicates a failing grade because the student has ceased to participate in the class sometime after the withdrawal deadline. The FW grade is treated in the same manner as an F grade for the purposes of calculating grade point average, course repetition, and academic standings for probation/dismissal.

I Incomplete

The grade of I is only appropriate when the student has completed a minimum of two-thirds of the work for the course with a passing grade.

Conditions for removal of the "I" and the grade assigned shall be filed with the Office of Admissions and Records and a copy given to the student. A final grade shall be assigned when the stipulation has been completed, or when the time limit for completing the work has passed. The "I" symbol must be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. A time extension beyond one year but not to exceed one semester or quarter may be granted by petition. If the stipulation has not been met by the allotted time the incomplete symbol will revert to an assigned incomplete grade.

Incomplete defaults:

- I-B: The I-B grade defaults to an assigned grade of a B
- I-C: The I-C grade defaults to an assigned grade of a C
- I-D: The I-D grade defaults to an assigned grade of a D
- I-F: The I-F grade defaults to an assigned

grade of a F

P Pass

At least satisfactory; units awarded not counted in GPA.

NP No Pass

Less than satisfactory, or failing; units not counted in GPA.

SP Satisfactory Progress

Satisfactory Progress towards completion of the course (Used for noncredit courses only and is not supplanted by any other symbol).

IP In Progress

The "IP" symbol shall be used to indicate that the course extends beyond the normal end of an academic term. It indicates that work is "in progress," but that assignment of a grade must await its completion. The "IP" symbol shall remain on the student's permanent record in order to satisfy enrollment documentation. The appropriate grade and unit credit shall be assigned and appear on the student's record for the term in which the course is completed. The "IP" shall not be used in calculating grade point averages.

RD Report Delayed

The "RD" symbol may be assigned by the Office of Admissions and Records only. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is temporary. This temporary symbol shall not be used in calculating grade point averages and shall be replaced by a permanent symbol as soon as possible.

W Withdrawal

A withdrawal reported to the Office of Admissions and Records during the first four weeks of instruction (or thirty percent [30%] of instruction under the semester system, summer session, intersession and short-term courses) shall not be noted on the student's academic record.

A "W" symbol can be awarded any student between the end of the fourth week of instruction and the end of the fourteenth week of instruction (or between 30–75% of instruction under the semester system, summer session, intersession, and short-term courses).

The academic record of a student who has not withdrawn from class or has not been dropped by an instructor within the time allowed by this policy must reflect a grade other than "W" as awarded by the instructor. The "W" symbol shall not be used for academic probation but only for progress probation.

A "W" shall not be assigned "if a determination is made pursuant to (Title 5) sections 5900 et seq. that the student withdrew from the course due to discriminatory treatment or due to retaliation for alleging discriminatory treatment or that the student withdrew because he or she reasonably believed that remaining in the course would subject him or her to discriminatory treatment or retaliation for alleging discriminatory treatment." In such instances, no symbol will be assigned.

MW Military Withdrawal

The "MW" shall be assigned only for students who are members of an active or reserve military unit and who receive orders compelling a withdrawal from courses. Upon verification of orders, the "MW" symbol may be given in lieu of a grade at any time after the last day to withdraw without receiving a letter grade (14 weeks for semester colleges). The "MW" shall not be counted in determining "progress probation" and in calculating grade points for dismissal.

For students who are members of an active or reserve military unit and who receive orders compelling a withdrawal from courses, the Peralta Community College District shall, upon petition of the affected student, refund the entire enrollment fee unless academic credit is awarded.

EW Excused Withdrawal

"Excused Withdrawal" (EW) occurs when a student is permitted to withdraw from a course(s) due to specific events beyond the control of the student affecting his or her ability to complete a course(s) and may include a job transfer outside the geographical region, an illness in the family where the student is the primary caregiver, when the student who is incarcerated in a California state prison or county jail is released from custody or involuntarily transferred before the end of the term, when the student is the subject of an immigration action, or other extenuating circumstances making course completion impracticable. In the case of an incarcerated student, an excused withdrawal cannot be applied if the failure to complete the course(s) was the result of a student's behavioral violation or if the student requested and was granted a mid-semester transfer. Upon verification of these conditions and consistent with the District's required documentation substantiating the condition, an excused withdrawal symbol may be assigned at any time after the period established by the Governing Board during which no notation is made for withdrawals. The withdrawal symbol so assigned shall be an "EW." (2) Excused withdrawal shall not be counted in progress probation and dismissal calculations. (3) Excused withdrawal shall not be counted toward the permitted number of withdrawals or counted as an enrollment attempt. (4) In no case may an excused withdrawal result in a student being assigned an "FW" grade. (f) Notwithstanding the limits set forth above, apportionment will be limited as set forth in Title 5, section 58161

Pass/No Pass Option

Each Peralta College shall determine which courses can be offered on a Pass/No Pass basis and shall specify in the college catalog which courses have this option. (In absence of such a determination, a course will be presumed to be offered on a letter-grade basis.)

The student's decision to take a course for Pass/No Pass must be made prior to the fourth week of instruction (30% of instruction for summer session and short-term classes). The student must go into the Passport Student Center to choose P/NP.

All units earned on a Pass/No Pass basis in California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements, but such courses shall not be included in determining a student's grade point average.

Students planning to transfer to a four-year institution are cautioned that in most cases courses in which a grade of "P" was earned will not be counted toward their major. Furthermore, limitations are imposed on the number of units of "P" that will be counted toward a Bachelor's degree. The student should consult the catalog of the transfer institution for more specific information on regarding the use of courses in which a "P" grade was received.

Grade-Point Average

The cumulative grade-point average (GPA) is computed by dividing the total number of units a student has attempted into the total number of grade points the student has earned.

The grade-point average is determined by the following formula: Total grade points earned, divided by total semester units attempted = GPA.

Example: A student who earns 5 units of "A," 4 units of "B," 3 units of "C," 2 units of "D," and 2 units of "P" would compute the GPA as follows:

Attempted	Completed	Grade Points
5 Units	5 Units	A x 5 = 20
4 Units	4 Units	B x 4 = 12
3 Units	3 Units	C x 3 = 6
2 Units	2 Units	D x 2 = 2
0 Units	2 Units	P x 2 = 0
14 Units	16 Units	40 earned

40 grade points earned divided by 14 units attempted = 2.85 GPA

Units for which a W, MW, P, NP, or I were assigned are not counted in units attempted.

Conversion of quarter units to semester units used by all colleges and universities who are on the semester system is as follows:

Divide quarter units by 1.5 to determine the equivalent unit value in terms of semester units. For example, three quarter units of work equals two A

Enrollment in Conflicting Classes

You may not enroll in classes that conflict or overlap in time schedules.

Excess Units

You may not carry more than 18 units at the Peralta Colleges without prior approval. You must obtain counselor approval for enrollment in 18.5–21.5 units. Enrollment in 22–25 units requires approval from the Vice President of Student Services. Under no circumstances will the college grant approval above 25 units for all Peralta Colleges.

The maximum number of units for the Summer Session is 10.

Prerequisites, Corequisites and Recommended Preparation

The Peralta Community College District has established certain prerequisites, corequisites, and recommended preparation (advisory) for courses and programs in a manner consistent with law and good practice. The District and college believe that these requirements are necessary for your academic success. Students who do not meet these requirements are highly unlikely to receive a satisfactory grade in the course. You may not officially enroll in a course without the appropriate prerequisite, corequisite, or equivalent preparation. You may enroll in a course without the recommended preparation, but are advised you might not derive as much benefit from instruction as you would if you satisfy the recommended preparation.

For details, visit:

<http://web.peralta.edu/trustees/files/2013/12/AP-4225-Course-Repetition-and-Repeatable-Courses.pdf>

- **Prerequisite** means a condition of enrollment that the college requires you to meet to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that you must possess prior to enrollment and without which you are highly unlikely to succeed in the course or program. You will not be permitted to enroll in such courses and programs without the appropriate prerequisite. You must complete a prerequisite course with a satisfactory grade ("A," "B," "C," "P"). The prerequisites for each course are listed in the class schedule and in the "course announcements/descriptions" section of this catalog.

When you attempt to enroll in a course with a prerequisite online through the PASSPORT Student Center, the system checks your academic records for evidence that you have taken or are taking the prerequisites at one of the Peralta Colleges. If you are currently taking the prerequisite course, you will be allowed to enroll provisionally until the course grade is received. If the grade in the prerequisite course is below a "C," you will be automatically dropped from the higher level course. You will be informed of this by e-mail. In all other cases, you will have to take some extra step before you can enroll.

- **Corequisite** means a condition of enrollment consisting of a course that a student must take concurrently to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which a student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course. The corequisites for each course are listed in the class schedule and in the "Course Announcements" section of this catalog.
- If you enroll in a course with a corequisite, make sure to enroll in the corequisite course as well. (If you have previously taken the

corequisite course and obtained a grade of "C" or better, you don't need to enroll in it again).

- **Recommended Preparation (Advisory)** means a condition of enrollment that the college advises, but does not require you to meet before or in conjunction with enrollment in a course or educational program. Recommended preparation represents a set of skills or a body of knowledge that enables you to achieve a greater depth or breadth of knowledge of course material but without which you are still likely to succeed in a course or program.
- If a student has not shown evidence of the prerequisite or corequisite, the student will be temporarily enrolled in the course until the last day to add the class. The student will be given ample time to provide proof of prerequisite or corequisite or complete the waiver process for the prerequisite or corequisite at which time he/she will be officially enrolled. There are three options:
- Petition for Prerequisite/Corequisite Equivalency
 - Petition for Prerequisite/Corequisite Substitution
 - Prerequisite/Corequisite Challenge
- **Petition for Prerequisite/Corequisite Equivalency or Substitution**
After you have completed the English, Mathematics, or ESOL assessment test, you should meet with a Counselor regarding course placement and for removal of any prerequisite holds.
If you have completed a comparable or equivalent prerequisite or corequisite course outside the Peralta Community College District, you should meet with a Counselor and provide a transcript showing the comparable or equivalent course. If upon review, the Counselor determines that the prerequisite or corequisite course has been taken at another college, the Counselor will remove the prerequisite hold and the student will be able to enroll in the course.
 - **Petition for Prerequisite/Corequisite Equivalency**
The District will maintain a list of courses offered at other colleges or universities that satisfy the District's prerequisites. A student who has taken one of these equivalent courses at another college or university may bring a transcript showing successful completion of the course to the Counseling Office, Admissions and Records Office or Dean's Office and complete a Prerequisite/Corequisite Equivalency form. Upon verification, the student will be officially enrolled in the course.
 - **Petition for Prerequisite/Corequisite Substitution**
If the course does not appear on the pre-approved list, the student will have to complete a Petition for Prerequisite/Corequisite Substitution with the appropriate written documentation attached (course outline and transcript). If, upon review by the Department Chair, Dean, and/or Vice President of Instruction, the course is determined to be an equivalent prerequisite, the student will be officially enrolled in the course.
 - **Petition for Prerequisite/Corequisite Challenge**
If a student desires to challenge the

prerequisite or corequisite, he/she must file a petition for Prerequisite/Corequisite Challenge with written documentation to the Office of Admissions and Records. A challenge will be resolved by the appropriate staff within five (5) working days. If the challenge is upheld, the student will be officially enrolled in the course. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term; and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student enrolls for the subsequent term. If the challenge is not upheld, the student will be notified that he/she has been dropped from the course. The student shall bear the initial burden of showing that grounds exist for the challenge.

Grounds for challenge shall include at least one of the following:

1. You have acquired through work or life experiences the skills and knowledge that is presupposed in terms of the course or program for which it is established.
2. You have not yet been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance, or one or more of the courses for which enrollment has been limited to a cohort of students and would be delayed by a semester or more in attaining the degree or certificate specified in your Student Educational Plan.
3. You demonstrate that you do not pose a threat to yourself or others in a course which has a prerequisite established to protect health and safety.
4. The prerequisite is not necessary and appropriate for success in the course and has not been established in accordance with the District's process for establishing prerequisites and corequisites.
5. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
6. You will be subject to undue delay in attaining the goal in your educational plan because the prerequisite or corequisite course has not been made reasonably available.

Upon submission of the "Petition for Prerequisite/Corequisite Challenge" you will be able to enroll in the class. The challenge will be resolved by the appropriate faculty member within five (5) working days. If the challenge is upheld, you will be officially enrolled in the course.

If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term, and if the challenge is upheld, you shall be permitted to enroll if space is available when you enroll for the subsequent term. If the challenge is not upheld, you will be notified in writing that they have been dropped.

Scholastic Standards

Each instructor assigns grades to students based on standards established as appropriate for each class. An instructor may use written

papers, participation in class discussions, oral presentations, projects, laboratory experiments, midterm and final examinations, and other methods to demonstrate learning as well as class attendance/participation to determine grades. You are responsible for complying with the criteria the instructor uses in grading; consult your course syllabus for details. You should consult with instructors during office hours for assistance.

Grade Corrections

The District will change no grade without the consent, in writing, by the instructor who assigned the grade except under the conditions of clerical errors, bad faith, fraud, and incompetency.

No grade changes will be made if two years have passed since the end of the semester for which the instructor assigned the grade. Grades are not subject to change by reason of a revision of judgment on the instructor's part. An instructor may revise an Incomplete ("I") only on the basis of a new examination or additional work undertaken as agreed upon when the ("I") grade was originally submitted.

