Peralta Community College District's (PCCD) High School Dual Enrollment Program is designed for students who may not already be college bound or who are underrepresented in higher education, with the goal of developing seamless pathways from high school to community college for career technical education or preparation for transfer, improving high school graduation rates, or helping high school pupils achieve college and career readiness.

High school students enrolling in a college level course must meet course requirements. The student must follow all the regulations and policies of the college, including adhering to any prerequisite requirements.

Dual Enrollment high school students are exempted from paying the California Community College enrollment fees and all other fees. *High school students enrolled in __more than__ 15.0 units per semester are required to pay enrollment and all other mandatory fees.* (See the current PCCD class schedule for current fees.)

By signing the High School CCAP Dual Enrollment Form, the student's parent/guardian is indicating agreement with, and giving consent for, their student's participation in any of the courses offered at the student's high school, another high school, or at any of the four Peralta Community College District colleges (Berkeley City College, College of Alameda, Laney College and Merritt College). This applies to the years the student is enrolled in any of the School District high schools.

CCAP Dual Enrollment college classes are Peralta College (PCCD) classes. The grade received will appear on the student's official PCCD college transcript and the student's high school transcript. The grade received will be part of the student's permanent college transcript, even if they transfer. The grade will count toward financial aid eligibility should the student decide to attend a PCCD college or another institution of higher education.

Steps to Enroll in the High School Dual Enrollment Program:

1. Go online to Peralta.edu and click "Apply and Enroll" to complete a Peralta Admission application.
2. Consult your high school counselor to find out which Dual Enrollment course(s) are being offered and choose the course you would like to take.
3. Get your parent/guardian's approval to enroll in a college class and have them sign this form (this is only done once during your high school career.)
4. Complete the rest of the section "High School Student's Information."
5. If the CCAP DE course has a pre/co-requisite, follow the instructions to seek eligibility.
6. Review your rights with respect to your education records and disclosures of information at http://web.peralta.edu/admissions/official-transcript-request/verificationsrelease-of-information/ferpa-2/.
7. If you would like your parent to be able to conduct business for you or request information on your behalf complete the Authorization for Release of Student Records form.
8. Submit your Dual Enrollment Form by the deadline to an approved high school official who is managing college courses on your high school campus.

Units earned will be granted as college credit. It is the high school district's prerogative to grant high school credit for courses taken in the Peralta Colleges. The Peralta District's Office of Institutional Research will send grades data to the School District upon completion of each semester.
