

Refund/Repayment Policy

PCCD specifies the circumstances in which tuition refunds can be made. The full refund policy is found in the College Catalog.

For students receiving financial aid who officially withdraw from the College and if the student has a credit balance, the necessary credit will be applied to the financial aid funds. The refund must first be applied to the Financial Aid programs in the following order:

1. Pell - Repayment of a portion of the funds received will be required if a student stops attending classes before the 60% point of the term.
2. SEOG – Repayment of a portion of the funds received will be required if a student stops attending classes before the 60% point of the term.

Scholarships, State Grants, Institutional Grants, require no repayment. Work-study funds are paid for work performed, and no repayment is required.

Students are not allowed to receive official transcripts and enroll in future if they have an outstanding balance.