The Request for Record Correction form is available online at: www.peralta.edu/Projects/322/A_R_Forms/Request_for_Record_Correction.doc

Transcript of Record

The Peralta Community College District has retained Credentials, Inc. to accept transcript orders online through their secured site. You must pay transcript fees at the time you submit your request. The first two transcripts ever requested are free; thereafter, \$6.00 per copy for regular service, mailed within 7 to 10 business days and \$12.00 for rush service mailed within 3 to 5 business days. See the website for other expedited delivery options: <http://web.peralta.edu/admissions/official-transcript-request/>. Students can order official transcripts even if they owe for fees and tuition (AB 13)

Your official transcripts will include all coursework completed at Berkeley City College, College of Alameda, Laney College, and Merritt College. (**Note: The \$2.00 handling charge applies to all free transcripts.**)

Transfer Credit from Other Colleges

Students transferring from another accredited institution may request to use some of this credit to meet Peralta District degree or certificate requirements. Official transcripts should be sent directly from the transfer institution to the District Admissions and Records office. The review of transfer units occur when the graduation petition is submitted to the college Admissions and Records office. External transcripts become the property of the Peralta Community College District. Transcripts submitted to Peralta District will not be released to students, other colleges or other agencies.

Classroom Recording

Students must have permission from the instructor(s) to make audio or video recordings or take photographs in the classroom.

Students with disabilities who need to use classroom recording as an accommodation should contact the Disabled Students Programs and Services (DSPS) Office to make the necessary arrangements and do so in a timely manner.

Associate Degree and Certificate Programs

This section describes the requirements for completing Associate degrees and certificates. The units for each associate degree or certificate vary according to the program you choose. In the section following this one, you will find the list of degree and certificate programs offered at Berkeley City College.

If you pursue a degree or certificate, you should meet with a BCC counselor to review the requirements and to develop a Student Educational Plan (SEP). Once you develop your educational plan, you should meet regularly with your counselor to review your progress.

As you near the completion of your degree or certificate, you must file a petition to have your course work evaluated. BCC's class schedule provides you with deadline dates for filing the petition. We will look forward to your participation in our graduation ceremony held at the end of the spring semester.

Associate Degree and Certificate Requirements

The State Chancellor's Office, California Education Code, and the Board of Trustees of the Peralta Community College District prescribe the requirements for awarding associate degrees and certificates. Berkeley City College offers four types of associate degrees. The Associate in Arts (AA), the Associate in Science (AS), the Associate in Arts for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) degrees. For additional information regarding the AA-T and AS-T degrees, see "Transfer Information" on page 26.

The Associate in Arts (AA) and the Associate in Science (AS) require the completion of all Berkeley City College (Peralta Community College District) general education graduation requirements (see "Associate Degree General Education Requirements" on page 54) and specified major degree requirements.

The Associate in Arts for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) are designed to provide a clear pathway to a CSU major and baccalaureate degree. Students who are awarded an AA-T or AS-T are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. You should meet with a Counselor regarding these degrees and complete a Student Education Plan.

The Associate Degrees for Transfer (AA-T or AS-T) require the completion and certification of the California State University General Education (CSU GE: see "The California State University 2022–2023 General Education Breadth Requirements" on page 37) or the Inter-segmental General Education Transfer Curriculum (IGETC) pattern (see "2022–2023 Inter-segmental General Education Transfer

Curriculum (IGETC)" on page 31) as well as the specific Associate Degree for Transfer (AA-T or AS-T) major degree requirements.

If you are completing an Associate Degree, you are responsible for filing all transcripts of previous college work and for filing a "Petition for an Associate Degree" by the deadline date during the semester in which you plan to complete the requirements. If you are completing a certificate, you are responsible for filing a "Petition for a Certificate" by the deadline date during the semester in which you plan to complete the requirements. (See the college calendar in the class schedule for deadline dates.)

Overall Requirements for An Associate in Arts (AA) Degree or Associate in Science (AS) Degree

If you are a candidate for the Associate degree (AA or AS), you must complete at least 60 units which include courses in a major, general education, and electives, as necessary.

1. You must complete at least 19 units in general education (see below for details).
 2. The college requires a minimum number of 18 units for the major. The maximum number of units varies with the major. You should refer to the individual curriculum patterns for this information. You must earn a grade of "C" or better in each course in the major.
- Note:** When the units from general education and the major do not total 60 units, you must complete any degree-applicable course(s), referred to as electives, until you obtain the total of 60 units.
3. You must take at least 12 of the required units at Berkeley City College.
 4. You must achieve a minimum grade-point average of 2.0 (C) in EACH of the following:
 - Overall grade-point average; AND
 - General education requirements
 5. You must earn a grade of "C" or better for each course in the major and in areas 4a and 4b of general education.

Catalog Rights

Students completing the requirements for the Associate degree (local), the Associate Degree for Transfer, Certificate of Achievement, or Certificate of Proficiency have catalog rights. Your catalog rights are defined as maintaining enrollment in at least one semester per academic year, excluding summer session and intersession, in any of the Peralta Colleges. The withdrawal symbol (W) constitutes enrollment. Your catalog rights include the following:

1. The regulations in effect at the time you entered the college, provided you have been in continuing enrollment until you have

completed the requirements for the degree/certificate*;

2. The regulations current at the time you re-enter the major program and remain in continuing enrollment until you complete the requirements of the degree/certificate*;
- OR
3. The regulations current at the time you file and receive the degree/certificate.

Associate Degree General Education Requirements

(Not for AA-T or AS-T)

General education requirements for the Associate in Arts and Associate in Science degrees appear below:

- ☐ A minimum grade point average 2.0 or better is required in both overall grade point average and G.E. Requirements.
- ☐ Grade "C" or better is required in each course for the major, English Composition (Area 4a) & Mathematics (Area 4b).
- ☐ Eligibility for graduation upon satisfactory completion of 60 degree-applicable units.
- ☐ At least 12 of the 60 degree-applicable units must be completed at Berkeley City College.
- ☐ While a course may satisfy more than one G.E. Requirement, it may not be counted more than once, (see exception for Ethnic Studies—Area 5).
- ☐ It is the student's responsibility to file a "Petition for an Associate Degree" by the deadline date (see Class Schedule for deadline).
- ☐ For more specific information, please see a Counselor before enrolling in these courses.

For more specific information, please see a Counselor before enrolling in these courses.

Note: While a course might satisfy more than one general education requirement, the college will not count it more than once for this purpose (see Exception for Ethnic Studies courses). PCCD will accept a course with a minimum of 4 quarter units to satisfy an area that requires a minimum of 3 semester units and a course with a minimum of 1.5 quarter units to satisfy Area 4c, which requires a minimum of 1 semester unit.

The following list of courses reflects general education courses taught at Berkeley City College. The college will revise this list each semester as courses are added or deleted from the curriculum:

Certificates

Certificate of Achievement

The college grants certificates of achievement to students who complete the required courses in accordance with state approved prescribed standards. The requirements for the certificate vary with each occupational curriculum; some

may require more than one or two years to complete depending on course scheduling.

Certificates of Achievement come in two forms, depending on the curriculum. Certificates of Achievement are approved by the State Chancellor's Office of the California Community Colleges.

(1) The first type of Certificate of Achievement requires a minimum of 18 semester units in the major, a grade of "C" or better in each course, and at least 12 units of associate degree level work completed at Berkeley City College. (2) The second type of Certificate of Achievement requires completion of 12 – 17.5 units in a specified program of courses with a grade of "C" or better in each course.

Certificate of Proficiency

The college grants a certificate of proficiency to you if you complete the required courses in accordance with the college's prescribed standards. The requirements for the certificate vary with each program. Requirements include up to 17.5 units and a grade of "C" or better in each course. A Certificate of Proficiency will not appear on your transcript.

Certificates of Proficiency do not qualify for Financial Aid.

AMERICAN SIGN LANGUAGE PROGRAMS

Berkeley City College's ASL Program enables students to acquire the communicative competence in ASL and the cultural sensitivity needed to interact successfully with members of the American Deaf community. American Sign Language (ASL) is the fourth most used language in the United States. It is the major language that the American Deaf population uses.

Students who will benefit from this program include the following: those who wish to expand their language skills and cultural knowledge to enhance other majors (e.g., interpreting, education, social work, and psychology); those who need to fulfill a university foreign language requirement; parents of deaf children; and deafened adults. Students will develop skills which will also make them more marketable to potential employers who encounter the Deaf.

ANTHROPOLOGY

Anthropology

Associate in Arts for Transfer Degree (AA-T)

The Associate in Arts in Anthropology for Transfer Degree is designed for students who plan to transfer to a four-year institution as anthropology majors. In this program, the students gain exposure to the four subfields of anthropology (biological, archaeological, cultural, and linguistic anthropology).

Students who successfully complete the AA-T in Anthropology earn specific guarantees for transfer to the CSU system: admission to a CSU with junior status and priority admission to a CSU campus and to a program or major in anthropology or a similar major. Students transferring to a CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

Students are required to complete 60 semester units that are eligible for transfer to a California State University, including both of the following: (1) The Inter-segmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements and (2) 18–20 semester units with a grade of C or P or better in the major and an overall minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. For a more detailed description of Associate Degrees for Transfer, see "Associate Degrees for Transfer (ADT) to a California State University" on page 30.

Students are advised to consult with a Berkeley City College Counselor and/or the Social Sciences Department Chair for additional information and to verify transfer requirements.

ANALYTICAL CHEMISTRY

Analytical Chemistry

Associate in Science Degree and Certificate of Achievement*

Chemistry technicians perform very important roles in analytical laboratories in academic, research and industrial institutions. They perform duties such as assisting instructors prepare materials for laboratory classes, assisting researchers collect and analyze scientific data, or gathering data for product quality control in industries. At Berkeley City College we offer a two-year (four-semester) Analytical Chemistry program designed to provide individuals with the analytical skills needed for entry-level employment as laboratory technicians in those institutions. At the same time, the Analytical Chemistry program at BCC also prepares students for transfer to four-year colleges or universities.

Career Opportunities

Entry level technicians in State and Federal laboratories, academic research laboratories, industrial, pharmaceutical and environmental health laboratories.

COMMUNICATION STUDIES

Communication Studies

Associate in Arts for Transfer Degree (AA-T)

The Associate in Arts in Communication for Transfer Degree is designed to prepare students to complete the baccalaureate degree in communication upon transferring into the CSU system. Communication skills are essential to forming and maintaining personal relationships, acquiring and excelling in a job, and relating to the world around us. Through the study and practice of interpersonal, professional, and inter-cultural communication skills, students will learn how their perceptions and self-esteem affect their interactions with others. Beyond this, students will improve their abilities to speak, write, and present information effectively, whether in face-to-face interactions or in public or mass-media settings.

Students who successfully complete the AA-T in Communication Studies earn specific guarantees for transfer to the CSU system: admission to a CSU with junior status and priority admission a local CSU campus and to a program or major in communication studies or a similar major. Students transferring to a CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

Students are required to complete 60 semester units that are eligible for transfer to a California State University, including both of the following: (1) The Inter-segmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements and (2) 18–19 semester units with a grade of C or P or better in the major and an overall minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. For a more detailed description of Associate Degrees for Transfer, see "Associate Degrees for Transfer (ADT) to a California State University" on page 30.

Students are advised to consult with a Berkeley City College Counselor for additional information and to verify transfer requirements.

ENGLISH PROGRAMS

English

Associate in Arts for Transfer Degree

Berkeley City College's English AA-T serves students with a wide variety of goals, including transfer to UC, CSU, or other four-year institutions. Students intending to transfer to U.C. Berkeley with the English major can complete all of the lower-division major preparation coursework at BCC (English 17A or B, 85A, 85B, and 85C). They will learn high-level skills in essay composition and literary analysis.

Students who successfully complete the AA-T in English earn specific guarantees for transfer to the CSU system: admission to a CSU with junior status and priority admission to a CSU campus and to a program or major in English or a similar major. Students transferring to a CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

Students are required to complete 60 semester units that are eligible for transfer to a California State University, including both of the following: (1) The Inter-segmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements and (2) 22 semester units with a grade of C or P or better in the major and an overall minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. For a more detailed description of Associate Degrees for Transfer, see "Associate Degrees for Transfer (ADT) to a California State University" on page 30.

Students are advised to consult with a Berkeley City College Counselor for additional information and to verify transfer requirements.

Liberal Arts: Arts and Humanities

Associate in Arts Degree

The AA in Liberal Arts with an emphasis in Arts and Humanities provides students with a broad perspective on culture and artistic expression of human beings and societies. It is designed to stimulate appreciation for and understanding of values, ideas, and artifacts of culture and society, specifically as these relate to how different cultures through the ages have responded to themselves and the world around them through the production of creative forms of expression. Critical thinking skills and self-understanding through these courses provide a framework for lifelong study in the liberal arts. Successful completion of the curriculum in Arts and Humanities offers students a breadth of knowledge that could be focused into single discipline degrees as well as applied to an interdisciplinary degree. The degree is intended for those who are considering transfer but have not decided on a major; those who are required to complete a degree for job promotion; or individuals who may wish to further their education and are considering a major that is interdisciplinary

Associate in Science for Transfer Degree (AS-T)

Students who successfully complete the AS-T in Mathematics earn specific guarantees for transfer to the CSU system: admission to a CSU with junior status and priority admission to a local CSU campus and to a program or major in Mathematics or a similar major. Students transferring to a CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

Students are required to complete 60 semester units that are eligible for transfer to a local CSU campus, including both of the following:

(1) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements and (2) 21-23 semester units with a grade of C or P or better in the major and an overall minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. For a more detailed description of Associate Degrees for Transfer, see “Associate Degrees for Transfer (ADT) to a California State University” on page 30.

