

# When you first get your Student EasyPass

---

- Register your Card at [clippercard.com](http://clippercard.com) to protect your Card's added value (cash and other agency fares or passes in addition to your EasyPass).
- Save your Card number in case you lose your Card.
- Tag your Card on the bus so it will be ready when you are; tag at least once within the first six months to keep your Card active.
- Keep your Card long-term. Your EasyPass will be active as long as you qualify, even if you return from a break from school.
- Keep your Card safe and secure. It's only for you.
- Download the official AC Transit mobile app at [actransit.org/app](http://actransit.org/app) for quick access to finding your bus stop, real-time bus arrival predictions, and customer service – do not put your EasyPass on your phone, however, as your EasyPass Clipper Card will stop working!

Visit [actransit.org](http://actransit.org) for trip planning and more.  
Get going with your EasyPass!
