# Peralta Community College District 

## OFFICE OF THE CHANCELLOR

September 13, 2010

I am submitting this Final Budget for fiscal year 2010-11 for the consideration of the Peralta Board of Trustees.

The State of California continues to be in a position of fiscal distress. With a projected budget deficit of $\$ 19.1$ billion dollars, anticipated cash shortfalls beginning later this month, and the failure to pass a budget within statutory requirements make the District's financial conditions all the more uncertain.

The Governor's initial and revised budget for community colleges contained the following key proposals: growth funding of $2.21 \%$, reductions in funding for EOPS and Part-Time Faculty categorical programs, negative cost-of-living of $.39 \%$, and significant modifications to the CalWORKs programs. As the budget moved to the Conference Committee all the reductions proposed and program modifications were rejected. The Conference Committee did support the growth funding proposed. Due to the evolving and dynamic nature of the State's budget process, none of these proposals have been incorporated into the District's Final Budget. When the State's budget is enacted this Final Budget will be adjusted accordingly and be brought before the Board of Trustees.

Given these uncertainties, this Final Budget that I am recommending for fiscal year 2010-11 reflects known challenges as the State continues with its slow economic recovery. The District is facing a reduction in funded FTES implemented in 2009-10, the continued cuts to various categorical programs implemented in 2009-10, the lack of one-time federal ARRA funds, increases in health and benefits costs, and principal and interest payments for our Other PostEmployment Benefit (OPEB) bond payments due. It is critical at this point that we take all reasonable and necessary measures to improve and stabilize our financial health and wellbeing.

In summary, we are facing unparallel challenges in the 2010 fiscal year. The District must address its own internal problems while waiting for the State of California to alleviate its growing budget deficit. Fortunately, the District began to address its own problems during the 2009 fiscal year. This Final Budget is a continuation of that effort, which closes the approximately $\$ 6,648,000$ spending gap, provides funds for bond redemption and debt service for the OPEB bonds, and a reserve budget of $5.3 \%$. Although this Budget does not address all of the problems, it is a strong step forward.

Sincerely,

Wise E. Allen, Ph.D.

## PRINCIPLES OF SOUND FISCAL MANAGEMENT (California Code of Regulations, Title 5, Section 58311)

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy- and decision-making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.
11. District financial planning will include both short-term and long-term goals and objectives, and broad-based input, and will be coordinated with district educational planning.
12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments.

Approved by SMT (8/5/10)

The following are the Peralta Community College District's short-term objectives set by the Strategic Management Team for Academic Year 2010-11 (July 1, 2010 - June 30, 2011) which will be evaluated in Summer 2011.

Strategic Focus for 2010-11: Given the state of the economy and State budget, our focus this year will be on student success in the core educational functions of basic skills, transfer, and CTE by encouraging transparency and communication and on spending within an established budget.

| Strategic Goals | 2010-11 Annual Institutional Objectives |
| :--- | :--- |
| A: Advance | A.1Access: Strategically focus access to programs and <br> Student Access, <br> Equrse offerings in the essential areas of basic skills, CTE, <br> End transfer and manage enrollment to stay within the <br> Success |
| state allocation of 19,950 FTES. In addition, increase |  |
| access to educational opportunities by leveraging contract |  |
| education, fee based instruction, distance learning, and |  |
| international and out-of-state enrollments. |  |$|$| A.2Success: Identify institutional, instructional, and student <br> support changes and develop an implementation plan to <br> improve by 10 percentage points, student success rates <br> and movement through_basic skills/foundation course <br> sequences by 2014-15. |
| :--- |
| B: Engage and |
| A.3Equity: Identify and plan for design and structural changes <br> to reduce the fall to fall persistence gap among major <br> ethnic groups to less than 2 percentage points by 2014-15. |
| Partners | B.1 | Partnerships: Leverage, align, and expand partnerships |
| :--- |
| for improved student learning and success in core |
| educational functions. |

\begin{tabular}{|c|c|c|}
\hline \& C. 3
C. 4

C. 5 \& | Accreditation: Respond proactively to all accreditation requests and achieve compliance with all standards. |
| :--- |
| Create Alternatively Designed Programs: At each college, create or expand a program exemplifying an alternative design with promise for substantially improving student success; engage the campus community to stimulate out-of-the-box thinking and action for student success. |
| Leverage Technology: Adapt and expand the use of technology as a means for improving student access, learning and success. | <br>

\hline D: Create a Culture Innovation and Collaboration \& D. 1

D. 2

D. 3 \& | District-Wide Collaboration: Implement improvements to the Planning-Budgeting Integration Model: a) improve coordination and communication between PBI committees and between district planning and budget integration with that at the colleges; b) ensure PBI committees set and achieve key milestones; and |
| :--- |
| c) maintain a strategic-level focus on improving student learning and success. |
| Lower Structural Barriers to Faculty Collaboration: Identify and implement ways to reduce structural silos to enable faculty collaboration and innovation teams. |
| Use Technology in Redesign of Educational Experiences: Enable more efficient and deeper student learning and student success through the creative use of technology. | <br>

\hline E: Develop and Manage Resources to Advance Our Mission \& E. 1

E. 2 \& | FTES Target: Achieve state allocated FTES target for the district of 19,950 FTES and attain a productivity level of at least 17.5 FTES/FTEF. |
| :--- |
| Focus Budgeting on Improving Student Success through Support for Structural Changes: Respond to projected deficits and budget cuts by designing budgets that a) are based on program review and strategic directions; b) improve student success through support for high-impact structural changes; c) create efficiencies by sharing of positions, facilities and other resources within and across the colleges; e) consider the total cost of programs and support activities; and f) shift resources to core educational functions. |
| Accreditation: Bring into compliance with standards all aspects in the finance and budgeting area. | <br>