Students are advised to consult with a Berkeley City College Counselor for additional information and to verify transfer requirements.

PHILOSOPHY**Associate in Arts for Transfer Degree (AA-T)**

The AA-T in Philosophy prepares students to transfer to a California State University as a philosophy major. It does this in two ways. First, it introduces students to the main questions within the major branches of philosophy, including metaphysics, epistemology, political theory, aesthetics, ethics, and logic. Second, it develops the critical thinking skills necessary for tackling those philosophical questions.

Students who successfully complete the AA-T in Philosophy earn specific guarantees for transfer to the CSU system: admission to a CSU with junior status and priority admission to a CSU campus and to a program or major in Philosophy or a similar major. Students transferring to a CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

Students are required to complete 60 semester units that are eligible for transfer to a California State University, including both of the following: (1) The Inter-segmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements and (2) 18 semester units with a grade of C or P or better in the major and an overall minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. For a more detailed description of Associate Degrees for Transfer, see "Associate Degrees for Transfer (ADT) to a California State University" on page 30.

Students are advised to consult with a Berkeley City College Counselor for additional information and to verify transfer requirements.

AP 3435: Discrimination and Harassment Complaints and Investigations

For sexual harassment under Title IX, Complainants must proceed under BP 3433 Prohibition of Sexual Harassment under Title IX, AP 3433 Prohibition of Sexual Harassment under Title IX, and AP 3434 Responding to Harassment Based on Sex under Title IX. For other forms of sexual harassment or gender-based harassment, Complainants should use this procedure.

NOTE: This Administrative Procedure will be applied in accordance with union Collective Bargaining Agreements (CBA)

I. Reporting and Filing Complaints

The law prohibits coworkers, supervisors, managers, and third parties with whom an employee comes into contact engaging in harassment, discrimination, or retaliation. Any person who has suffered harassment, discrimination, or retaliation or who has learned of harassment, discrimination, or retaliation may report harassment, discrimination, or retaliation. Complainants may have the option of filing a complaint.

II. Complaints

A complaint is a written or verbal statement filed with the District that alleges harassment, discrimination, or retaliation in violation of the District's Board Policies, Administrative Procedures, or a violation of state and federal law. Complaints must be filed with the Vice Chancellor of Human Resources and Employee Relations unless the Party submitting the Complaint alleges discrimination, harassment, or retaliation against the responsible District Officer, in which case it should be submitted directly to the Chancellor

The District may request, but shall not require the Complainant to submit a complaint on the form prescribed by the State Chancellor. A copy of the form will be available at the college Office of Student Services, District Office of Human Resources, and the District/college web sites. A complainant shall report a verbal Complaint to the Vice President of Student Services, or the College President, or the Vice Chancellor of Human Resources. The Vice President of Student Services, the College President, or the Vice Chancellor of Human Resources will take steps to ensure the writing accurately reflects the facts alleged by the Complainant.

- A Complaint must meet each of the following criteria:
- It must allege facts with enough specificity to show that the allegations, if true, would constitute a violation of District policies or procedures prohibiting discrimination, harassment, or retaliation;

- The Complainant must file any Complaint not involving employment within one year of the date of the alleged discriminatory, harassing, or retaliatory conduct or within one year of the date on which the Complainant knew or should have known of the facts underlying the allegation(s) of discrimination, harassment, or retaliation.

The Complainant must file any Complaint alleging discrimination, harassment, or retaliation in employment within 180 days of the date of the alleged discriminatory, harassing, or retaliatory conduct, except that this period shall be extended by no more than 90 days following the expiration of the 180 days if the Complainant first obtained knowledge of the facts of the alleged violation after the expiration of the 180 days. If the Complaint does not meet the requirements set forth above, the District Office of Employee Relations will promptly contact the Complainant and specify the defect. If the Complainant is unable to fix the defect in the Complaint, the Vice President of Student Services shall consider the allegations contained in the Complaint and determine the appropriate course of action. This may include efforts to informally resolve the matter or a fact-finding investigation.

Who May File a Complaint: Any student, employee, parent of a minor, or an individual with legal authority on behalf of a student or employee who believes the student or employee has been discriminated against or harassed by a student, employee, or third party in violation of this procedure and the related policy.

Where to File a Complaint: A student, employee, parent of a minor, or an individual with legal authority on behalf of a student or employee who believes the student or employee has been discriminated against or harassed in violation of these policy and procedures may make a complaint orally or in writing directed to the Vice President of Student Services, the College President, or the Vice Chancellor of Human Resources.

Complainants may but are not required to use the form prescribed by the Chancellor of the California Community Colleges. These forms are available from the District Office of Employee Relations, the District's Human Resources website, and at the State Chancellor's website.

III. Informal Complaints

Complainants filing employment-related complaints shall be notified that they may file employment discrimination complaints with the U.S. Equal Employment Opportunity Commission (EEOC) or the Department of Fair Employment and Housing (DFEH).

Any District employee who receives a harassment or discrimination complaint shall notify the Vice Chancellor of Human Resources and Employee Relations immediately.

IV. Filing a Timely Complaint

Since failure to report harassment and discrimination impedes the District's ability to stop the behavior, the District strongly encourages anyone who believes they are being harassed or discriminated against, to

Other District Policies and Procedures

file a complaint. The District also strongly encourages the filing of such complaints within 30 days of the alleged incident. While all complaints are taken seriously and will be investigated promptly, delay in filing impedes the District's ability to investigate and remediate.

All supervisors and managers have a mandatory duty to report incidents of harassment and discrimination; the existence of a hostile, offensive or intimidating work environment, and acts of retaliation. The District will investigate complaints involving acts that occur off campus if they are related to an academic or work activity of if the harassing conduct interferes with or limits a student's or employee's ability to participate in or benefit from the school's programs or activities.

V. Communicating that the Conduct is Unwelcome

The District further encourages students and staff to let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste or inappropriate.

VI. Intake and Processing of the Complaint

Upon receiving notification of a harassment or discrimination complaint, the Vice Chancellor of Human Resources and Employee Relations shall:

- Consider whether the District can undertake efforts to informally resolve the charges, including but not limited to mediation, rearrangement of work/academic schedules; obtaining apologies; providing informal counseling, training, etc.
- Advise all Parties that he/she/they need not participate in an informal resolution of the complaint, as described above, and they have the right to end the informal resolution process at any time.
- Advise a student Complainant that he/she/they may file a complaint with the Office for Civil Rights of the U.S. Department of Education and employee complainants may file a Complaint with the Department of Fair Employment and Housing. All Complainants should be advised that they have a right to file a complaint with local law enforcement, if the act complained of is also a criminal act. The District must investigate even if the Complainant files a complaint with local law enforcement. In addition, the District should ensure that Complainants are aware of any available resources, such as counseling, health, and mental health services.
- Take interim steps to protect a Complainant from coming into contact with an accused individual, especially if the Complainant is a victim of sexual violence. The Vice Chancellor of Human Resources and Employee Relations should notify the Complainant of his/her/their options to avoid contact with the accused individual and allow students to change academic situations as appropriate. For instance, the District may prohibit the accused individual from having any contact with the Complainant pending the results of the

investigation. When taking steps to separate the Complainant and accused individual, the District shall minimize the burden on the Complainant. For example, it is not appropriate to remove complainants from classes or housing while allowing accused individuals to remain.

VII. Investigation

The Vice Chancellor of Human Resources and Employee Relations shall:

- Authorize the investigation of the Complaint, and supervise or conduct a thorough, prompt and impartial investigation of the complaint, as set forth below. Where the Parties opt for informal resolution, the designated officer will determine whether further investigation is necessary to ensure resolution of the matter and utilize the investigation process outlined below as appropriate. The investigation will include interviews with the Complainant, the accused, and any other persons who may have relevant knowledge concerning the complaint. This may include victims of similar conduct.
- Review the factual information gathered through the investigation to determine whether the alleged conduct constitutes harassment, or other unlawful discriminatory conduct, giving consideration to all factual information and the totality of the circumstances, including the nature of the verbal, physical, visual or sexual conduct, and the context in which the alleged incidents occurred.

VIII. Investigation of the Complaint

The District shall promptly investigate every Complaint. No claim of workplace or academic harassment or discrimination shall remain unexamined. This includes Complaints involving activities that occur off campus and in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities, on a District bus, or at a class or training program sponsored by the District at another location. The District shall promptly investigate complaints of harassment or discrimination that occur off campus if the alleged conduct creates a hostile environment on campus. The District shall notify the Complainant that the District will commence an impartial fact-finding investigation of the allegations contained in the complaint.

As set forth above, where the Parties opt for an informal resolution, the Vice Chancellor of Human Resources and Employee Relations may limit the scope of the investigation, as appropriate. The District will keep the investigation confidential to the extent possible, but cannot guarantee absolute confidentiality because release of some information on a "need-to-know-basis" is essential to a thorough investigation. When determining whether to maintain confidentiality, the District may weigh the request for confidentiality against the following factors: the seriousness of the alleged harassment; the

Complainant's age; whether there have been other harassment complaints about the same individual; and the accused individual's rights to receive information about the allegations if the information is maintained by the District as an "education record" under the Family Educational Rights and Privacy Act (FERPA), 20 U.S. Code Section 1232g; 34 Code Federal Regulations Part 99.15. The District will inform the Complainant if it cannot maintain confidentiality.

IX. Investigation Steps

The District will fairly and objectively investigate harassment and discrimination complaints. Employees designated to serve as investigators under this policy shall have adequate training on what constitutes sexual harassment, including sexual violence, and that they understand how the District's grievance procedures operate. The investigator may not have any real or perceived conflicts of interest and must be able to investigate the allegations impartially.

Investigators will use the following steps: interviewing the Complainant(s); interviewing the accused individual(s); identifying and interviewing witnesses and evidence identified by each Party; identifying and interviewing any other witnesses, if needed; reminding all individuals interviewed of the District's no-retaliation policy; considering whether any involved person should be removed from the campus pending completion of the investigation; reviewing personnel/academic files of all involved Parties; reach a conclusion as to the allegations and any appropriate disciplinary and remedial action; and see that all recommended action is carried out in a timely fashion. When the District evaluates the complaint, it shall do so using a preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that discrimination or harassment has occurred.

X. Timeline for Completion

The District will undertake its investigation promptly and swiftly as possible. To that end, the investigator shall complete the above steps, and prepare a written report within 90 days of the District receiving the complaint.

XI. Cooperation Expected

All employees are expected to cooperate with a District investigation into allegations of harassment or discrimination. Lack of cooperation impedes the ability of the District to investigate thoroughly and respond effectively. However, lack of cooperation by a Complainant or witnesses does not relieve the District of its obligation to investigate. The District will conduct an investigation if it is discovered that harassment is, or may be occurring, with or without the cooperation of the alleged victim(s) and regardless of whether a complaint is filed.

XII. Written Report

Other District Policies and Procedures

The results of the investigation of a complaint shall be set forth in a written report that will include at least all of the following information:

- A description of the circumstances giving rise to the Formal Complaint;
- A description of the procedural steps taken during the investigation, including individuals contacted and interviewed;
- A summary of the testimony provided by each witness including the complainant and any available witnesses identified by the Complainant in the complaint;
- An analysis of relevant evidence collected during the course of the investigation, including a list of relevant documents;
- A specific finding as to whether each factual allegation in the complaint occurred based on the preponderance of the evidence standard;
- A table of contents if the report exceeds ten pages and
- Any other information deemed appropriate by the District.

XIII. Confidentiality of the Process

Investigations are best conducted within a confidential climate. Therefore, the District does not reveal information about ongoing investigations except as necessary to fulfill its legal obligations. The District will keep the investigation confidential to the extent possible, but it cannot guarantee absolute confidentiality because release of some information on a "need-to-know-basis" is essential to a thorough investigation and to protect the rights of students and employee respondents during the investigation process and any ensuing discipline

XIV. Administration Determination

1. In any case not involving employment discrimination, within 90 days of receiving a complaint, the District shall complete its investigation and forward a copy or summary of the report, and written notice to the Complainant setting forth all of the following: [NOTE: For cases involving employment discrimination, Title 5 only requires that a copy or summary of the report be provided to the Complainant. The District may, but is not required to, provide the report to the respondent in order to have a consistent process for addressing employment and non-employment discrimination claims.]
 - a. The Chancellor or his/her/their designee's determination as to whether discrimination occurred with respect to each allegation in the complaint based on the preponderance of the evidence standard;
 - b. In the event a discrimination allegation is substantiated a description of actions taken, if any, to prevent similar acts of unlawful discrimination from occurring in the future;

- c. The proposed resolution of the complaint;
 - d. The Complainant's right to appeal to the District Board of Trustees and the California Community Colleges Chancellor's Office; and
 - e. In matters involving student sexual misconduct, the Respondent's right to appeal to the District's Board of Trustees any disciplinary sanction imposed upon the Respondent.
2. In any case involving employment discrimination, within 90 days of receiving a complaint, the District shall complete its investigation and forward a copy or summary of the report and written notice to the Complainant setting forth all the following:

The District shall also provide the Respondent the following:

- a. The Chancellor or his/her/their designee's determination as to whether unlawful discrimination occurred with respect to each allegation in the complaint based on the preponderance of the evidence standard;
- b. The proposed resolution of the complaint, including any disciplinary action against the Respondent; and
- c. In matters involving student sexual misconduct not subject to Title IX, the Respondent's right to appeal to the District's Board of Trustees any disciplinary sanction imposed upon the Respondent.

XV. Discipline for Student Sexual Misconduct Not Subject to Title IX

In a complaint involving student sexual misconduct not subject to Title IX, if a student Respondent is subject to severe disciplinary sanctions, and the credibility of witnesses was central to the investigative findings, the District will provide an opportunity for the student Respondent to cross-examine witnesses indirectly at a live hearing, either in person or by videoconference and a live hearing conducted by a neutral decision-maker other than the investigator. The District shall appoint a neutral third party to attend the hearing

solely for the purpose of asking any questions to the witnesses. The neutral third party shall not be the student Respondent, the student Respondent's representative, or any individual charged with making a final determination regarding discipline. The student Respondent may submit written questions before and during the cross-examination, including any follow-up questions. The neutral third party asking questions shall not exclude any questions unless there is an objection to the question by any individual charged with making a final determination regarding discipline.

XVI. Discipline and Corrective Action

If harassment, discrimination or retaliation occurred in violation of the policy or procedure, the District shall take disciplinary action against the accused and any other remedial action it determines to be appropriate consistent with state and federal law. The action will be prompt, effective, and commensurate with the severity of the offense. Remedies for the complainant might include, but are not limited to:

1. providing an escort to ensure that the Complainant can move safely between classes and activities;
2. ensuring that the complainant and alleged perpetrator do not attend the same classes or work in the same work area;
3. preventing offending third parties from entering campus;
4. providing counseling services or a referral to counseling services;
5. providing medical services or a referral to medical services;
6. providing academic support services, such as tutoring;
7. arranging for a Student-Complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the Complainant's academic record; and
8. reviewing any disciplinary actions taken against the Complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the Complainant being disciplined.

If the District imposes discipline, the nature of the discipline will not be communicated to the Complainant. However, the District may disclose information about the sanction imposed on an individual who was found to have engaged in harassment when the sanction directly relates to the Complainant; for example, the District may inform the Complainant that the harasser must stay away from the Complainant.

Disciplinary actions against faculty, staff, and students will conform to all relevant statutes, regulations, personnel policies and procedures, including the provisions of any applicable collective bargaining agreement.

The District shall also take reasonable steps to protect the Complainant from further harassment, or discrimination, and to protect the Complainant and witnesses from retaliation

Other District Policies and Procedures

as a result of communicating the complaint or assisting in the investigation.

The District will ensure that Complainants and witnesses know how to report any subsequent problems, and should follow-up with Complainants to determine whether any retaliation or new incidents of harassment have occurred. The District shall take reasonable steps to ensure the confidentiality of the investigation and to protect the privacy of all Parties to the extent possible without impeding the District's ability to investigate and respond effectively to the complaint.

If the District cannot take disciplinary action against the accused individual because the Complainant refuses to participate in the investigation, it should pursue other steps to limit the effects of the alleged harassment and prevent its recurrence.

XVII. Appeals

If the District imposes discipline against a student or employee as a result of the findings in its investigation, the student or employee may appeal the decision using the procedure for appealing a disciplinary decision.

If the Complainant is not satisfied with the results of the administrative determination, he/she/they may, within 30 days, submit a written appeal to the Board of Trustees.

In a complaint involving student sexual misconduct not subject to Title IX, a Respondent who is not satisfied with the results of the administrative determination may submit a written appeal to the District's Board of Trustees within 30 days.

The Board shall review the original complaint, the investigative report, the administrative decision, and the appeal. The Board shall issue a final District decision in the matter within 45 days after receiving the appeal. A copy of the decision rendered by the Board shall be forwarded to the Complainant and the Respondent. The Complainant shall also be notified of his/her/their right to appeal this decision.

If the Board does not act within 45 days, the administrative determination shall be deemed approved on the forty-sixth day and shall become the final decision of the District in the matter. The District shall promptly notify the Complainant and the Respondent of the Board's action, or if the Board took no action, that the administrative determination is deemed approved. In any case not involving workplace discrimination, harassment, or retaliation, the complainant shall have the right to file a written appeal with the State Chancellor's Office within thirty days after the Board issued the final District decision or permitted the administrative decision to become final. Such appeals shall be processed pursuant to the provision of Title 5 Section 59350.

In any case involving employment discrimination, including workplace harassment, the complainant may, at any time before or after the issuance of the final decision of the District, file a complaint with the Department of Fair Employment and Housing

XVIII. Remand

The California Community College Chancellor's Office may remand any matter to the District for any of the following reasons:

to cure defects in the investigation or in procedural compliance; to consider new evidence not available during the investigation despite the Complainant's due diligence that would substantially impact the outcome of the investigation; or to modify or reverse a decision of the District's Board of Trustees based upon misapplication of an applicable legal standard or an abuse of discretion. If the California Community College Chancellor's Office remands a matter to the District, the District shall take necessary action and issue a decision after remand within 60 days. In any case not involving employment discrimination, the Complainant may appeal the District's amended determination to the California Community College Chancellor's Office within 30 days by following the appeal procedures above.

XIX. Extension of Time

If the District is unable to comply with the 90-day deadline, the District may extend the time to respond by up to 45 additional days. An extension may be taken only once without permission from the California Community Colleges Chancellor's Office, and must be necessary for one of the following reasons:

- a need to interview a party or witness who has been unavailable;
- a need to review or analyze additional evidence, new allegations, or new complaints related to the matter; or
- to prepare and finalize an administrative determination.

The District shall send a written notice to the Complainant and to a Respondent who is aware of an investigation indicating the necessity of an extension, the justification for the extension, and the number of days the deadline will be extended. The District shall send this notice no later than 10 days prior to the initial time to respond.

The District may request additional extensions from the California Community Colleges Chancellor's Office after the initial 45-day extension. The District shall send a copy of the extension request to the Complainant and to a Respondent who is aware of an investigation. The Complainant and Respondent may each file a written objection with the California Community Colleges Chancellor's Office within 5 days of receipt.

XX. Disclosures to the California Community Colleges Chancellor's Office

Upon request of the California Community College's Chancellor's Office, the District shall provide copies of all documents related to a discrimination complaint, including the following: the original complaint, any investigative report unless subject to the attorney-client privilege, the written notice to the Complainant setting forth the results of the investigation, the final administrative decision rendered by the Board or indicating the date upon which the decision became final, and a copy of the notification to the Complainant of his/her/their appeal rights, the Complainant's appeal of the District's administrative determination, any other non-privileged

XXI. File Retention

The District will retain on file for a period of at least three years after closing the case copies of:

1. the original complaint;
2. the investigatory report;
3. the summary of the report if one is prepared;
4. the notice provided to the Parties, of the District's administrative determination and the right to appeal;
5. any appeal; and
6. the District's final decision.

For any appeal to the California Community Colleges Chancellor's Office, shall provide all relevant, non-privileges documents upon request of the Chancellor

XXII. Dissemination of Policy and Procedures

District Policy and Procedures related to harassment will include information that specifically addresses sexual violence.

1. The procedures shall be published in all student, faculty, and staff handbooks, each college's catalog and schedule of classes. And other printed material deemed appropriate by each college's Vice President of Student Services.
2. The procedures also will be disseminated to students at each college's new student orientation and at periodic workshops to be scheduled by each college's Vice President of Student Services.
3. The procedures also will be disseminated to each faculty member, all members of the administrative staff and all members of the support staff both at the time of hire and at the beginning of each school year.
4. The procedures also shall be displayed in a prominent location in each college along with the other notices regarding the college's procedures and standards of conduct. A copy of the procedures shall be made available to any person expressing a verbal complaint about such matters.

XXIII. Training

By January 1, 2021, the District shall provide at least two hours of classroom or other effective interactive training and education

Other District Policies and Procedures

regarding sexual harassment to all supervisory employees at least one hour of classroom or other effective interactive training and education regarding sexual harassment to all nonsupervisory employees and at least one hour of classroom or other effective interactive training and education regarding sexual harassment to all nonsupervisory employees. All new employees must be provided with the training and education within six months of their assumption of his/her/their position. After January 1, 2021, the District shall provide sexual harassment training and education to each employee once every two years. An employee who received this training and education in 2019 is not required to have a refresher until after two years thereafter. The training and education required by this procedure shall include information and practical guidance regarding the federal and state statutory provisions concerning the prohibition against and the prevention and correction of sexual harassment and the remedies available to victims of sexual harassment in employment, a review of "abusive conduct," and harassment based on gender identity, gender expression, and sexual orientation. The training and education shall also

Peralta Community College District AP 3435 Page 10 of 11 include practical examples aimed at instructing supervisors in the prevention of harassment, discrimination, and retaliation, and shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation. Supervisor's harassment training also must address potential exposure and liability for employers and individuals, supervisor's obligation to report sexual harassment, discrimination, and retaliation when they become aware of it, appropriate remedial measures to correct harassing behavior. The District will maintain appropriate records of the training provided, including the names of the supervisory employees trained, the date of training, sign-in sheets, copies of all certificates of attendance or completion issued, the type of training provided, a copy of all written or recorded training materials, and the name of the training provider. If the training is provided by webinar, the District will maintain a copy of the webinar, all written materials used by the training and all written questions submitted during the webinar, and document all written response or guidance the trainer provided during the webinar. The District will retain these records for at least two years. The District will also provide training to students who lead student organizations. The District should provide copies of the sexual harassment policies and training to all District law enforcement unit employees regarding the grievance procedures and any other procedures used for investigating reports of sexual violence. Participation of faculty in such training is strongly encouraged, but is not mandatory, except when required by law. In years in which a substantive policy or procedural change has occurred, all District employees will attend a training update or receive a copy of the revised policies and procedures. Participants in training programs will be required to sign a statement that they have either understood the policies and procedures, their responsibilities, and their

own and the District's potential liability, or that they did not understand the policy and desire further training.

XXIV. Education and Prevention for Students

In order to take proactive measures to prevent sexual harassment and violence toward students, the District will provide preventive education programs and make victim resources, including comprehensive victim services, available. The District will include such programs in their orientation programs for new students, and in training for student athletes and coaches. These programs will include discussion of what constitutes sexual harassment and sexual violence, the District's policies and disciplinary procedures, and the consequences of violating these policies. A training program or informational services will be made available to all students at least once annually. The education programs will also include information aimed at encouraging students to report incidents of sexual violence to the appropriate District and law enforcement authorities. Since victims or third parties may be deterred from reporting incidents if alcohol, drugs, or other violations of District or campus rules were involved, the District will inform students that the primary concern is for student safety and that use of alcohol or drugs never makes the victim at fault for sexual violence. If other rules are violated, the District will address such violations separately from an allegation of sexual violence.

NOTE: DFEH Regulations require any employer whose workforce contains 10 percent or more of persons who speak a language other than English as their spoken language to translate its harassment, discrimination, and retaliation policies into every language that is spoken by at least 10 percent (10%) of the workforce. In order to comply with this requirement, Districts should translate BP 3410 Nondiscrimination, BP 3430 Prohibition of Harassment, AP 3410 Nondiscrimination. AP 3430 Prohibition on Harassment, and AP 3435 Discrimination and Harassment Complaints and Investigations into any applicable languages.

III. Procedures Prohibiting Sexual, Racial, and Disability Harassment and Discrimination Toward Students

A. Dissemination

- 1. The procedures shall be published in all student, faculty and staff handbooks, each college's catalog and schedule of classes, and other printed material deemed appropriate by each college's Vice President of Student Services.
- 2. The procedures will also be disseminated to students at each college's new student orientation and at periodic workshops to be scheduled by each college's Vice President of Student Services.

- 4. The procedures shall also be displayed in a prominent location at each college along with the other notices regarding the college's procedures and standards of conduct. A copy of the procedures shall be made available to any person expressing a verbal complaint about such matters.

B. Sexual, Racial, and Disability Harassment and Discrimination Defined

- 1. The Peralta Community College District expressly forbids sexual, racial, and disability harassment of its students by faculty, administrators, supervisors, District employees, other students, vendors or members of the general public. The District also prohibits discrimination of its students by subjecting any student to adverse or differential treatment, or depriving that student of any benefits of the District because of that student's sex, race, or disability. Furthermore, the District prohibits retaliation against any individual who files a complaint or participates in a discrimination inquiry.
- 2. Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal,

Other District Policies and Procedures

visual, or physical conduct of a sexual nature, made by someone from or in the educational setting, under any of the following conditions:

- a. Submission to the conduct is explicitly or implicitly made a term or a condition of a student's academic status, or progress.
 - b. Submission to, or rejection of, the conduct by a student is used as the basis of academic decisions affecting the student.
 - c. The conduct has the purpose or effect of having a negative impact upon a student's academic performance, or of creating an intimidating, hostile, or offensive educational environment.
 - d. Submission to, or rejection of, the conduct by a student is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.
 - e. Any other such conduct that may have an effect on a student's learning environment or his or her ability to enjoy any privileges or benefits provided by the District.
3. The prohibition of racial harassment similarly enjoins conduct or incidents based on race that may interfere with or limit the ability of an individual to participate in or benefit from the services, activities, or privileges provided by the District.
 4. The prohibition of disability harassment similarly enjoins conduct or incidents based on disability that may exclude an individual from participation in or be denied the benefit of the services, programs, or activities provided by the District to other non-disabled students.
 5. A harassing environment is created if conduct of a sexual or racial nature or conduct based on student's disability is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the education program by the District or to create a hostile or abusive educational environment.
- C. Examples of Prohibited Harassment. Sexual, racial, disability harassment includes, but is not limited to, the following examples of conduct that is undertaken because of the sex, race, or disability of the student victim:
1. Unwanted physical touching (beyond normal greetings).