\hline
\end{tabular}

| E.4 | Alternative Resources: Increase alternative funding by <br> 20\% over 2009-10 through a variety of methods <br> including gifts and grants, contract education, fee <br> based, fundraising, international and out-of-state <br> enrollments, and focus this funding on improving <br> student success. |
| :---: | :--- | :--- |
| E. 5 | Fiscal Stability: Implement comprehensive <br> improvements to the financial management systems of <br> the district and make budget and finance information <br> transparent and accessible to internal stakeholders. |
| E.6Balance the Budget: Create a balanced budget and <br> ensure that expenditures for all cost centers stay <br> within the established budget. |  |

## DESCRIPTION OF FUNDS

The following is a brief discussion of the funds included in the District's 2010-11 Adopted Budget:

## DISTRICT OPERATING BUDGET-GENERAL FUND UNRESTRICTED (Pages 15-21)

The 2010-11 General Fund Unrestricted accounts for all the revenues and expenditures that are used for financing the general operations of the district. General operations include areas such as instruction, student services, administration, and maintenance and operations.

There are three major sources of revenue that provide the resources necessary to fund the general operations of the District. These major sources are general apportionment, local property taxes, and enrollment fees and tuition that account for approximately $97 \%$ of the revenue budgeted.

Full-Time Equivalent Students (FTES) is the primary workload measure used by the state to determine the total revenue from these sources the district is to receive. For this fiscal year, the funded FTES level provided from the State is 19,010.52 FTES. Should the state provide funding for enrollment growth, this funding would be for FTES's over this amount. If enrollment growth is not funded then students served and FTES generated in excess of 19,010.52 would not be funded and the associated costs would be absorbed within existing resources. A summary of funded and generated FTES is below.

The locations to which the expenditure budgets are allocated are listed below:

| District Office | Page 17 |
| :--- | :--- |
| College of Alameda | Page 18 |
| Berkley City College | Page 19 |
| Laney Colllege | Page 20 |
| Merritt College | Page 21 |

## GENERAL FUND RESTRICTED (Pages 22-23)

The 2010-11 General Restricted Fund accounts for the revenues and expenditures for the operation and support of programs that are specifically restricted by laws, regulations, donors, or other funding terms and conditions.

## SPECIAL REVENUE FUND (Page 24)

The Special Revenue Fund is established in accordance with the State Budget and Accounting Manual for budgeting and accounting for revenue received and expenditures in support of contractual services provided by the colleges that are not integral to the general operations of the district.

## CAPITAL OUTLAY PROJECTS FUND (Page 25)

The Capital Outlay Projects Fund is used to accounts for the proceeds from the sale of bonds and to be used for the acquisition or construction and all expenditures of authorized projects.

## OTHER POST EMPLOYMENT BOND RESERVE FUND (Page 26)

The Other Post Employment Bond (OPEB) Reserve Fund is used to accounts for resources and expenditures toward current and future liabilities related to health benefits for retirees.

## BOND INTEREST AND REDEMPTION FUND (Page 27)

The Revenue Bond Interest and Redemption Fund is designated to be used to record and pay the principal and interest payments for bonds issued under the provisions of Education Code 81901.

## CHILD DEVELOPEMNT FUND (Page 28)

The Child Development Fund accounts for the revenues and expenditures for the operations and support of child care and development services. Sources of revenue within this fund include Federal grants, State grants, and parent fees.

## PARKING FEE FUND (Page 29)

The Parking Services Fund is used to account for the revenues received from parking fees collected as authorized by Education Code Section 76360 and expenditures in support of parking services provided to students and employees.

## STUDENT CENTER FUND (Page 30)

The Student Body Center Fee Trust Fund is used to account for funds collected by the District for the purpose of establishing an annual building and operating fee to finance, construct, remodel, refurbish, and operate a student center.

## SELF-INSURANCE FUND (Page 31)

The Self-Insurance Fund accounts for the resources and expenditures of the District's self-insured property and liability and workers' compensation programs.

## STUDENT FINANCIAL AID FUND (Page 32)

The Student Financial Aid Fund is used to account for the deposit and direct payment of government-funded student financial aid, including grants and loans or other funds intended for student support and aid.

## PRINCIPLES AND ASSUMPTIONS CONTAINED WITHIN THE ADOPTED BUDGET

The District's 2010-11 Adopted Budget is distributed among several funds. The purpose and function of each fund is to account for different activities that contribute towards the overall operations of the District.

In general the 2010-11 budget has been constructed based upon the following guiding principles:

- Fund to the greatest degree possible the strategic goals and short-term institutional objectives outlined for 2010-11
- Avoid further layoffs, if possible, of permanent full time employees
- Maintain and manage FTES. It is important that this be maintained and managed (not too much over our funded cap) to avoid further reductions
- Maintain compliance with the $50 \%$ law unless this is waived. ED Code 84362 requires that Districts spend at least $50 \%$ of their current expense of education on classroom salaries and benefits
- Maintain the mission of each entity within the District and ensure that each expenditure is mission critical

Overall, the 2010-11 Unrestricted General Fund budget is $\$ 10.1$ million less than the 2009-10 Adopted Budget. This reduction is in part due to:

- Reduction in hourly instructional budgets of $\$ 3$ million
- Staff reductions of $\$ 848,000$
- Employee attrition of $\$ 1$ million
- Reduction of discretionary budgets of $\$ 6.5$ million
- Employee furlough savings of $\$ 1.3$ million

In addition to these reductions, the 2010-11 budget had provided for known cost increases. Significant anticipated cost increases include:

- Health benefit increases of approximately $10 \%$
- Required employer PERS contribution increase of $10 \%$
- Principal and interest OPEB bond payments of $\$ 7.2$ million
- Step and column increases for all qualifying employees