2. Displays of offensive materials, objects, photos, etc., with a sexual, racial, or disabled theme.
3. Situations affecting a student's studying and learning conditions and making the learning environment unpleasant and uncomfortable, whether the actions are purposeful or not.
4. Verbal insults (in reference to gender, race, sexual orientation, or disability).
5. Rumors designed to cause the individual emotional distress or place him or her in a bad light.
6. Physical assault.
7. Unwelcome direct propositions of a sexual nature.
8. Subtle pressures for unwelcome sexual activity, an element of which may be conduct such as repeated and unwanted staring.
9. A pattern of conduct not legitimately related to the subject matter of a course, which is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the education program or to create a hostile or abusive educational environment, that includes one or more of the following:
 - a. Comments of a sexual/racial nature or which are demeaning or derogatory based on a disability, or
 - b. Sexually explicit statements, questions, jokes, or anecdotes.
10. Unwanted attempts to establish a personal relationship.
11. A pattern of conduct that would cause discomfort or humiliate, or both, a reasonable person at whom the conduct was directed that may include one or more of the following:
 - a. Unnecessary touching, patting, hugging, or brushing against a person's body,
 - b. Remarks of a sexual nature about a person's anatomy or clothing, or
 - c. Remarks about sexual activity or speculations about a previous sexual experience. All persons should be aware that conduct towards a student that is not specifically identified in this procedure may nonetheless constitute impermissible sexual, racial or disability harassment.

D. Academic Freedom and Freedom of Speech

1. As participants in a public institution, the faculty and staff of the Peralta Community College District enjoy significant

free speech protections found in the First Amendment of the United States Constitution and Article I Section I of the California Constitution. The right of academic freedom includes a special area of protected speech. Consistent with the principles of academic freedom, course content and teaching methods remain the province of individual faculty members. Academic freedom, however, is not limitless. Academic freedom does not protect classroom speech that is unrelated to the subject matter of the course or in violation of federal or state anti-discrimination laws. Some speech may constitute environmental sexual harassment, harassment based on another impermissible characteristic or discrimination. If a faculty member engages in unwelcome sexual behavior or other improper behavior based on a characteristic protected by this procedure that has the purpose or effect of unreasonably interfering with an employee's work environment or a student's academic performance or creates a hostile and intimidating work or academic environment, then it may constitute environmental harassment or discrimination, as outlined in Board Policy and these implementing procedures.

2. The District must balance these two significant interests: the right of academic freedom and the right to be free from discrimination and harassment. The First Amendment protections, including those of academic freedom, are not absolute. When a faculty member raises academic freedom as a defense against charges of discrimination or discriminatory harassment, the District must examine the nature and context of the faculty member's behavior. A key to this examination is determining whether the behavior of the faculty member is related to his or her legitimate academic judgments within the context of furthering the institution's legitimate mission.
3. Nothing in the District's Discrimination and Discriminatory Harassment Policy should be construed to prevent faculty members from rigorously challenging fundamental beliefs held by students and society. These challenges should be done in a manner that, in the professional judgment of the faculty member, is most pedagogically advisable. Indeed, this is at the core of academic freedom; however, faculty members may not interject into the academic setting an element

Other District Policies and Procedures

of discrimination or discriminatory harassment that is unrelated to any legitimate educational objective.

Nor, may a faculty member create, or allow, the educational setting to be so charged with discrimination or discriminatory harassment, that our students are prevented from effectively participating in the academic environment. As such, faculty members must be aware that the District will investigate and respond to employee or student complaints that involve course content in accordance with its general discrimination and discriminatory harassment policy and faculty members may be subject to discipline for egregious conduct, in the same manner as provided in Board Policy and any implementing procedures for all other District employees.

4. The Peralta Community College District is committed to insuring that the academic freedom rights of our faculty are secure, and to insuring our students an academic environment free of discrimination and harassment. Nothing in this section is intended to abrogate rights of Academic Freedom stated in the collective bargaining agreement with the Peralta Federation of Teachers.

E. Consensual Relationships

1. Definitions:

- a. The terms "instructors" and "faculty member" are defined as any person who teaches in the District, is in an academic position, or by virtue of their position has control or influence on student performance, behavior, or academic career.
- b. A "District employee" is defined as any person who is employed by the Peralta Community College District, or acts as its agent and operates within the District's control.
The District's educational mission is promoted by professionalism in faculty/student, as well as supervisor/subordinate, relationships. Professionalism is fostered by an atmosphere of mutual trust and respect. Actions of faculty members and supervisors that harm this atmosphere undermine professionalism and hinder fulfillment of the educational mission. Trust and respect are diminished when those in positions of authority abuse their power in such a context as to violate their duty to the educational community and undermine the trust placed

in the District as a public employer and an educational institution.

2. Rationale:

The District's educational mission is promoted by professionalism in faculty/student, as well as supervisor/subordinate relationships. Professionalism is fostered by an atmosphere of mutual trust and respect. Actions of faculty members and supervisors that harm this atmosphere undermine professionalism and hinder fulfillment of the educational mission. Trust and respect are diminished when those in positions of authority abuse their power in such a context so as to violate their duty to the educational community and undermine the trust placed in the District as a public employer and an educational institution.

3. Ethical Violation:

Recognizing that the unequal power of adult consenting parties is inherent in consensual relationships between supervisor and employee or student and teacher, the District will view it as unethical behavior if faculty members or supervisors engage in romantic relations with students enrolled in their classes or employees under their supervision even though both parties appear to have consented to the relationship.

4. Presumption of a Policy Violation:

The faculty member or supervisor who contemplates a romantic relationship with a student or employee must realize the complexity of the situation and its potential negative consequences. Regardless of consent or mutual attraction, the faculty member or supervisor generally will be judged guilty of sexual harassment if any complaint eventually emerges, either from the partner in the relationship or from his or her fellow students or coworkers. A romantic relationship between any minor employee or student and an adult employee is presumptively deemed not to be a consensual relationship and constitutes sexual harassment.

F. Harassment and Discrimination Complaint Procedures

1. In order to accomplish the task of prohibiting discrimination and harassment, the District's Equal Opportunity Officer is assigned the responsibilities of overseeing and investigating any charges or complaints of discrimination or harassment. The District's Equal Opportunity Officer will

maintain a discrimination and harassment complaint log and complete records of complaints, investigations and resolutions.

2. The District's Equal Opportunity Officer will work with the Vice President of Student Services of each college for processing all discrimination and harassment complaints.
3. In compliance with the guidelines established by state and federal law, the following procedures will be implemented to investigate and resolve complaints of unlawful discrimination and harassment:
 - a. Complaints of unlawful discrimination may be filed by a student who has personally suffered discrimination or by a person who has knowledge of such discrimination, within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the allegation of unlawful discrimination or harassment.
 - b. Student discrimination or harassment complaints may be filed with the District's Equal Opportunity Officer (at 333 East Eighth Street, Oakland, CA 94606; (510) 466-7252).
 - c. Student discrimination and harassment complaints may also be filed with the Vice President of Student Services as follows:
 - Berkeley City College
2050 Center St., Berkeley, 2nd Floor
(510) 981-2820
 - College of Alameda,
Building A, Room 111
(510) 748 2204
 - Laney College
Tower Building Room 412
(510) 464-3162
 - Merritt College
Building P Room 311
(510) 436-2478
 - d. All complaints not filed directly with the District's Equal Opportunity Officer should be immediately forwarded to that Officer on the approved District form.
 - e. Whenever any person brings charges of unlawful discrimination to the District Equal Opportunity Officer's attention, that Officer shall:
 - i. Inform the complainant that he or she may, but is not required to, informally resolve the charges and that s/he has the right to end the informal

Other District Policies and Procedures

- resolution effort and begin the formal stage at any time;
- ii. Notify the complainant of the procedures for filing a complaint;
 - iii. Discuss with the complainant what actions he or she is seeking in response to the alleged discrimination; and
 - iv. Advise the complainant that he or she may file a complaint with the Office for Civil Rights of the United States Department of Education.
 - v. Immediately upon receipt of a complaint, the District's Equal Opportunity Officer will forward a copy to the State Chancellor's Office on the appropriate form.
 - vi. The District's Equal Opportunity Officer will return defective complaints to the complainant with an explanation of the deficiencies and how they may be corrected if the complaint is to be considered.
 - vii. Upon receipt of the complaint, the District Equal Opportunity Officer will review the complaint and determine the need for any interim measures of relief pending completion of the investigation.
- f. Within fourteen (14) days of receiving the complaint, a thorough and impartial investigation will commence with notification to the complainant and the Chancellor of the initiation of the investigation. Complaints will be investigated and resolved in accordance with the District's unlawful discrimination complaint procedures. To ensure a prompt and equitable investigation of complaints, the investigation shall include an opportunity for the complainant and the accused to present witnesses and other evidence on their behalf. Thus, the investigation shall include private interviews with the complainant, the accused individual and each of the witnesses identified by both parties. Sufficient information about the allegations of the complaint shall be disclosed to the accused to provide him/her with an opportunity to respond to the allegations of the complaint and provide additional information. To the extent appropriate, the District will keep the complainant apprised of the progress of the investigation.
 - g. Complaints will be handled promptly in an appropriately confidential manner—that is, the District's Equal Opportunity Officer will disclose the identities of the parties only to the extent necessary to carry out an investigation. The results of the investigation shall be set forth in a written report which shall include at least all of the following:
 - i. Description of the circumstances giving rise to the complaint;
 - ii. A summary of the testimony provided by each witness, including the complainant and any witnesses identified by the complainant;
 - iii. An analysis of any relevant data or other evidence collected during the course of the investigation; and
 - iv. A specific finding as to whether discrimination did or did not occur with respect to each allegation in the complaint.
 - h. Within ninety (90) days of receiving a complaint, the District shall complete its investigation and provide the complainant with the following information:
A written notice setting forth:
 - i. A copy or summary of the District's investigative report;
 - ii. The District's determination on the merits of the complaint; the proposed resolution of the complaints, to the extent that disclosure does not invade any person's privacy rights; and
 - iii. The complainant's right to appeal to the District governing board and the Chancellor. Likewise, the accused individual shall be notified of the outcome of the investigation.
 - i. If the allegation of sexual, racial, or disability harassment is substantiated, the District will take reasonable, timely and effective steps to end the harassment. Depending upon the severity of a given case and/or prior incidents of harassment, a violation of this rule shall lead to disciplinary action including the possibility of expulsion or termination from the District. Remedial measures will be offered if appropriate to correct the discriminatory effects on any individual who has experienced harassment. The District's policy against discriminatory harassment will be interpreted consistently with any federally guaranteed rights involved in a complaint proceeding, including student's First Amendment rights to free speech and the accused individual's right to due process.
 - j. Should the Complainant not be satisfied, he or she may appeal the proposed resolution within ten (10) days of the date of the proposed resolution to the Chancellor. The Chancellor may request an additional investigation, sustain the administrative determination, reverse the administrative determination or take any other appropriate action.  - a. For an academic (grade) grievance, the student shall make an appointment with the faculty against whom he/she has a grievance during the faculty member's posted office hours or at a mutually-agreed-upon time, in order to discuss the student's complaint. Should the faculty against whom the student has an academic complaint fail to meet with the student in a timely manner, the student may meet with the Division Dean of Instruction of the faculty member.

- student that a grade change may only be made where there is a finding of fraud, mistake, bad faith or incompetence. The student and Vice President of Student Services (or designee) shall attempt to reach an informal resolution.
- d. Request for Grievance Hearing
If an informal resolution cannot be reached, the Vice President of Student Services (or designee) shall make a request for records and documents from the student filing the complaint and forward copies of all documents pertinent to the alleged violation to the Chair of the Grievance Committee and the parties. Documents or accusations not specifically related to the alleged violations shall not be forwarded to the committee or the parties.

- f. Hearing Procedure
- i. The Vice President of Instruction, as Chair, shall provide written notice, including the date, time and place of the hearing to both parties at least ten days prior to the hearing. The notice shall be hand-delivered or sent by certified mail and shall include a copy of the complaint.
- ii. The Chair shall provide the involved complainant with a written summary of rights he/she may be entitled to by law or contract at least 10 days before the hearing. For academic (grade) grievance, the Chair of the committee shall provide the involved faculty member with a written summary of rights he/she may be entitled to by law or contract at least 10 days before the hearing. Both parties shall be given adequate time (at least 10 days) to read and review all documents, consistent with privacy laws. This right may be waived by either party. The written notice shall inform the parties of this fact. The Chair of the committee shall inform both parties orally of this fact at the commencement of the hearing.
- iii. The decision of the Chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by a majority of the other members of the panel to the contrary. The Chair may do whatever is necessary, so long as it is legally permissible, to ensure that the hearing is conducted in a fair, dignified and orderly manner.
- iv. The Chair of the committee may exclude a witness from the hearing when the witness is not giving testimony.

Witnesses shall also be informed as to the purpose of the interview, the general subject of the interview, and their right to request representation by anyone of their choosing prior to and during said interview.
- x. Any member of the committee may ask questions of any witness.

- xi. The hearing shall be conducted so as to bring all of the relevant information and evidence to the members of the committee in an orderly and intelligible form. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted, if it is the sort of evidence on which responsible persons are accustomed to rely upon in the conduct of serious affairs. Accusations not specifically related to the alleged violation shall not be considered relevant. The rules of privilege shall apply to the same extent that they are recognized in civil actions.
 - xii. At all steps of the process, both the student filing and the other party have the right to be accompanied, advised and represented by a person or counsel of their choosing. If either party wishes to be represented by an attorney, a request must be presented not less than 10 days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the college representative may request legal assistance. The hearing committee may also request legal assistance; any legal advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.
 - xiii. If the respondent or his/her representative, or both, are absent from all or a part of the hearing, the committee shall make its recommendations on the basis of whatever evidence is submitted before the hearing and on whatever evidence and testimony is presented to the committee during the hearing.
 - xiv. The committee shall make all evidence, written or oral, part of the record.
 - xv. The committee shall judge the relevancy and weight of testimony and evidence and make its findings of fact, limiting its investigation to the formal charge. The decision shall be based only on the record of the hearing, and not on matter outside of that record.
 - xvi. The burden shall be on the grievant to prove by a preponderance of the evidence that the facts alleged are true and a grievance has been sufficiently established.
 - xvii. The hearing date may be postponed or continued at the discretion of the Chair of the committee. Both parties shall be given notice of the new or continued hearing date.
 - xviii. The votes of the majority of the members present (at least 3 votes) are necessary in order for the committee to make a recommendation to the Vice President of Student Services.
 - xix. The Chair of the committee shall notify the Vice President of Student Services of the committee's recommendation within 10 days.
 - xx. A summary record of the proceedings held in a closed session shall be kept in a confidential file by the Vice President of Student Services and shall be available at all times to the accused person. The Vice President of Student Services has the responsibility to ensure that a proper record is maintained and available at all times.
 - g. Final Decision by Vice President of Student Services
Based on the grievance hearing committee's recommendations, the Vice President of Student Services (or designee) may accept the recommendation, return it to the committee for further review, or reject it. Security of Grade Records

The measures implemented by the District include, but are not necessarily limited to, password protection for all student grade data bases, locking mechanisms for computer stations from which grade data bases can be viewed, and strict limits on the number of persons who are authorized to change student grades.

Persons authorized to change grades shall be designated by the Vice Chancellor of Educational Services. No more than six (6) [one at each college in A&R and two at district office A&R] District employees may be authorized to change student grades. If any student's grade record is found to have been changed without proper authorization, the District will notify (1) the student; (2) the instructor who originally awarded the grade; (3) any known educational institution to which the student has transferred; (4) the accrediting agency; and (5) local law enforcement authorities.

The recommendation shall include specific factual findings regarding the accusation, and shall include specific conclusions regarding whether any specific section of the Standards of Student Conduct were violated. The College President's decision may be appealed to the Chancellor in writing within 10 days of receipt of the decision.

The Chancellor, or designee, shall issue a written decision to the parties and the representatives by certified mail within 10 days of the receipt of the decision. A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.

- c. Board of Trustees' Decision
The Chancellor's (or designee's), decision may be appealed to the Board of Trustees in writing within 10 days of the receipt of the decision.

The Board will review the documentation of the prior steps of the case and determine whether to confirm the Chancellor's decision or hear the appeal. If the Board confirms the Chancellor's decision, the appellant has exhausted his or her remedies. If the Board decides to consider the appeal, it will do so in closed session subject to Education Code 72122, and will issue a final decision within forty-five (45) days after receipt of the decision.

A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence. Implementation of any grade change shall be held in abeyance until the internal appeal process has been exhausted.

All recommendations, resolutions, and actions taken by the Board of Trustees shall be consistent with the State and Federal law, the Peralta Community College District Policies and Procedures, and the PFT and Local 790 Collective Bargaining Agreements. (In the event of a conflict between the Collective Bargaining Agreement and the PCCD Policies and Procedures, the Collective

Bargaining Agreement shall govern.)

8. Time Limits

Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

AP 5140: Disabled Students Programs and Services

Under federal and State laws, the District and Colleges are required to ensure that academic requirements and practices, facilities, electronic information technology, printed materials, and College services and activities are accessible to individuals with disabilities. The College will make modifications as necessary in order to provide equal access.

I. Role of Disabled Students Programs and Services

The role of the Disabled Students Programs and Services (DSPS) program is to assist the colleges in meeting federal and state obligations to students with disabilities. DSPS is the primary provider for support programs and services that facilitate equal educational opportunities for students with disabilities who can benefit from instruction as required by federal and State laws.

A. No student with disabilities is required to participate in the DSPS program. If a student requests accommodations and does not want to register with DSPS, he/she will need to submit documentation to the College 504/ADA Coordinator. DSPS will evaluate the disability documentation and discuss the request for accommodations with the student.

B. Each College maintains a plan for the provision of programs and services to students with disabilities designed to assure that they have equal access to College classes and programs. The yearly DSPS Plan, as required by the State Chancellor's Office, describes the processes, procedures, and requirements, as well as a full description of the program. Other information regarding the goals and objectives of DSPS can be found in the DSPS Program Review document.

II. Academic Accommodations Procedures for Students with Disabilities

A. Pursuant to Section 504 of the Rehabilitation Act of 1973, Title 5, Section 56027, and Board Policy 5.24, the Peralta Community College District has developed the following procedures to respond in a timely manner to requests by students with disabilities for academic accommodations. Pursuant to Title 5, Sections 56000-56088 the District has developed DSPS at each college to assist students with disabilities in accessing appropriate instruction, programs, academic accommodations and auxiliary aids.

Other District Policies and Procedures

B. The goal of all academic accommodations and auxiliary aids is to minimize the effects of the disability on the educational process. The student with a disability shall be given the opportunity both to acquire information and to be evaluated in a way that allows the student to fully demonstrate his/her knowledge of the subject. The goal is to maintain academic standards by giving the student assignments that are comparable in content, complexity, and quantity.

1. When a student requests disability-related services, the student's disability is verified by the DSPS professional, according to state-mandated criteria. If the student is deemed ineligible for services, DSPS shall provide the student with written notice of the denial stating both the reasons for the denial and that the student has a right to appeal the denial through the District Discrimination and Complaint Procedures. Pending the resolution of any dispute regarding an accommodation, the accommodation will be provided.
2. The DSPS professional (as defined in Title 5 Section 56006, 56048, 56060, 56064 and 56066), in consultation with the student, determines educational limitations based on documentation of the disability and functional limitations and authorizes the use of any appropriate auxiliary aids and/or academic accommodations. These may include but are not limited to:
 - a. Auxiliary aids such as a tape recorder, assistive listening device, calculator, computer, taped text or spelling checker used in the classroom and/or in completing class assignments;
 - b. The use in the classroom of a reader, American Sign Language interpreter, note taker, or scribe, or real-time captioner for students who are deaf or hard of hearing or the presence of service animals, mobility assistants, or attendants in the classroom;
 - c. Testing accommodations such as extended time for test taking and distraction-reduced test setting;
 - d. Extending the length of time permitted for course or degree requirements and flexibility in the manner in which specific course content is accessed, based on individual disability;
 - e. Substitution for specific courses required for the completion of general education degree requirements, or substitutions

or waivers of major or certificate requirements.

- f. Access to Alternate Media such as Braille, large print, and electronic text (e-text).
 3. With the consent of the student, instructors are informed of authorized auxiliary aids and academic accommodations. It is the responsibility of the instructor to allow auxiliary aids to be used in the classroom or to coordinate with the DSPS professional for the delivery of academic accommodations. It is the responsibility of the DSPS professional to make arrangements for and facilitate the delivery of academic accommodations with the disabled student in coordination with faculty, as appropriate. The DSPS professional will assist with providing the appropriate accommodations and appropriate follow up for DSPS students. An example of appropriate follow up might be a DSPS Counselor contacting an instructor and DSPS student to inquire about the effectiveness of an accommodation.
 4. Instructors cannot unilaterally deny approved accommodations and students may not be asked or required to negotiate with instructors or staff about the provisions of adjustments or aids that have been approved by the DSPS. If an instructor receives an accommodation form and does not understand it or disagrees with the accommodation, it is the instructor's responsibility to contact DSPS to discuss the issue.
- III. Resolution of Disagreements related to DSPS Services and Grievance Procedure
- A. Students with disabilities have the right to an informal disagreement resolution when a student does not agree with the academic adjustments that are offered by Disabled Student Programs and Services or when an instructor refuses to allow the academic adjustment or use of auxiliary aids in the classroom. If the issue/disagreement cannot be resolved to the student's satisfaction through the informal process, the student has the right to follow the formal grievance procedure provided below. Authorized academic adjustments should be delivered during the informal and formal process.
- B. Every effort will be made to expedite the process during the informal disagreement resolution and written grievance process.
- C. Informal Disagreement Resolution – First Level

Other District Policies and Procedures

1. Students with a disagreement against DSPS for not authorizing and academic adjustment or not providing and academic adjustment as authorized should first attempt to resolve the matter by means of an informal meeting with the person(s) against whom the student has the disagreement, generally the DSPS Counselor, DSPS Coordinator (or Counselor/Coordinator), the LD Specialist, or other DSPS faculty member responsible for providing the academic adjustments. This discussion should be timely, optimally within ten (10) instructional days of the alleged incident.
2. Students who believe an authorized academic adjustment is being denied or Ignored by an instructional faculty member should first attempt to resolve the matter by means of an informal meeting with the instructor whom the student believes is not complying with the academic adjustment. The student should contact the DSPS professional who authorized the academic adjustment(s). The DSPS professional will schedule a meeting with the instructor to discuss and resolve the issue. The student may request that the DSPS attend the meeting. This discussion should be timely, optimally within ten(10) instructional Days of the alleged denial.

D. Informal Disagreement Resolution – Second Level

1. Students who are dissatisfied with the outcome of the meeting with either the DSPS professional or instructional faculty member can schedule an appointment with the DSPS Coordinator (or Counselor/Coordinator) or the Dean who oversees DSPS when the disagreement is with the DSPS Coordinator. Students should bring their referral for academic adjustment along with the relevant information about dates of requests, services not received, and responses to their previous inquiries. Students should address these concerns within ten (10) instructional days of the first level meeting.
2. The DSPS Coordinator or the Dean who oversees DSPS may conduct an informal inquiry with various parties involved in the alleged incident and inform students verbally of the resolution. The DSPS Coordinator or the Dean who oversees DSPS should communicate this resolution to the student within ten (10) instructional days of the second level informal disagreement meeting.

E. Formal Written Grievance Procedure

1. If the informal disagreement resolution process does not resolve the issue to the student's satisfaction, the student has the right to file a formal written grievance. The student must submit in writing the formal written grievance to the Vice President of Student Services within ten (10) instructional days after being informed of the decision determined in the second level informal disagreement resolution.
2. The Vice President of Student Services will be responsible for notifying the student of his/her rights, responsibilities, and the procedures.
3. The Vice President of Student Services will review the written grievance and may confer, as appropriate, with the DSPS Coordinator or Dean who oversees DSPS and other appropriate college professionals, as necessary, before making a determination. The Vice President of Student Services will make every effort to resolve the grievance in accordance with applicable laws.
4. The Vice President of Student Services shall review the issues presented and shall render a written decision within ten (10) instructional days. The student will be provided the written decision.

IV. Meeting General Education Degree Requirements

When the severity of the disability of an otherwise qualified student precludes successful completion of a course required for graduation from a college within the Peralta Community College District, despite an earnest effort on the part of the student to complete the course or its prerequisite—if appropriate for the disability as determined by a qualified DSPS Specialist—and despite the provision of academic adjustments and/or auxiliary aids, the student may request a substitution of the course as an alternative method of meeting general education degree requirements.

- A. The Evaluation Team will consist of the DSPS Coordinator, the Department chair or instructor from the discipline of the course or major for which a substitution is being requested, and the appropriate Dean of Instruction.
- B. The team may consult, as appropriate, with DSPS professionals, Associate Vice Chancellor for Admissions and Records and Student Services, and the College Vice President of Instruction in order to make a decision.
- C. In assessing requests, the Evaluation Team should consider the anticipated exit skills from the course that can be substituted for comparable exit skills in another course. These comparable

skills may be found in a discipline different from the discipline of the original course.

V. Meeting Major or Certificate Requirements

The process for evaluating requests for major or certificate requirements is the same as stated in the section (IV) above except that the student may request a substitution or a waiver of the course as an alternative method of meeting major or certificate requirements.

- A. A course substitution maintains the standards of academic rigor of degree programs because the student is required to demonstrate comparable skills (when a student completes a comparable course as established by an Evaluation Team). Therefore, requesting a course substitution is the preferred option to meet general education degree requirements. For major or certificate course requirements, course substitutions and/or waivers may be considered.

- B. Course substitutions are applicable for Peralta Community College District and may not be recognized by a transfer college.

VI. Evaluation of Substitution/Waiver Request

A. Documentation

The student will complete the Request for Change of Graduation Requirements Form (available in the DSPS office) and submit it to the DSPS professional with the following attachments:

1. Petition for Substitution/Waiver (obtained from the Admissions Office).
2. Letter (written by the student) addressing the criteria listed in Part B.
3. Evidence from the DSPS Professional (DSPS Coordinator, Counselor, Instructor, Acquired Brain Injury (ABI) Specialist, Learning Disability (LD) Specialist, etc.) verifying the disability and how it relates to the student's request.
4. Documentation of the student's academic record, the degree requirements for graduation and information about the course in question regarding whether or not it is essential to the student's course of study, major, transfer goals and/or employment goals as appropriate.
5. Additional Supporting Documentation can be provided by students.

B. Evaluation of Request

1. The DSPS professional will review all documents, outline evidence of the use of all appropriate and available services and academic adjustments and indicate that, according to CRITERIA listed below, that

Other District Policies and Procedures

the request is appropriate. The DSPS professional then signs the *Request for Change of Graduation Requirements Form* and forwards the packet to the DSPS Coordinator, who will convene an Evaluation Team.

2. The Evaluation Team consists of the DSPS Coordinator, the Department Chair (or an Instructor) from the discipline of the course or major for which a substitution is being requested and the Dean of Instruction with responsibility for the Division, which includes the discipline of the course substitution. The Evaluation Team meeting is to be chaired by the Dean of Instruction and should consult with the Associate Vice Chancellor for Admissions and Records and Student Services, DSPS professionals, and the College Vice President of Instruction as appropriate.
3. The Evaluation Team will assess student requests based on the following criteria:
 - a. Documentation of the student's disability with specific test scores, when appropriate, and a description of educationally related functional limitations in the academic area under discussion.
 - b. Evidence of the student's earnest efforts to meet the graduation requirement, which may include:
 - i. Consistent and persistent efforts in attempting to meet all graduation requirements.
 - ii. Evidence that the student has attempted to take the course in question or its prerequisite with accommodations and has been unable to successfully complete course requirements.
 - iii. Regular attendance (i.e., meeting the attendance requirements of the course);
 - iv. Completion of all course assignments;
 - v. Use of all appropriate and available services such as tutorial assistance or instructional support classes;
 - vi. Use of all appropriate and available academic accommodations such as test accommodations.
 - vii. Agreement among the student, DSPS Counselor and the appropriate

Disabilities Specialist that, due to the severity of the disability, the student would not be able to successfully complete the course requirements, even with accommodations.

- c. Evidence that the student is otherwise qualified such as:
 - i. The student's success in completing other course work requirements for the degree/certificate as indicated by a grade point average of 2.0 or greater in degree applicable classes.
- d. Information about the course in question regarding whether or not it is essential to the student's Course of Study, Major, Transfer Goals or Employment Goals.
- e. Information about alternatives to the course in question based on the learning/academic goals of that course.

VII. Decision Process

A. Meeting General Education Degree Requirements

The Evaluation Team's decision will be made by majority vote. If the Team recommends a course substitution, the Team will request the department in which the student is asking for course substitution to provide a list of previously identified appropriate course substitutions. If the department cannot identify an appropriate course substitution or if the Team concludes that a substitute course is inappropriate due to the severity of the disability, as documented by the Verification of Disability and Educational Limitations Form, then the College Vice President of Instruction and the Associate Vice Chancellor for Admissions and Records and Student Services shall be included in the evaluation process to assist with the identification of an appropriate course substitution. To approve recommendations for course substitutions, the Evaluation Team will forward its recommendation to the Vice President of Instruction and then to the Associate Vice Chancellor for Admissions and Records and Student Services. The District Office of Admissions and Records will verify, implement and notify the student.

B. Meeting Major/Certificate Requirements

The process for evaluating request for major/certificate requirement is the same as those stated above except that the student may request a substitution or a waiver of a course as an alternative method of meeting major or certificate requirement.

VIII. Complaint Procedure

If the student is dissatisfied with the decision of the Evaluation Team, the student may appeal in writing the decision to the Vice President of Student Services, who is required to confer with the Vice President of Instruction, and provide a decision within ten (10) instructional days of receipt of the student's written complaint. All documentation reviewed by the Evaluation Team will be provided to the Vice President of Student Services, as well as their written rationale for denial of the substitution/waiver. If the Vice President of Student Services concurs with the Evaluation Team's decision, the student has the right to appeal the decision directly to the District Affirmative Action Officer. Students can obtain the assistance of the District Affirmative Action Office at any point during this process.

IX. Equal Access to Electronic and Information Technology

Federal and State laws require that all electronic and information technology purchased or used by federal agencies must be accessible for use by persons with disabilities. This regulation applies to the development, procurement, maintenance and/or use of all electronic and information technologies.

A. The Information Technology

Department will ensure that College employees who purchase or request recommendations about information technology products are informed of the accessibility requirements of Section 508.

B. Grant recipients will be informed of their obligations under Section 508 requirements.

C. The Purchasing Department will ensure that vendors and other contract recipients are informed of their obligations under section 508 requirements.

D. The Colleges and District will ensure that web pages and related links are accessible to individuals with disabilities as defined by World Wide Web Consortium (W3C).

E. The Colleges will ensure that video and multimedia products developed by the College and/or housed at the College are equally accessible to individuals with disabilities and comply with Section 508.

F. The Colleges will ensure that faculty who develop web pages, online learning, and other distance learning options for students are informed of their obligations under section 508.

G. The College will ensure that faculty and staff are informed of their obligations under Section 508 requirements as they pertain to enrolled and prospective students.

H. The Colleges will ensure that all staff members are informed of their obligations under Section 508 requirements as they pertain to visitors and events on campus.

- I. The Office of Instruction will ensure that all library staff members are informed of their obligations under Section 508 as they pertain to library patrons.

AP 3440: Service Animals

The District will allow an individual with a disability to use a service animal in District facilities and on District campuses in compliance with state and federal law.

The District will allow an individual with a disability to be accompanied by his/her service animal in all areas of the District's facilities where members of the public, or participants in services, programs or activities, are allowed to go.

These procedures shall also be applicable to any individual who is training a service animal.

I. Service Animal Defined

- A. A "service animal" for purposes of this procedure means any dog (or miniature horse, as provided herein) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.
- B. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition.
- C. The work or tasks performed by a service animal must be directly related to the handler's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

II. Exceptions

- A. The District may ask an individual with a disability to remove a service animal from the premises if:
 1. It is not controlled;
 2. It is not housebroken; and/or
 3. It is a threat to the health and safety of others
- B. If a service animal is excluded under one of these exceptions, the District will give the individual with a disability the opportunity to obtain goods, services, and accommodations or to participate in the service, program, or activity without having the service animal on the premises.

III. Assessment Factors for Miniature Horses

The District shall consider the following factors:

- A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- B. Whether the handler has sufficient control of the miniature horse;

Other District Policies and Procedures

- C. Whether the miniature horse is housebroken; and
- D. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

IV. Control

The service animal must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

V. Care or Supervision

The District is not responsible for the care or supervision of the animal.

VI. Inquiries by the District

- A. The District may make two inquiries to determine whether an animal qualifies as a service animal:
 1. Whether the animal is required because of a disability; and
 2. What work or task the animal has been trained to perform.
- B. The District will not make either of these inquiries when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).
- C. An individual may choose to produce a county service dog license or identification tag as proof that the animal is a service animal. Licensure or certification is not required in order to meet the definition of service animal under this procedure. There are no licensing or certification requirements for miniature horses.

VII. No Surcharge

The District will not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for damage caused by pets, an individual with a disability may be charged for damage caused by his or her service animal.

VIII. Employees

Notwithstanding the above, for employees of the District, service animals shall be treated as a reasonable accommodation of a physical or mental disability in accordance with Administrative Procedure AP 3410.

AP 3551: Preserving A Drug Free Environment for Students

Board Policy 3550 requires the Peralta Community College District to maintain campuses where students are prohibited from the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances and from the use of alcohol.

- A. For purposes of this administrative procedure, campus shall mean those places where a student is engaged in an authorized college activity. The campus includes property owned or leased by the District; property used by the District for student participation in field trips, field study, athletic competition, or study travel programs; and District or private vehicles while being used for official District business.

- B. All students are required to comply with this procedure to remain in good standing and as a condition of continued attendance in any of the District's colleges. Any violation of this procedure will be cause for disciplinary action against the student, up to and including expulsion, and/or may require the student to participate satisfactorily in a substance abuse assistance or rehabilitation program. Student discipline shall be accomplished in accordance with the provisions of AP 5520 Student Discipline Procedures.

- C. Any student who needs information about substance abuse treatment may consult a counselor, who can provide the student with information about available treatment resources. The District does not provide substance abuse treatment.

- D. The Vice Chancellor of Academic Affairs (or designee), will ensure that the District's Drug Abuse and Alcohol Prevention Program (DAAPP) will be emailed to all students following the census deadlines for each term, each academic year to ensure all students receive the notification regardless of when they enroll. The notification will include the consequences of illicit drug and alcohol abuse violations on campus, including possible criminal sanctions and student disciplinary action up to and including expulsion pursuant to applicable state/federal law and District policy and administrative regulations. The purpose of such sanctions and discipline is to urge students to begin the personal process of rehabilitation. The notification will provide a list of campus and community resources available to all students, such as counseling and rehabilitation for persons with alcohol or drug-related problems.

- E. A review of the District's Drug Abuse and Alcohol Prevention Program (DAAPP) will occur biennially. The Vice Chancellor of Academic (or designee),

in coordination with the college Vice Presidents of Student Services, will be responsible for conducting the District's biennial review. The review will consist of an assessment from several sources, including, but not limited to, surveys of District students and employees and data-related to reports including alcohol and drug incidents that resulted in a criminal or disciplinary investigation.

2. A weapon may also include an object of any sort whatsoever which is used in such a manner as to indicate that the person using the object intends to inflict death or serious injury upon another person, or which is threatened to be used in such a manner, and which, when so used, is capable of inflicting death upon a human being.

C.  - B. The District is not following its enrollment procedures; or

Family Education Rights and Privacy Act of 1974 (Access to Educational Records)

In compliance with requirements established by the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380, as amended) and regulations in Title 5 of the California Administrative Code Chapter 6, Article 6, Berkeley City College hereby provides notice of procedures and policies regarding student access to education records maintained by and at the college. The college's procedures and policies must, of course, remain subject to any further modification made necessary or appropriate as a result of subsequent legislation or regulations.

Questions regarding the legislation and Berkeley City College's guidelines should be addressed to the Vice President of Student Services. Copies of the act and the regulations are available for review in that office.

The purpose of the Act, as it applies to Berkeley City College is two-fold:

1. To give presently or formerly enrolled Berkeley City College students access to their individual education records maintained at the college;
2. To protect such students' rights to privacy by limiting the transfer of their records without their consent.

The legislation states that an institution is not required to grant students access to certain materials which includes the following:

1. Information provided by a student's parents relating to applications for financial aid or scholarships;
2. Information related to a student compiled by a Berkeley City College employee;
 - a. that is appropriate for such officer or employee's performance of his or her responsibility,
 - b. that remains in the sole possession of the maker thereof.
 - c. that cites medical, psychiatric, or similar reports which are used solely in connection with treatment purposes and only available to recognized professionals or paraprofessionals in connection with such treatment (provided, however, that a physician or other professional of the student's choice may review such records),
 - d. that is maintained by a law enforcement unit; that is necessary and appropriate to enable such law enforcement unit to carry out its duties and responsibilities as required by law or which may be assigned by the district, and that such

Other District Policies and Procedures

law enforcement unit personnel do not have access to other student records, and that such information is kept apart from other student records, and that it is maintained solely for law enforcement purposes, and that is available only to other law enforcement officials of the same jurisdiction.

As required by the Act, the college reserves the right to publish at its discretion the following categories of information with respect to each student who is presently or has previously attended the college: the student's name, address, telephone listings, date and birth place, field of study, class schedule, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Students have a right to inform the college within a reasonable period of time that any or all of this so-called "directory information" should not be released without their prior consent. Berkeley City College has not published an "Information Directory" and should one be compiled in the future, a public notice of intent will be provided.

The legislation further identifies exceptions to the written consent of release of records. "Access" shall be permitted to the following:

1. School officials with legitimate educational interest to inspect a record;
2. Schools to which a student is transferring in connection with a student's application for, or receipt of, financial aid;
3. Specified officials for audit or evaluation purposes;
4. Appropriate parties in connection with financial aid to a student;
5. Organizations conducting certain studies for or on behalf of the school provided;
 - a. such studies are conducted in such a manner as will not permit personal identification of students or their parents by persons other than representatives of such organizations; AND
 - b. Such information will be destroyed when no longer needed for the purpose for which it is conducted.
6. Accrediting organizations carrying out accrediting functions;
7. To comply with a judicial order or lawfully issued subpoena;
8. Appropriate officials in cases of health and safety emergencies if the knowledge of such information is necessary to protect the health or safety of a student or other persons;

9. State and local authorities, within a juvenile justice system, pursuant to specific State law.

Finally, it should be noted that the scope of records maintained for students may vary greatly depending on individual circumstances. In some cases, student files do not contain many of the types of records listed above.

Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or Clery Act, codified at USC 1092(f) as part of Higher Education Act of 1965, is a federal law that requires all colleges and universities to keep and disclose information timely and annually about certain crime on and near their respective campuses.

These crime statistics can be found in the Peralta Community College Personal Safety Handbook, on the Peralta Community College District website: <http://peralta.edu>, and on the Alameda County Sheriff's Office website: <http://alamedacountysheriff.org>.

AP 3430: Prohibition of Unlawful Harassment

The District is committed to providing an academic and work environment free of unlawful harassment. This procedure defines sexual harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student or unpaid interns and volunteers within the District.

I. Definitions

- A. General Harassment
Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation of any person, or military or veteran status, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Harassment shall be found where, a reasonable person with the same characteristics as the victim of the harassing conduct would be adversely affected to a degree that interferes with his or her ability to participate in or to realize the intended benefits of an institutional activity, employment or resource.

Other District Policies and Procedures

For sexual harassment under Title IX, Complainants must proceed under BP 3433 Prohibition of Sexual Harassment under Title IX, AP 3433 Prohibition of Sexual Harassment under Title IX, and AP 3434 Responding to Harassment Based on Sex under Title IX. For other forms of sexual harassment or gender-based harassment, Complainants should use this procedure.

Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment if it meets the definition above. For example, repeated derisive comments about a person's competency to do the job, when based on that person's gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct that could, depending on the circumstances, meet the definition above, or could contribute to a set of circumstances that meets the definition:

- B. Verbal
Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person's race gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation or other protected status.
- C. Physical
Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation or other protected status.
- D. Visual or Written
The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics or electronic media transmissions..
- E. Environmental
A hostile academic or work environment may exist where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his/her/their immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.
- F. Sexual Harassment
In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from, or in, the work or educational setting when:
1. submission to the conduct is explicitly or implicitly made a term or condition of an individual's employment, academic status, progress, internship, or volunteer activity;
 2. submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
 3. the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment (as more fully described below); or
 4. submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college
 5. This definition encompasses two kinds of sexual harassment:
 - a. "Quid pro quo "sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's

willingness to engage in or tolerate unwanted sexual conduct.

- b. "Hostile environment" sexual harassment occurs when unwelcome conduct based on a person's gender alters the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single isolated incident of sexual harassment may be sufficient to create a hostile environment if it unreasonably interfered with the person's academic or work performance or created an intimidating, hostile, or offensive learning or working environment.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

II. Consensual Relationships

Romantic or sexual relationships between supervisors and employees, or between administrators, faculty members or staff members and students are discouraged. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty members or staff member must evaluate the student's or employee's work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees.

A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. 4. Within 30 calendar days of receipt, the Vice Chancellor of Student Services shall send a written determination to the student. The determination shall state specific facts on which the appeal decision was made.

G. Reclassification.

A student previously classified as a Non-resident may be reclassified as of any residence determination date. A residence determination date is that day immediately preceding the opening day of instruction for any session during which the student proposes to attend.

1. Petitions for reclassification are to be submitted to the District Office of Student Services.
2. Petitions must be submitted prior to the semester for which reclassification is to be effective. Extenuating circumstances may be considered in cases where a student failed to petition for reclassification prior to the residency determination date. In no case, however, may a student receive a Non-resident tuition refund after the date of the first census.
3. Written documentation may be required of the student in support of the reclassification request.
4. A questionnaire to determine financial independence must be submitted with the petition for reclassification. Determination of financial independence is not required for students who were classified as non-residents by the University of California, the California State University, or another community college District (Education Code Section 68044).
5. A student shall be considered financially independent for purposes of residence reclassification if the applicant meets all of the following requirements:
 - a. Has not and will not be claimed as an exemption for state and federal tax purposes by his/her parent in the calendar year prior to the year the reclassification application is made;
 - b. Has not lived and will not live for more than six weeks in the home of his/her parent during the calendar year the reclassification application is made.
6. A student who has established financial independence may be reclassified as a resident if the student has met the requirements

Other District Policies and Procedures

of Title 5 Sections 54020, 54022, and 54024.

7. Failure to satisfy all of the financial independence criteria listed above does not necessarily result in denial of residence status if the one year requirement is met and demonstration of intent is sufficiently strong.
8. Financial dependence in the current or preceding calendar year shall weigh more heavily against finding California residence than financial dependence in the preceding second and third calendar years. Financial dependence in the current or preceding calendar year shall be overcome only if (1) the parent on whom the student is dependent is a California resident, or (2) there is no evidence of the student's continuing residence in another state.
9. The Vice Chancellor of Student Services will make a determination, based on the evidence and notify the student not later than 14 days of receipt of the petition for reclassification.
10. Students have the right to appeal according to the procedures above.

H. Non-Citizens.

The District will admit any non-citizen who is 18 years of age or a high school graduate. If non-citizens are present in the United States illegally or with any type of temporary visa, they will be classified as non-residents and charged Non-resident tuition unless they meet the exceptions contained below.

1. If, for at least one year and one day prior to the start of the semester in question, a non-citizen has possessed any immigration status that allows him/her to live permanently in the United States and she or he meets the California residency requirements, the student can be classified as a resident.
2. Any students who are US citizens, permanent residents of the US, and aliens who are not non-immigrants (including those who are undocumented) may be exempt from paying Non-resident tuition if they meet the following requirements:
 - a. high school attendance in California for three or more years;
 - b. graduation from a California high school or attainment of the equivalent thereof;
 - c. registration or enrollment in a course offered by any college in the district for any term

commencing on or after Jan 1, 2002;

- d. completion of a questionnaire form prescribed by the Chancellor and furnished by the District of enrollment, verifying eligibility for this Non-resident tuition exemption; and
 - e. in the case of a student without lawful immigration status, the filing of an affidavit that the student has filed an application to legalize his/her immigration status, or will file an application as soon as he or she is eligible to do so.
3. The initial residency classification will be made at the time the student applies for admission. Students may file residency questionnaire forms through the third week of the semester to request a review of their residency status. Final residency determination is made by the Vice Chancellor of Student Services. Students may appeal the decision.

AP 4225: Course Repetition and Repeatable Courses

This procedure addresses all options per Title 5 regarding course repetition and repeatable courses, including:

- student repetition when a satisfactory grade was received;
- student repetition when a satisfactory grade was not received;
- courses per Title 5 which are determined to be repeatable; and
- active participatory credit courses in physical education and visual or performing arts that are related in content.

A. Alleviate Substandard Academic Work [55040(b)(2), 55042]

1. A student may petition for approval to repeat a course when a student was awarded a substandard grade (less than "C", and including "FW") or received a "W". Per Title 5 regulations, the student can only repeat the course twice (thus can only take the course three times).
2. When a student repeats a course to alleviate substandard academic work, the previous grade and credit will be disregarded in the computation of the grade point average.
3. Courses that are repeated shall be recorded on the student's permanent academic record using the appropriate symbol.
4. Annotating the permanent academic record shall be done in a manner that all work remains legible, insuring a true and complete academic history.

Other District Policies and Procedures

5. Nothing can conflict with Education Code Section 76224 pertaining to the finality of grades assigned by instructors, or with Title 5 or district procedures relating to retention and destruction of records.
- B. Withdrawal [55024]
1. As noted above in section A, when a student withdrew from a course and received a "W" the student may petition to enroll again in the credit course. The maximum a student can repeat a course when a "W" or when a substandard grade was received is twice (thus a student can only take the course three times)
 2. The "W" shall not be used in calculating GPA, but must be used in determining probation and dismissal.
 3. Military withdrawal, withdrawals due to extraordinary conditions (58509), and withdrawals where the district determines discriminatory treatment has occurred do not count toward these enrollment limits.
- C. Significant lapse of time [55040(b)(3), 55043]
1. A student may petition to repeat a course when the student received a satisfactory grade the last time the student took the course but where there has been a "significant lapse of time" of no less than 36 months.
 2. However, repetition of a course for "significant lapse of time" can occur only if there is a properly established recency prerequisite for the course or program pursuant to Title 5 section 55003, or
 3. Another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating a specific course. Repetition is allowed even where less than 36 months has elapsed, if the student provides documentation that repetition is necessary for the student to transfer to the institution of higher education.
 4. The previous grade and credit will be disregarded in computing the student's GPA.
- D. Recency Requirement at an Institution of Higher Education [55040(b)(3), 55043]
1. As noted above in section C, a student may petition to repeat a course when "another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question."
 2. The student must provide documentation that repetition is necessary for the student to transfer to the institution of higher education.
 3. The previous grade and credit will be disregarded in computing the student's GPA.
- E. Legally Mandated [55040(b)(8)]
1. A student may petition to repeat a course not marked as repeatable "in instances when such repetition is necessary for the student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment."
 2. Such courses may be repeated for credit any number of times as legally required.
 3. Students must certify or provide documentation that course repetition is legally mandated.
 4. The grade received each time shall be included for purposes of calculating the student's grade point average.
- F. Significant Change in Industry or Licensure Standards [55040(b)(9)]
1. A student may petition to repeat a course "as a result of a significant change in industry or licensure standards such that repetition of the course is necessary for the student's employment or licensure."
 2. The student must certify or provide documentation that there has been a significant change in industry or licensure necessitating course repetition.
 3. The grade received each time shall be included for purposes of calculating the student's grade point average.
- G. Extenuating Circumstances [55040(b)(5), 55045]
1. A student who has earned a satisfactory or substandard grade may petition to repeat a course due to an extenuating circumstance—verified cases of accidents, illness, or other circumstances beyond the student's control.
 2. The previous grade and credit will be disregarded in the computing of the student's grade point average.
 3. This does not apply to courses designated as repeatable.
- H. Occupational Work Experience [55040(b)(6), 55253]
1. Students may repeat all types of Cooperative Work Experience Education, but shall not exceed 16 semester units, subject to the following limitations:
 - a. General Work Experience Education: a maximum of 6 semester credit hours may be earned during one enrollment period in general work experience education.
 - b. Occupational Work Experience Education: a maximum of 8 semester credit hours during one enrollment period in occupational work experience education.
 2. The grade each time shall be included for the purpose of calculating the student's grade point average.
- I. Variable Unit Open-Entry/Open-Exit Courses [55040(b)(4), 55044]
1. A student is permitted to enroll in a variable unit open-entry/open-exit course as many times as necessary to complete the entire curriculum of the course once.
 2. A student may petition to repeat a portion of such a course if the student has received a substandard grade. See section A above.
 3. Under no circumstances may a portion of a physical education course be repeated.
- J. Special Classes for Students with Disabilities [55040(b)(7)]
1. A student with a disability may repeat a special class for students with disabilities any number of times based on an individualized determination that such repetition is required as a disability-related accommodation for that particular student for one of the reasons specified in Title 5 section 56029.
 2. The previous grade and credit may be disregarded in computing the student's grade point average each time the course is repeated. All prior work must remain legible on the student's academic record to ensure a true and complete academic history.
- K. Courses Required by CSU or UC for Completion of a Bachelor's Degree [55040(b)(1), 55041(a)(1)]
1. A course may be designated as repeatable if repetition of that course is required by CSU and/or UC for completion of a bachelor's degree.
 2. The district must retain supporting documentation that verifies that the repetition is necessary to meet the major requirements of CSU or UC for completion of the bachelor's degree. The supporting documentation must be retained by the district as a

- Class 3 record basic to audit as required by Title 5, 59020 et seq.
- In most cases, the limit will be four (4) semesters.
 - The grade received each time shall be included for calculating the student's grade point average.
- L. Intercollegiate athletics [55040(b)(1), 55041(a)(2)]
- A student may repeat a course in which student athletes enroll to participate in an organized competitive sport sponsored by the district or a conditioning course which supports the organized competitive sport.
 - There is a limit of 350 contact hours per year per sport (of the 350 hours, up to 175 contact hours in courses dedicated to the sport and 175 contact hours in courses that focus on conditioning or skill development for the sport) or the participation of a student for up to four.
 - Semester enrollments in the course [58161(d), 58162].
 - The grade received each time shall be included for calculating the student's grade point average.
- M. Intercollegiate Academic or Vocational Competition [55040(b)(1), 55041(a)(3)]
- A student may repeat courses that are designed specifically for participation in non-athletic competitive events between students from different colleges.
 - The outcomes of the course must be tied to the student's participation in the competition.
 - The event must be sanctioned by a formal collegiate or industry governing board.
 - A student is permitted four (4) semesters of enrollment in one single course or a combination of courses that are related in content.
 - The enrollment limits apply even if the student receives a substandard grade or a "W" during one of the enrollments or petitions due to extenuating circumstances as provide in Title 5, 55045.
 - The grade each time shall be included for calculating the student's grade point average.
- N. Active Participatory Courses in Physical Education, and Visual or Performing Arts That Are Related in Content [55040(c)]
- A student is not permitted to enroll in active participatory courses (those courses where individual study or group assignments are the basic means by which learning objectives are obtained) in physical education,

Other District Policies and Procedures

- visual or performing arts that are related in content more than four (4) times [four courses].
- A course related in content includes any course with similar primary educational activities in which skill levels or variation are separated into distinct courses with different student learning outcomes for each level or variation.
 - The limitation on enrollment applies even if a student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstance.
 - All grades and credits received count in calculating the student's grade point average.
